Wooden Buildings.

As there seems to be some misconception regarding the ordinance which prohibits the erection of wooden buildings in certain specified limits of the city we republish the second section of the ordinance:

SEC. 2. That from and after the passage of this ordinance it shall not be lawful for any person, or persons, to erect, construct, enlarge, or remove from one place to another, or cause to be erected, constructed, enlarged or so removed any wooden or frame building within the block or area of the city of Lancaster, limited as follows: Commencing at the corner of Mulberry and Walnut street, thence out Walnut street to the New Holland turnpike road, along said turnpike to Shippen, up Shippen to East King street, up East King to Church street, down Church to German street, down German to Water street, up Water to Vine street, up Vine to Mulberry street and thence northward along Mulberry street to the place of beginning; *Provided*, that a privy, or otherwise necessary house, no larger than ten feet square and nine feet high may be erected.

Some persons construe the words "otherwise necessary house" to give them warrant for erecting a ten-feet-square building to be used for any purpose they may deem necessary. The mayor holds that the words "necessary house" are only another name for "privy," and that no wooden building can be lawfully erected within the prescribed limits, to be used for any other purpose; and that the ordinance as thus construed shall be strictly enforced.

LANCASTER CLASSIS.

St. Luke's Chapel—Pastoral Relation Dissolved.

Lancaster classis of the Reformed church met in St. Luke's chapel, this city, this morning to consider the question of dissolving the pastoral relation between Rev. J. F. Wiant and St. Luke's Reformed chapel, and to dismiss Rev. J. F. Wiant to Clarion classis, Pittsburgh synod. After due consideration of the matter the pastoral relation was dissolved and Rev. Wiant dismissed. His resignation as treasurer of Lancaster classis was tendered and accepted, and Rev. J. H. Dubbs, D. D., appointed treasurer for the unexpired term.

At a meeting of the congregation of St. Luke's held a few day ago, Rev. W. F. Lichliter, of Virginia, was elected to the pastorate and it is probable he will accept.

Strike at Safe Harbor.

The puddlers at Safe Harbor iron works struck yesterday for an increase of wages. The works are now closed and about 150 men are thrown out of employment. We have not learned the amount of increase demanded by the puddlers, but it is asserted by them that the pig iron at the mills is of such a character that they cannot turn out more than 2,600 and 2,800 pounds of iron at a run, whereas they ought to be able to turn out 4,000 or 4,500 pounds.

It is to be hoped the difficulty between the proprietors and the workmen may be soon adjusted and that Safe Harbor may not be allowed to fall back into the almost stagnant condition in which it has lain for so many years.

Where an Improvement Might be Made.

There is one passenger train on the Reading railroad which runs between this city and the Junction, on which there is a great deal of travel, and its arrangements are certainly very inconvenient to the people of Lancaster. It leaves the outer depot, which is at least a mile from the centre of the city, shortly before 1 o'clock in the afternoon, and returning it arrives at the same depot at 2 o'clock. It stops there instead of running on down to the King street depot, which it might do as easily as not. All other trains on this road run down town and if the railroad company could be pursuaded to do the same with this one it would be a great convenience to the traveling public.

An Explanation.

Ex-Street Commissioner Charles Schwebel desires us to say he is not the man who was one of the petitioners in the Seventh ward contested election case, and that his vote was not declared illegal by the court. On the contrary he is a legal voter and was opposed to contesting Constable Merringer's election. It was his son Charles W. Schwebel who was the petitioner and who acted against the advice of his father in the matter.

Paying the Costs.

The county treasurer has been paying the commissioners, constables and witnesses their fees in the late contested election for constable of the Seventh ward, and about two-thirds of the costs taxed have been already paid. The only gratifying feature in the case is that the costs are much less than they were supposed to be. It is believed now that they will not exceed $700.

International Money Orders.

The exchange of international money orders between the United States and France and Algeria, will commence on the 1st of April, 1880.

