WEDNESDAY, Jan. 9—P. M.

The Stock market has been very irregular to-day, having been heavy in the morning, buoyant afteward, and closing again heavy. The interest of the street was mainly concentrated in Nicaragua and Erie. The serious break in the former stock yesterday induced an impression that the market would go still lower, and this morning, under considerable lots of stock, the price fell off to 22¼. A reaction immediately commenced, and the stock rose up to 24¼. It, however, again declined, and closed at 23¾. Erie went up to 53, but closed at 52¾, which is about ¼ ⅌ cent below the closing price of yesterday. Central was heavy at 93¼. Harlem was also very heavy. Hudson River declined ¼ ⅌ cent, and was heavy. Cumberland, with moderate demand, is well sustained. In Western Shares there was a fair business done, and the market shows no important change. Galena and Chicago sold at 125. Cleveland and Toledo, 73¾—a decline of ¼ ⅌ cent. Michigan Southern, 86¼. Michigan Central, 90¼—a heavy fall of 1¼ ⅌ cent. Chicago and Rock Island, 86¾—which is also lower. Cleveland and Pittsburgh, 66¾ bid, 70 asked. Madison and Milwaukee, 87¼ bid, 90 asked. In Railroad Bonds the market is not active but strong. Central Illinois, 81¾; New-York Central, 101; Eries, 1875, 89¼—which is better; Second Mortgages, 96. There is more inquiry for Southern Michigan Bonds, and Goshen Line sold at 85, with that bid at the close—an advance of 1 ⅌ cent. State Stocks are quiet.

In Exchange there is nothing of importance doing. Buyers have not yet appeared and the supply is increasing. Sterling nominally 7¼@8¼ ⅌ cent. France are especially plenty. The range is 5.27¼@5.20.

We notice engagements to Liverpool of 10,000 bbls. Flour at 2s. 6d. @ 2s. 9d., the latter rate by a British vessel; 600 pkgs. Lard, 30s. @ 32s. 6d.; some Cotton, 3-16d., and 100 bxs. Bacon at 30s. To Antwerp, 250 tcs. Rice, 45s., and 50 bxs. Bacon, 50s. To Hamburg, 100 tcs. Rice and 300 bxs. Extract Logwood, 45s., measurement.

The business of the Sub-Treasury was: Paid, $82,614 85; received, $163,966 15; balance, $2,619,859 75; paid for Assay-Office, $8,850 79; paid on Disbursing Checks, $18,268 36.

Albert H. Nicolay's semi-weekly auction sale of Stocks and Bonds will take place to-morrow, (Thursday) at 12½ o'clock, at the Merchants' Exchange.

The Mercantile Bank has declared a semi-annual dividend of 5 ⅌ cent, payable on the 15th inst.

The Ætna Fire-Insurance Company of New-York, a semi-annual dividend of 8 ⅌ cent, payable on the 15th inst.

The Long Island Insurance Company a semi-annual dividend of 10 ⅌ cent, payable on the 10th inst.

The Manhattan Savings Institution, at the rate of 8 ⅌ cent per annum on sums of $400 and under, and at the rate of 5 ⅌ cent on larger sums, payable on the 21st inst.

The Market Fire-Insurance Company a semi-annual dividend of 5 ⅌ cent, payable on the 15th inst.

The Arctic Fire-Insurance Company a semi-annual dividend of 5 ⅌ cent, payable on the 14th inst.

The Indianapolis and Cincinnati Railroad Company has declared a cash dividend of 4 ⅌ cent, payable on the 20th of January. We understand this road has now no floating debt, and its whole line is finished and in good working order. It has been open a little over two years and has paid 7 and 8 ⅌ cent per annum dividends. The road was opened in the latter part of November, 1853. The total earnings for 1854 and 1855 have been as follows:

	1854.	1855.		1854.	1855.
January	$12,655	$29,427	September	$31,449	$40,240
February	21,588	24,210	October	33,946	47,835
March	27,202	32,235	November	37,963	45,191
April	19,438	31,199	December	32,494	est. 55,000
May	17,372	30,898			
June	21,401	28,373	Total	$289,638	$425,011
July	16,648	24,328			289,638
August	28,266	35,926			
Increase (or 47 ⅌ cent)					$135,373

