THURSDAY, April 10—P. M.

The market for Stocks was strong to-day, with a demand for the leading fancies. The changes were not generally important but the tendency was to improvement, and there was more disposition to operate. A considerable amount of short stock was taken in. There is rather more doing by outsiders, but the amount is still limited. Among the most active stocks was Cleveland and Toledo, in which the movement is very strong. The increasing business of this road, partly resulting from the opening of 160 miles of the Lake Erie and Wabash Road, has attracted attention to it, and has induced large purchases by some leading parties. The impression is general that these purchases will result in putting the market price considerably higher. All the Western shares were strong with one or two exceptions. Galena was 114¾ bid at the close; Cleveland and Pittsburgh 65¾; Michigan Southern 95¾; Chicago and Rock Island 91, &c. Erie improved to 57¼@57¾; Reading 92¾. Hudson River is heavy at 35. We hear various rumors of leases and consolidations of this road by the Central, but nothing official. That something of the kind is in contemplation we think not unlikely, and we have the details of such a scheme, which it would be premature to make public. Panama is steady at 105¾. In Nicaragua there is but little movement, and the market is heavy. The advices from Washington in regard to the action of our Government in the affairs of this Company are contradictory. Railroad Bonds were firmer, Illinois Central, $110,000, advanced to 87¼; Terre Haute and Alton 2d Mortgage 78¼; Hudson River 3d Mortgage 71; Eries, 1875, 90¾, &c. State Stocks are less active, and without change of importance.

There is but a moderate demand for foreign Exchange, with a good supply of Sterling. The leading banker asks 9¼, but bankers' bills can be had at 9¼@9⅜ ₱ cent, and first-class commercial signatures at 9@9¼ ₱ cent. Good names, with bills lading attached, sell at 8¾@8¾. Francs are not very plenty and firm at 5.20@5.17½. Continental bills are dull.

Freights are more active, but less firm. Engagements to Liverpool of 30,000 bushels Corn and Wheat at 5¼@6d.; 1,000 bbls. Flour and 2,500 bbls. Rosin, 2s. 6d.; 500 boxes Bacon, 25s.; 300 tuns Logwood, 35s. To London, 200 bbls. Oil, 20s., and 30 half tierces Manufactured Tobacco on private terms.

The disbursements from the Sub-Treasury are large to-day, including $60,000 for mail service to Mr. Roberts and $30,000 for Government Stocks. The amount was: Paid, $261,366 48; received, $125,457 39; balance, $7,522,532 46; paid for Assay Office, $1,152 66; paid on disbursing checks, $82,866 42.

Simeon Draper's regular semi-weekly auction sale of Bonds and Stocks will take place to-morrow, (Friday,) at half-past 12 o'clock, at the Merchants' Exchange.

In our advertising columns will be found a notice signed Samuel J. Beals, who, on behalf of many holders of the Columbus, Piqua and Indiana Railroad Company's Bonds, calls for a general meeting of all the bondholders, to consider what is to be done in respect of the non-fulfilled guarantee of the payment of the interest by other companies, the leading one of which is the Cleveland, Columbus and Cincinnati Railroad Company. The meeting is to take place at the Astor House at 3 o'clock in the afternoon of Wednesday next.

The business of the Clearing House to-day was $24,578,000.

The Flour market, with moderate demand, is lower for Western brands. The demand is almost entirely confined to the home trade. Western brands are $6 37½@$7 50; Southern brands are freely offered, but the market is lower. There is a fair demand for Wheat for milling with but little change. Red Southern sold at $1 66. Corn is better and the demand for the home trade is good; sales of Southern mixed at 60@63½c. There is a good local demand for Pork at rather better prices; Mess $16 25@$16 37½, and Prime $15 50. Beef continues heavy. Bacon and Cut Meats are wanted; sales of 170,000 lb at 8¼@8½c. for Dry Salted Hams in bulk; 9@9½c. for Pickled Hams; 7½c. for Dry Shoulders, and 7¾@7½c. for Pickled Shoulders. Lard is without change. The Tea sale was well attended and Greens were well sustained; Blacks were rather heavy, and Oolongs declined 1c. ₱ lb.

