$100,000 Convertible 7 per cent first Mortgage bonds of the Belleville and Illinoistown Railroad Company. This is the balance of an issue of $600,000—all the rest of which have been sold in Europe. The payment of principal and interest is guaranteed by the Terre Haute and Alton Railroad Company and is secured by a first lien upon the Road and upon 1,000 acres of valuable coal lands near St. Louis. The Belleville and Illinoistown Railroad Company is completed and furnished with ample equipment and owes no floating debt whatever. It extends from Alton, passing by St Louis 6 miles to Illinoistown, and is now worked in connection with the Terre Haute and Alton Railroad Company. It is doing an excellent and profitable business in transportation and passenger traffic, and is also derriving sufficient income from its coal field to alone pay handsome dividends to the stockholders. It has a paid up capital of about $600,000, and in addition there has been expended upon it the proceeds of the issue of first mortgage Bonds (none of which have been sold below par) $600,000, and the proceeds of an issue of second mortgage Bonds $500,000. Besides its road equipments and real estate this Company owns a valuable ferry privilege at St Louis. These Bonds are due in 1873; they are convertible into the stock of the Company until 1856 and bear coupons payable 1st March and 1st September, in New-York. No better security of more desirable Bonds have been offered to the public for investment.

OFFICE CINCINNATI, HAMILTON AND DAYTON RAILROAD COMPANY, CINCINNATI, June 5, 1856.

TO the STOCKHOLDERS.—GENTLEMEN: At the Annual Meeting, held on the 5th inst, it was recommended by the Stockholders that a circular be issued, inviting proposals for the remainder of the Second Mortgage Bonds of this Company, of which 511 have heretofore been sold. Proposals will, therefore, be received until the 20th day of June for 639 of the Second Mortgage Bonds, of $1,000 each, payable on the 1st day of May, 1886, and bearing interest at the rate of 7 per cent per annum, payable semi-annually, in New-York, at the office of the Ohio Life Insurance and Trust Company. Payment for the Bonds to be made—one-fourth on the 1st day of July, and the remainder in three monthly installments thereafter, with privilege of paying all on the first of July. The accumulated interest to be adjusted on the delivery of the Bonds.
The mortgage provides for the issue of 1,250 of these Bonds. The Board of Directors have, however, withdrawn 300 from the market indefinitely, and it is not supposed they will be offered for sale for many years to come. The Bonds heretofore sold, of this issue, have netted the Company 90 cents and upward on the dollar, with the exception of 46, which were sold in London, netting 88 cents in New-York.
The object in disposing of these Bonds is to discourage the floating debt of the Company, and to provide for the scrip issued for dividend number five; thus enabling the Company to resume the payment of regular cash dividends.
The following figures will show the condition of the Company:

EXPENDITURES

For Construction Account	$2,470,125 58
For Equipment Account	517,657 35
For Real Estate Account	226,463 86
For Railroad and other Securities	281,970 68
Total	$3,997,242 27

RECEIPTS.

From Capital Stock	$2,153,300
From 1st Mortgage Bonds	500,000
From 2d Mortgage Bonds of present issue, heretofore sold	511,000—3,164,900 00
Leaving a debt to be provided for of	$832,342 27

When the 639 Bonds now offered shall be sold, the whole bonded debt of the Company (1st and 2d mortgages) will be $1,450,000—on which the annual interest will be $101,500. For the security of the principal of these Bonds it will be seen that there has been invested in construction and equipment more than double the amount of the whole mortgage debt, without counting the real estate or other assets besides which, a sinking fund has been provided for the redemption of a portion of the Bonds by the action of the Stockholders. The property mortgaged was all acquired previous to the issue of the Bonds.
For the prompt payment of the interest, the means are as follows:

Gross receipts of the Company for the year ending March 31, 1856	$598,271 71
Less working expenses for same period	290,252 84
Leaving	$278,012 87
Amount of annual interest, as above stated	101,500 00
Showing an annual surplus, after payment of the interest, of	$176,512 87