The estimated receipts for 1856 are over one half a million of dollars. The Road has cost about $3,000,000, of which $1,676,000 is represented by the Stock and $1,374,000 by Bonds; and the Company owns over $400,000 of real estate in Indianapolis and in Lawrenceburg and along its line of Road, and in bills receivable, secured on real estate. The expenses of running the Road have been about 45 ⅌ cent. And if the estimate for 1856 is correct, (of $513,000 for earnings and $314,000 for interest on debt and expenses—not $199,000,) it will leave about $200,000 for Dividend fund, or about equal to 12½ ⅌ cent for the year.

The December receipts of the Chicago and Rock Island Road were:

Passengers	$49,515 67
Freight	44,300 13
Mails, &c	1,800 00
Total	$95,615 80
Decrease 1854	81,041 10
Increase	$14,574 70

The gross earnings of the Macon and Western Railroad for the fiscal year ending November 30, 1855, were $37,623 17 above those of the preceding year. The earnings and expenses foot up as follows:

Earnings	$350,802 96
Expenses	254,698 45
Net profits	$96,104 51

The following gentlemen have been elected Directors of the Sixth avenue railroad: Messrs. Sidney Mason, Frederick De Peyster, John P. Yelverton, George R. Howell, John H. Swift, Samuel S. Bowman, Daniel Van Dusen, Tennis W. Quick, Waldo Hutchins, Gedeon De Angelis, John B. Hall, Alexander M. C. Smith, and Hamilton H. Salmon.

In money there is no marked change. The demand is very active, but after 2 o'clock there was some relief.

We regret to hear that Mr. George Curtis, President of the Continental Bank, who is now in Florida for his health, has received no benefit from his visit to the South. He is not so well as when he left.

The matter of the injunction on the Grocers' Bank, Boston, was up before Judge Merrick on Tuesday. The report of Mr. Warner, one of the agents appointed to take charge of the Bank, was read.

The total amount of liabilities	$1,626,673 97
And the assets	1,397,740 69

In addition to the above there are large amounts due to the Bank from P. E. Kingsman, late Cashier. Toward securing these amounts, said Kingsman has conveyed and assigned to the Bank various estates and securities which the President of the Bank regards as security for $125,000 00

Total assets	$1,522,740 69
The total means available for liquidation of liability Bank are	$339,063 79
Less amount of necessary expenses	

The business of the Clearing-House was $17,928,500.

The track is now laid on the eastern extension of the Delaware, Lakawanna and Western Railroad to the crossing of the Delaware River, below Water Gap. The tunnel on the Warren Railroad is so far advanced that it is expected the board gauge trains of the Delaware, Lackawanna and Western Railroad will be able to pass through, from Scranton to Elizabethport, on or before the first day of March.

Mr. Jewell, one of the counsel for the Bank, then read a memorial from the stockholders to the effect that from an examination of the condition of the bank, which may be verified from the report of the agents appointed by the Court, the liabilities of the bank are amply secured, and that the capital of the same is not so much impaired as to render it advisable to go into liquidation. He also stated that competent persons are ready to give bonds in a sufficient sum to guarantee the payment of all their indebtedness, which indebtedness there will be in sixty days a sufficient sum received from the assets of the bank to pay off.

They therefore petitioned that the bank remain in the hands of the agents, as at present, until Wednesday, March 12, unless the bank shall desire another hearing at an earlier day, and that in the mean time the President and Directors have power to do any act necessary for the liquidation of the bank liabilities.

Attorney-General Clifford did not object to the granting of the prayer of the petitioners.

The Court said that the bond could not be taken by the Court, and that there was some objection to the latter clause of the memorial of the stockholders, as granting rather too extensive powers.

He did not object, however, to give all necessary authority to make all settlements to obtain the assets of the bank, but if the Court allowed them to go any further it might possibly result in the payment of some creditors, while others were compelled to accept a reduced dividend. The Court, after some further conversation, said that he should consent to the postponement, and would sign a decree modifying to some extent the power of the agents some time during the day.