The receipts of the Covington and Lexington Railroad for the month of March, 1856, were:

From Passengers	$11,371 41
From Mail	813 83
From Freight	15,062 40
Total	$27,247 64
Receipts for March, 1855	20,000 00
Increase	$7,247 64

The earnings of the Milwaukee and Mississippi Railroad for the month of

March last were	$31,800
Corresponding month last year	30,456
Increase	$1,344

The revenue of the Baltimore and Ohio Railroad for March is reported, unofficially, as follows:

Main stem	$366,575
Washington branch	39,244
Total	$405,820

The increase on the main stem over the corresponding month of last year is $32,114; Washington branch, $3,257; total increase over March, 1855, $35,365.

The receipts of the first week of April on the Cleveland and Toledo Railroad were over $30,000.

The receipts on the Pennsylvania and Ohio Railroad for the month of March last were: From passengers, $58,840, and from freight, $46,471; together, $105,341, against $93,479 for the month of March, 1855. Increase for the month, $8,832. This advance is encouraging from the fact that in consequence of the severe Winter business has been much checked.

Mr. C. E. Detmold has resigned the office of President of the New-Jersey Zinc Company—being about to open extensive coal mines in Maryland.

Mr. Wm. Redmond has been appointed to act as President, *pro tem.*, and Mr. A. P. Pillot as Treasurer of the Company.

The Money market is active, but less so than it was early in the week. It is understood that there is a disposition on the part of some of the banks to contract loans, but their calls as yet have had no effect upon the market. The country balances keep up well, and the city banks must lend them, as they bear interest. The offerings are generally not so large as the ability of the banks to discount. Paper is in good demand, and the supply on the market is moderate at 6@8 ₱ cent.

The Flour City Bank, Rochester, N. Y., is a new institution, which commenced business on the 1st inst., on a capital of $200,000. F. Gorton, esq., is President, and E. H. Vredenburgh, Cashier. The Provincial Bank of Canada, Stanstead, is a new institution under the general banking law of that Province, which will commence business about the middle of May, with a capital of $100,000, secured by a deposit of Canada 6 ₱ cents. William Stevens, President, and J. W. Peterson, Cashier. The Bank of Trenton, Tenn., a new bank, has just gone into operation under the free banking law, and is secured by Tennessee 6 ₱ cent bonds. R. W. Hubbard, President, and O. B. Coldwell, Cashier. The Union Bank, Frenchtown, N. J., a new institution under the general banking law of that State, with a capital of $100,000. Henry Lott, President, and N. D. Williams, Cashier. The Bank of Rockville, formerly of Rockville, Ind., removed to Wabash, Dec. 1, 1855. A. W. Brockway, President, and R. E. Rockwell, Cashier.

Thompson's Reporter says of Land Warrants:

"The only change in prices of Warrants since our last issue, is an advance of one cent per acre on 120s. We are at this date (April 9) buying and selling as follows":

	Buying.	Selling.
160s	$1 08	$1 10
80s	1 09	1 10
120s	1 04	1 06
60s	1 04	1 06
40s	1 15	1 20

The following letter, dated Toledo, March 29, gives an account of the opening of the Wabash Valley Railroad, its position, prospects and importance to the internal commerce of the City of New-York. It opens to the trade of this city a direct route to a very wealthy and extensive section of country which has heretofore been reached only by the most circuitous and most tedious modes of communication. The Wabash Valley Railroad opens the entire region to lake navigation and gives it at once facilities equal to those enjoyed by any other portion of the West, for reaching prominent ports on Lake Erie:

"The extension of the Lake Erie, Wabash Valley and St. Louis Railroad to Logansport was celebrated on Thursday of last week. The excursion train left Toledo on the morning of that day, and taking in guests from the principal towns along the line, arrived at Logansport, 160 miles from Toledo, just before nightfall. Logansport is a beautifully situated and well-built young city. Her citizens and the people of the surrounding country, composing several thousands, welcomed their guests by demonstrations usual on such joyous occasions.