The Cincinnati, Hamilton and Dayton Railroad is sixty miles in length—has fifteen miles of double track in use—has the adjoining side tracks, has upward of ninety miles of iron laid. No road in the country is more substantially built or completely furnished. It occupies the position of a trunk road—is located in the Great Miami Valley, the most densely populated and richest portion of Ohio—the important cities of Cincinnati and Dayton being the terminus of the road. It connects at Hamilton with the Junction Road, now in progress to Indianapolis, and with the Eaton, Richmond and Chicago Road, nearly completed to Logansport and in progress to Chicago. At Dayton it connects with the Mad River and Lake Erie Road to Sandusky—with the Dayton and Michigan Road, finished to Piqua and in progress to Toledo and Detroit—and with the Greenville and Miami Road, finished to Union and in progress to Fort Wayne.
The Road was opened for business in the Fall of 1851, since which time seven eighths of its earnings have been from local traffic. The past year its earnings averaged $4,471 71 per mile. These earnings will doubtless be increased fifty per cent when the various connecting Roads, referred to above, are fully extended and completed.
The Company is under no pecuniary obligations to other Roads, either for subscription to, or endorsement of Bonds, or otherwise. For a full and detailed statement of the condition of the Company, reference is made to the Annual Report of the Directors, accompanying this Circular.
Proposals for the Bonds will be received in New-York by EDWIN LUDLOW, esq., Cashier of the Ohio Life Insurance and Trust Company, and in Cincinnati at the Office of the Company.
S. S. L'HOMMEDIEU, President.

VALUABLE COAL STOCK for SALE.—ALBERT H. NICOLAY offers at PRIVATE SALE a valuable interest in the SHAWNEETOWN COAL MINES. These Mines are located three miles from the Ohio River, in Gallatin County, Illinois, near the border of the Illinois Coal Field, below which there is no coal either on the Ohio or Mississippi Rivers or any of their tributaries. This is believed to be one of the most promising Coal investments ever presented to the capitalist. The Coal has been repeatedly analyzed and thoroughly tested by Prof. D. D. Owen, United States Geologist; Prof. Cox of Indiana; Prof. J. Lawrence Smith, United States Chemist; and at the Philadelphia Gas Works. It has been used for many years for working iron. It contains scarcely a trace of sulphur, makes good Coke, yields more and better gas than Pittsburg Coal, generates steam rapidly, burns clean in the grate with a white flame, making very little smoke or soot, and leaves but one per cent of a ash.
"The Shawneetown Coal Mining and Manufacturing Company" owns, free of debt, 1,045 acres of Mining Lands in fee simple, and the mining right clear of royalty on 1,9 5 acres, besides 40 acres for a landing and 20 acres for the site of the railroad, making a total of 3,025 acres.
The peculiar circumstances of the locality, its geology as explained in the able report of Prof. Owen; the superior quality of the Coal; the favorable dip of the strata, and gentle declivity of the ground toward the river; the depth and extent of the bather and its proximity to the best markets, are all important advantages possessed by these Mines, which are rarely combined, and cannot fail to insure success.
The entire region of the South West, including Southern Illinois and Missouri, Western Kentucky and Tennessee, Arkansas, Mississippi, Louisiana, Texas, and the Gulf of Mexico, with all their Cities, Gas Works, Iron Works, Sugar-Houses, Manufactories, Steamboats and Steamships, &c., can be supplied from these mines with better and cheaper coal than from any other source. The expensive region is now supplied principally from Pittsburgh and Philadelphia—points so distant as to render the supply uncertain and the cost excessive.
The capital stock of the Company is $1,000,000, in shares of $100 each. One third of the stock is taken in Philadelphia by capitalists of the first respectability.
Purchasers will come in on the principles with the original owners, the object being to put the mines into immediate operation.

