COFFEE—Very little is doing to-day to Rio. The mails per St. James at hand this morning. There seems to be no doubt of the prevalence of the cholera in Rio de Janeiro. By an extract of a private letter from a respectable source dated Rio de Janeiro Sept. 1, we have the following: "Cholera is playing the wholesale with the negroes, and we are too busy to afford the loss of any of ourselves. We have ten negroes down with cholera, and if it comes badly people will clear out. You never saw more frightened people than Rio contains at present." Our market closes devoid of any activity; there is still but a light stock offering—not over 7,000 bags; sales of 150 Mas Java at 10½c., 50 bags St. Domingo at 9½c. and 50 bags Rio at 11½c.