Lancaster city postoffice has been designated by the postmaster general as a French international money order office, to commence business on that date.

Funeral.

The funeral of Charles E. Powden, who died on Monday, took place this afternoon. Inland City lodge, No. 88, and Inland City Division, Uniform Rank, Knights of Pythias, of which deceased was a member, attended, headed by Clemmens's City band. The interment was made at Woodward Hill cemetery.

Arm Broken.

Mrs. Elizabeth Styer, wife of Jonathan Styer, of South Water street, slipped on South Prince street this morning, while on her way home from market, and, falling, broke her right arm in two places. Dr. Yeagley attended her. A piece of orange peel caused the accident.

Drunk and Disorderly.

Ellen Stewart, colored, of Middle street, was arrested last night for being drunk and disorderly, by Officer Merringer, and was held in bail for a hearing before Alderman Donnelly of the Seventh ward.

Good Sale of Tobacco.

Abraham, Miller of Providence township, sold ¾ acre of tobacco to Bamberger & Co. for 23, 8 and 5, amounting to over $300.

Argument Court.

In court yesterday the exceptions to the auditor's report in the estate of Lizzie Mullen, deceased, were argued.

SABBATH SCHOOL CONVENTION.

Invitation to State Sabbath School Executive Committee.

Pursuant to a call issued, delegates from about a dozen Sabbath schools of this city, numbering forty or fifty persons, met in the rooms of the Y. M. C. A. last evening. Several schools were not represented, but word was sent by them that they would co-operate in any action taken by the meeting.

After an interchange of views it was unanimously voted to extend an invitation to the executive committee of the state Sabbath school association to hold their next state Sabbath school convention in this city, some time during the coming autumn.

It was also resolved that a committee of five, of which Harry C. Moore shall be chairman, be appointed, to be known as the entertainment committee, with authority to appoint sub-committees in the several churches of the city.

A Destitute Family.

Mrs. Baxter, residing at the corner of Rockland and Middle streets, is in a very destitute condition. She has been confined and there is scarcely anything in the house. Complaint was made before Alderman Donnelly, of the Seventh ward, and it is hoped that the directors of the poor will take charge of this woman, whose husband is not at home.

The School Board.

A special meeting of the Lancaster city school board will be held to-morrow evening at 7 o'clock.

A Handsome Store.

Among the business men who have changed their location recently, none have bettered themselves more or made their store room more attractive than Phares W. Fry, dealer in paper hangings, window shades, &c. Before moving into his new store, No. 57 North Queen street, he had it newly painted and papered, and elegantly fitted with cases and shelving especially adapted to his trade; and to his large stock of goods he added full lines of the many new and costly styles of wall decorations and window curtaining that have recently come in vogue, including cornices, cornice poles and fixtures of new and improved design. A novelty lately introduced is an extension cornice, easily put up and taken down and adjustable to windows of any width. A new feature added to Mr. Fry's trade is a fine assortment of plate glass mantel and pier mirrors, in beautiful frames. His store is one of the most beautiful in the city, and Mr. Fry is one of the most popular and obliging of storekeepers.

The Human Body.

To-morrow evening Dr. C. A. Greene will deliver in the opera house the first of a series of lectures on physiological subjects. The recent prosecution of Dr. Greene, at the instance of the Lancaster medical society, has created in the public mind a desire to see and hear what manner of man the doctor is. The witnesses against him were nearly all doctors and they bluntly accused him of quackery and charlatanism. When Dr. Greene produced his diploma, granted by Pittsfield, Mass., college, some of the medical gentlemen hinted that it was bogus and others said they had never heard of the college from which it is purported to have been issued. The existence of the college and the genuineness of Dr. Greene's diploma can be easily established. Even since Dr. Greene's prosecution, it has been ascertained that Dr. Eckert, of this county, graduated at Pittsfield college in 1855; that the distinguished writer Dr. J. G. Holland graduated there in 1842, that Gov. George Briggs, of Mass., was one of the trustees, and that Dr. Oliver Wendell Holmes was granted by the college an honorary degree. As the Lancaster doctors have taken liberties with Dr. Greene's good name, he will probably "make it pleasant for them" in his lectures.