"The extension of this very important railway 160 miles south-westerly from the west end of Lake Erie should be cause of gratification not only to Logansport, which, by its means, reaches by the shortest line the navigable waters of Lake Erie, but also to New-York, which has her commerce enlarged by every railway extending from a lake harbor toward the center of the Mississippi Valley. The line of this road, you will perceive, is eminently conducive to the turning of the trade of the central portions of the river valley toward New-York. By its means Indianapolis, an important railroad center, is enabled to send her productions destined for Eastern markets to a lake harbor at Toledo. This is done by the connection of the Peru and Indianapolis railroad with this, furnishing a railroad route from the capital of Indiana to Lake Erie, at Toledo, shorter by 58 miles than by way of the Bellefontaine route to Cleveland.

"This shortening the distance to the lake will give a northern direction to much freight formerly sent by way of the great rivers. It is scarcely overrating this great line to say that, by itself and its connections, it will secure to the City of New-York more than half the commerce of the State of Indiana, and large portions of Illinois, Iowa and Missouri.

"The road to Logansport is a section of the whole line. Within the present year it will be extended to Danville, in Illinois, and thence by Great Western Railroad through Springfield and Jacksonville to Naples, on the Illinois River. From Naples a railroad is in operation to Quincy, on the Mississippi. But a more direct line to the Mississippi, opposite Hannibal, in Missouri, will bring the Great Western in connection with the Hannibal and St. Joseph Railroad, and carry the line from Lake Erie to the Missouri River. This whole line, it will be seen, runs in the natural direction of trade, and will, in consequence secure a large amount of business from the railroads intersecting it, but not having their general direction coincident with the natural current of commerce.

"The Wabash Valley Railroad will also form a line with a portion of the Terre Haute and Alton Railroad, so as to become the best line of railway connection for the trade between St. Louis and Lake Erie."

The Boston Journal says:

"Money is more active at from 7½ to 8 ₱ cent, but the supply continues ample to meet all requirements. The continued expansion of bank loans in New-York attracts considerable remark, but there does not appear to be any disposition to contract on the part of bank managers notwithstanding the forebodings of the cautious. The probability is that until the current of domestic exchanges turns against the seaboard, no material change in their policy will take place. The Boston Banks, it will be noticed, increased their line of discounts over half a million last week, while in specie there was a gain of $142,000, and in deposits $938,000.

The New-Orleans Banks continue to increase their specie strength. The following is the latest report:

Business was more active at New-Orleans in Cotton, Breadstuffs, &c., and the markets were firmer. Sterling Exchange is 8¼@8½ for first-class signatures. Bills of Lading sold at 7@7½. Sight on the North was ¼@½ discount.

Thompson's Reporter says:

"*Banking in Nebraska.*—From *The Nebraskian*, of Omaha City, we learn that the Legislature chartered five banks, viz: 'Bank of Florence,' for the benefit of Cook & Sargent of Iowa; 'Bank of Nebraska,' for the benefit of West & Allen; 'Platte Valley Bank,' for the benefit of Nicholls & Co.; 'Nemaha Valley Bank,' for the benefit of speculators in bank charters; and the 'Fontanelle Bank,' for the benefit of Sarpy & Co.

"We never knew Territorial banking to succeed. Those who remember the Wild Cats of Michigan, the Bubbles of Arkansas, and the Swindles of Florida, need no caution from us. To those whose memories do not extend back to the revulsions of 1838, we must say—Be on your guard for these Nebraska banks."

Markets..CAREFULLY REPORTED FOR THE TRIBUNE.

THURSDAY, April 10, 1856.

ASHES—The market is decidedly better for Pots; sales of 50 bbls. at $6 50@$6 62½. Pearls are scarce at $8 25.