SALE of RAILROAD.—HENRY GRINNELL and others, Trustees, Plaintiffs, agt. The SANDUSKY, MANSFIELD & NEWARK RAILROAD COMPANY, and others, Defendants.—In obedience to the judgment and decree of the Court of Common Pleas of the County of Erie, Ohio, made in the above entitled case at the May Term, A. D. 1856, of said Court, I, WILLIAM KEY BOND, Receiver in said case, will offer at PUBLIC SALE, at the door of the Court-House, in the City of Sandusky, Ohio, on the Fourth Tuesday of July, A. D. Eighteen Hundred and Fifty-six, between the hours of ten o'clock a. m. and four o'clock p. m., the RAILROAD of the Sandusky, Mansfield & Newark Railroad Company, together with all the rolling stock, and all other property, real and personal, connected with operating and maintaining the Road, and all the privileges and franchises of said Company. The sale of the Road includes all the rolling stock, now consisting of fourteen Locomotive Engines; one hundred and twenty-nine eight wheel Box-Cars; thirteen Passenger Cars; eight Baggage Cars; and all the Hand and Gravel Cars belonging to the Road. Also, all the Warehouses and Offices at Sandusky, Bucyrus, Plymouth and Newark, with all Engines and Elevating Machinery attached to the same. Also, the Machine Shop and Buildings, with the Stationary Engine, at Sandusky, and all Tools and Fixtures belonging to the same and used in repairing and keeping up the rolling stock of the road. Also, all the Depot Buildings, Offices and Office Furniture, and Depot Grounds, and all Station houses, Woodhouses and Water-stations attached or belonging to the Road. Also, all the Shovels, Picks and other Tools used in repairing the Road, and all Ties and other materials on hand and designed to be used in repairing, or in works of reconstruction on said Road. Also, all Wood on hand, designed for the use of the Road, estimated at about three thousand cords. It is provided in said order of sale, "that the minimum price, at which the said sale may be made, shall be Six Hundred and Forty-five Thousand Dollars, and no bid shall be received at such sale for a less sum, nor without a guaranty to the Receiver of responsible parties to the acceptance of the Receiver, that the purchaser will comply with his bid and pay the amount thereof upon the confirmation of the sale"—and "that if a person or persons chosen by, or on behalf of the parties to said action, or the parties thereto in interest, or any part of them referree to in the Act for the relief of the Sandusky, Mansfield & Newark Railroad Company, passed March 27, 1856, should become the purchaser at such sale, no guaranty or other security shall be required of such person or persons for compliance with such bid or the payment thereof; nor shall such purchase subject said person or persons to any individual liability by reason thereof; but it shall be the duty of the Receiver to receive such bid if it should prove to be higher than other bids made and guaranteed as aforesaid, and to strike off the said Road, and all the other items so offered for sale to said person or persons"—Sandusky, Ohio, June 11, 1856.

SANDS' SALT-RHEUM REMEDY.—Sufferers from Cutaneous and Erupting Diseases should at once resort to this valuable medicine, which will speedily relieve the worst situations of these distressing complaints and in a brief period complete a radical cure. Prepared and sold by A. B. & D. SANDS, Druggists, No. 100 Fulton-st., New-York.

THE GREATEST MEDICAL DISCOVERY of the AGE!
DR. KENNEDY of Roxbury has discovered in one of our own native vegetables a remedy that cures EVERY KIND of HUMOR, from the worst Scrofula down to a common Pimple. He has tried it in over eleven hundred cases, and never failed except in two cases, both blood humor. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One or three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of boils.
Two bottles are warranted to cure the worst canker in the mouth and stomach.
Three to five bottles are warranted to cure the worst case of scrofula.
One or two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four or six bottles are warranted to cure scrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst case of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
Nothing looks so impossible to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing on the pastures and rocky and stony walls should cure every humor in the system; yet it is a fixed fact. If you have a humor, it has to start. There are no ifs nor buts, name nor one, about it, curing some cases, but not yours, amongst the hundreds over a thousand bottles of it in the vicinity of Boston. I know the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old, to old people of sixty. I have seen poor, puny, worm-looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.
To those who are subject to a sick headache or a bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed; they always disappear in from four days to a week. There never was a bad result from it; on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

A PARISIAN IN AMERICA.

RACHEL AND THE NEW WORLD. A TRIP TO THE UNITED STATES AND CUBA. Translated from the French of LEON BEAUVALLET. 12mo. pp. 464. Dix, Edwards & Co.

The force of French vivacity is carried to the highest pitch in this amusing volume. Monsieur Leon Beauvallet was one of the dramatic group that accompanied Rachel to the United States, and with the characteristic gayety of his race has here favored the world with his impressions of Western travel. His role in Raphael Felix's company was tragedy,—in this work, he confines himself to comedy and broad farce. He, certainly, has the advantage of a fruitful theme. A French play-actor suddenly transplanted from his beloved Paris into the midst of American democracy must often find himself in a ludicrous position, and he only shows his good nature if he