Amusements.

"Hamlet" To-night.—Our readers should bear in mind the treat that is offered them in the appearance at Fulton opera house this evening of the distinguished actor, Lawrence Barrett, in Shakspeare's tragedy of "Hamlet." It has been a rare privilege that has favored the people of Lancaster in the opportunity accorded them of seeing in a single season three such eminent Shakspearean artists as Miss Neilson, Miss Anderson and Mr. Barrett, and in the fitness of things it is to be hoped that the latter will receive a welcome similar to that which greeted the first two named.

An Editor in Luck.

ST. JACOB'S OIL cures Rheumatism: of this I am convinced. For two years I suffered with Rheumatism in my left shoulder and right arm, and last fall I was incapable of attending to my duties, and lay many a night unable to sleep on account of terrible pains. A few weeks ago a severe attack of this trouble struck me, and this time I concluded to try ST. JACOB'S OIL, I must acknowledge, with but little confidence in its merits. I freely confess that the result has completely astonished me. The first application relieved the pain very materially, and the continued use of only two bottles has completely cured me of this chronic evil, and that, after the most eminent physicians and their prescriptions had been of no avail. I therefore consider it a duty to publish the above for the benefit of all sufferers with Rheumatism and kindred complaints.

G. A. HEILMAN,
Editor Republican, Pittsburgh, Pa.

And, infinitely more than this,
Give light and color to a kiss.

"MAMMA, it is time to take that medicine." The medicine referred to was Dr. Browning's C. & C. Cordial. With its wonderful healing properties it is pleasant to the taste, and children learn to love it. What is more desirable when a child is sick than to have it take medicine; and where, in many cases, will you find more trouble. Children are very susceptible to coughs and colds, and Dr. Browning's C. & C. Cordial will do more good quickly and thoroughly than any medicine known. Manufactured and for sale by the proprietor at 1117 Arch street, Philadelphia, and sold by all druggists. Price only 50c.

Difficulty of Obtaining Port Wine.

The difficulty of obtaining a pure Port Wine for sickness is one great cause why physicians refuse to prescribe it where they know it would benefit their patient, because they fear that some poisonous mixture will be given them instead of Port Wine, and the injury be irreparable. California wines are being terribly mixed and adulterated with alcohol and water and other ingredients to make it cheap, so as to bring a greater profit from the sales. The most excellent and finest Port Wine is made in New Jersey, from the Oporto Grape, by Alfred Speer, and has become the most reliable wine for Hospital and Communion purposes. This wine has been thoroughly analyzed, and is pronounced by chemists to be the pure juice of the grape, and to contain the most valuable medicinal properties. It is sold by druggists, who purchase direct from Mr. Speer's Vineyards in New Jersey.—*Evening Post.*

The above wine has become in great demand in New York and Brooklyn for Communion and Hospital use. This wine is endorsed by Drs. Atlee and Davis and sold by H. E. Slaymaker.

Shiloh's Consumption Cure is guaranteed to cure them. Price 10 cents, 50 cents and $1. For lame Back, Side, or Chest, use Shiloh's Porous Plaster. Price 25 cents. Sold by D. WEDNESDAY EVE'G, MARCH 24, 1880.

WEATHER INDICATIONS.

WASHINGTON, March 24.—For the Middle and South Atlantic states, colder clear or partly cloudy weather, northwest veering to northeast winds, and rising barometer.

CONGRESS.

A New Librarian for the Senate.

WASHINGTON, D. C., March 24.—In the Senate a resolution reported by Mr. Hill (Ga.), from the committee on contingent expenses, for the appointment of an assistant librarian for the Senate, was discussed. Mr. Edmunds opposed it, saying the library had been satisfactorily administered by one librarian up to March 4th, 1879, and the present inconvenience was a result of the policy of turning out tried and efficient officers and replacing them by political favorites.