FLOUR AND MEAL—The market opened heavy for the low grades of State and Western Flour, with only a moderate demand; at the close holders submitted to a decline on Western brands in order to effect sales. The inquiry has been mainly confined to the wants of the home trade and the East, with very little doing for export. The better grades are in fair request at the recent decline; the sales of Western Canal are 5,000 bbls. at $6 37½@$6 75 for common to very good State and ordinary to choice Michigan; $6 62½@$7 12½ for superfine Indiana and Upper Lake; $6 62½@$7 37½ for common to good superfine and low grade of extra Ohio, and $6@$9 75 for extra Genesee. Canadian Flour is firmly held; there is no superfine here, and extra brands are in good request for the home trade and the East; sales of 400 bbls. at $7 50@$9 for common to best extra. Southern Flour is freely offered, and medium extras are rather lower; the inquiry is good at the abatement, in part for shipment; sales of 2,500 bbls. at $7 25@$7 75 for mixed to good standard brands Alexandria, Baltimore and Fredericksburg Country, and $7 81½@$8 50 for favorite fancy and extra brands. Rye Flour is firm; the inquiry is fair; sales of 200 bbls. at $4@$6 12½ for fine and superfine. Corn Meal is more abundant; sales of 300 bbls. at $3 31½ for Baltimore, and $3 68¾ for Brandywine, from store.

FRUITS—Sales have been made of 400 half boxes Valencia stained at 5½c.; 100 boxes Layer Raisins at $3 50; and 200 boxes Bunch at $3 25. By auction, 3,736 boxes Naples Oranges at $1 41½@$2 18¾, and 561 do. Lemonsat $2 50@$2 75 ₱ box.

FISH—We have no change to notice; very little has transpired to-day, and prices rule steady.

FURS—The supplies are backward and prices continue high. The impression with most of the trade is that the collection is a little short, the severe Winter having interfered with trapping, though this time alone will demonstrate. The shipping demand is good.

GRAIN—There is little variation in Wheat; the demand is fair for milling; prime is called for; sales of 1,600 bushels Red Southern fair at $1 61. Barley is quiet, but the market is quite firm; sales of 4,000 bushels good six-rowed Canadian at $1 29, afloat. Oats are very firm and in good demand; sales of State at 42@43½c. and Ohio and Chicago at 44@47c.; Jersey at 53@54c. Corn is better and in good demand for the home trade and the East; little has transpired for export; sales of 53,000 bushels at 60@63½c. for Southern mixed; 63½@68c. for Southern white and yellow, and 62@66c. for Jersey yellow. Rye is firm and in good demand; sales of 21,000 bushels at 93c. for inferior Southern, and 98@99½c. for Pennsylvania. Northern is freely offered.

HIDES—The market is well supported, the arrivals continue light, and the demand fully up to the supply. The only sales we hear of are 2,000 Buenos Ayres, 24 lb, at 27c.; 1,600 Rio Grande at 26½c.; 300 Jamaica at 12c., and 500 Dry Southern at 17c., cash. The stock is 46,000.

HAY—The market is better supplied and the demand light; sales of 200 bales at $1@$1 12½ for 100 lb.

IRON—The inquiry is moderate for Scotch Pig; sales of 50 tuns at $35 50@$36, 6 mos.

LEATHER—We have no change to notice; the sales are much restricted owing to the meager supply here; the receipts are taken immediately upon arrival. Sales of prime Middle Hemlock at 26½c., and Angostura do. at 28½c. Oak is much wanted at 33@34c. for light Slaughter.

LEAD—The market is well sustained, with sales of 100 tuns English at $7.

NAVAL STORES—Spirits Turpentine is decidedly firmer with a moderate inquiry; sales of 350 bbls. at 38@38½c., cash, closing at the outside price. Crude is firm and held at $3 25 for Wilmington. Stock about 10,000 bbls. Common Rosin is buoyant with a strong demand, and the stock is now reduced to 8,000 bbls.; sales to-day of 4,000 bbls. Wilmington at $1 70@$1 75, afloat and delivered. Fine qualities are quiet. Tar is more inquired after at the decline; sales of 350 bbls. Thin Washington at $1 75, and 1,000 Williamston at $1 50 in order in yard.