Messrs. Davis (W. Va.) and Hill (Ga.) spoke of the need for the present increase. After discussion the resolution was passed.

The bill incorporating the "National Educational association" was then again taken up. Mr. Carpenter opposed the national educational bill as unconstitutional.

The morning hour having expired, the Geneva award bill was taken up and Mr. Kernan spoke upon it.

Mr. Kernan supported the committee bill, holding that the insurer should stand in the same position toward the fund as the insured owners would have stood had they not been insured.

A Point of Order in the House.

In the House, after discussion on Mr. McLane's motion, made yesterday, that the bill introduced by Mr. Townsend on Monday and referred to the committee on revision of laws be taken from that committee and referred to the committee on ways and means, the speaker submitted the question to the House whether the journal of yesterday must be read before journal of Monday be approved.

Mr. Springer raised the point of order that it was the duty of the chair to decide the point.

The speaker replied that he desired a construction of the House on the point of order and submitted the question whether yesterday's journal should now be read.

The vote resulted: yeas, 115; nay, 127. All the Republicans voted nay, but several Democrats voted with them.

Further discussion and numerous points of order were raised, and the debate continues.

PENNSYLVANIN TRAGEDIES.

Terrible Accidents and Crimes.

Near East Branch, Benson Lewis, in attempting to slide down a log chute, was crushed to death by the heavy timbers.

Mrs. Mary Agnes Irvin Sneathen, aged 18, and a bride of five months, committed suicide in Pittsburgh, yesterday, by shooting herself through the head at her boarding house. Her husband found her with her brains oozing out. Various causes are assigned for the deed and denied. She was a noted beauty, and the tragedy is very mysterious.

Wife Murder and Suicide.

At Lawrenceville, Tioga County, twenty miles from Elmira, yesterday afternoon, Sidney Green shot his wife, then himself, both dying instantly. They were married six years ago. Shortly after their marriage Green began to abuse his wife and she went West. Returning the former part of this month, Green sought an interview with her at the house of a friend and soon after shot her five times. On being pursued he shot himself in the head.

THE FATHER OF WATERS.

A System to Regulate the Stage of Water in the Mississippi River.

WASHINGTON, March 24.—The House committee on commerce concluded to-day the hearing (commenced yesterday) on the subject of the proposed system of reservoirs by which the high and low stages of water in the Mississsippi river are to be regulated. The importance of adopting the plan and its feasibility and cheapness were set forth by Mr. Walker, of Minnesota, and Representatives Washburn, of Minnesota, and Williams, of Wisconsin.

MADEIRA AND MAMORE.

Loan for the Construction of the South American Railway.

LONDON, March 24.—Of the Bolivian loan for the construction of the Madeira and Mamore railway, to restore which to the bondholders the House of Lords yesterday confirmed the decision of the court of appeals, the sum of £850,000 is invested in United States four per cent. bonds, of which amount £744,300 will be sold and the proceeds distributed among the bondholders at the rate of £45 per bond. The loan was originally issued at £68.

S. NEWTON PETTIS.

A Post That Will Be Less Trying on His Morals Than the Peruvian Mission.

WASHINGTON, D. C., March 24.—Hayes sent the following nomination to the Senate this afternoon: S. Newton Pettis, of Pennsylvania, associate justice of the supreme court of New Mexico.

ROYAL CLEMENCY INVOKED.

The Would-be Assassin of Alfonso Suing for Mercy.

MADRID, March 24.—Strong efforts are making, based on the tradition of Holy Week, to obtain royal clemency for Francisco Otero Gonzales, who attempted the assassination of the king. The efforts will perhaps prove successful.

CLOSE VOTING.

ST. JOHN, March 24.—The debate in the House of Assembly on the seat of government question was closed last night, when the resolution in opposition to removal to St. John was carried by a vote of 20 to 18.