OILS—The English Linseed market remains inanimate, and the only demand is for lots from store at 83@84c., cash; the stock is 430 tuns. Crude Whale is steady, with a fair inquiry; sales of 700 bbls. (here) at 80c., cash, as it runs. Refined is moderately sought after; 85@90c. are now the current rates. Crude Sperm is still quoted at $1 80@$1 82, as to quality. Manufactured is without change; sales of Winter at $2@$2 10. Lard Oil is in better supply, with sales of 50 bbls. Western Winter at 96@98c., cash and 4 mos. Red is dull at 80c., 4 mos.

PROVISIONS—The market is better for Pork, with a good local demand; sales of 650 bbls. at $16 25@$16 37½ for Mess and $15 50 for Prime. Beef is in limited demand and is heavy; the sales are 250 bbls. at $8 25@$8 75 for Prime and $9 25@$10 75 for Mess, and $11@$13 for repacked Mess. Prime Mess is inactive at $17@$22. Beef Hams are in fair request at $18@$17. Bacon is scarce and wanted at 9¼@9½c. Cut Meats are more active, and are offered more freely; sales of 170,000 lb at 8¼@8½c. for dry salted Hams in bulk, and 9@9½c. for pickled do.; and 7½c. for dry Shoulders in bulk, and 7¼@7½c. for pickled. Lard is without change; the demand is fair and the supply better; sales of 1,150 bbls. at 9¾@10c. Butter is in fair request and is steady. Cheese is dull at 6@6½c.

RICE is dull and heavy; sales of 160 tcs. in lots at 4@4½c. for common to prime.

SPICES—Pimento is lower and more active; 1,000 bags have been sold at 11c.

SOAP—We notice sales of 100 boxes Castile at 11c., 4 mos.

SEEDS—A good demand for Clover, and with a small stock prices are better; sales of 40 bbls. at 14½@15c.

SKINS—Curacoa Goat are held firmly, with sales of 10,000 at 35c., 6 months.

TEAS—The sale to-day was not an extensive one; the company present was numerous, and a fair spirit prevailed. The catalogue embraced the usual varieties of Green and Black; the average prices realized for the former compare favorably with previous rates; the latter dragged, and on the Oolongs we quote a decline of 1c. ₱ lb.; some few Souchongs sold at fancy prices; most of the Greens were sold. Another sale is announced for Saturday, and on the eve of several more the transactions at private bargain are checked.

TALLOW—The market has assumed a firmer tone, with sales to day of 80,000 lb prime City at 10½c. cash.

WHISKY—The market is firm, with a fair demand; sales of 250 bbls. at 27½@28c. for Ohio and Prison.

Philadelphia Cattle Market.....APRIL 9.

There was considerable activity in the Cattle market yesterday and to-day, and the high price for Beef continues, the demand being equal to the supply.

BEEF CATTLE—The sales amounted to a few over 900 head, the most of which were sold at Torbert's avenue Drove-yard, at prices ranging from $9 50 to $10 75 ₱ 100 lb. There was one lot of extra Cattle sold at $11 ₱ 100 lb.

SHEEP—The supply about equal to the demand, 4,000 head having been sold at from $5 50 to $5 75 ₱ head. Some fair ones sold from 6½c. to 6½c ₱ lb.

HOGS—The supply continues to be limited, only 800 head having been offered. They brought from $8 50 to $9 ₱ 100 lb.

COWS AND CALVES—Only 100 head sold, at prices ranging from $25 to $60, according to quality.

Baltimore Cattle Market.

BALTIMORE, April 10.—BEEF has advanced. 450 head of BEEVES were offered at the Cattle Market to-day, of which 100 were driven East, and the remainder sold at $9@$11, net—generally of good quality. Hogs are scarce, and improving; sales at $8@$8 50.

Philadelphia Markets....APRIL 10.

QUERCITRON BARK in good demand at $29 for first No. 1. COTTON continues buoyant and firm, with sales 250 bales at full prices. CLOVER SEED scarce and wanted at $9, but there is very little offering, and the sales are mostly in a small way at $9 12@$9 25, the latter from second hands. FLOUR remains dull and quotations are unaltered; there is no export demand. CORN MEAL and RYE FLOUR quiet and un
