WALL ST. BOMB SUSPECT HELD WITHOUT BAIL

Jersey City, N. J., May 20.—Guiseppe de Filipis, charged with conspiracy to destroy the United States assay office in New York in connection with the Wall street explosion last September, Friday was held without bail for a hearing May 26 by United States Commissioner Charles E. Hedrickson.

De Filipis, who was identified Thursday by five persons as the driver of the wagon of explosives believed to have caused the disaster, was formally given into the custody of the federal authorities Friday.

Asked by Commissioner Hendrickson if he desired to make a statement, de Filipis said:

"I know nothing of it. I never heard of the explosion. I dont' know where Wall street is."

Robbers Get $5000 in Liberty Bonds From Lamont Bank

Spokane, May 20.—Robbers who broke into the safety deposit vault of the Lamont State bank at Lamont, Wn., in Whitman county, obtained Liberty bonds and other negotiable securities to an estimated amount of $5,000, it was stated by E. A. Shields, the president. They apparently made no effort to break into the bank vault.

This is the third similar robbery in this vicinity in the last two weeks, the others having been committed on banks in Post Falls, Idaho, and Latah, Wn.

ITALIAN MISSION JAILED.

Rome, May 20.—General Segre, head of the Italian mission in Vienna, and 1 3subordinate officers have been arrested charged with alleged illegal practices concerning the import and export of goods, says a dispatch Friday from the Austrian capital.

PRIZE STOCK BURN.

Kewanee, Ill., May 20.—One hundred exhibition animals, including race horses, cows and sheep, perished in a fire Thursday night which destroyed the largest barn on the Bradford fair grounds.

Stock Market as seen by Bulls & Bears

Reported by H. B. Lake & Co.

New York, May 20.—The market was lower today. The overnight news regarding Silesia was not of too reassuring a character. The weekly bank statement made an excellent showing and the averages of both the New York federal reserve bank and the federal reserve statement as a whole were the highest in almost three years. Pressure by the bear element was in evidence after the opening with particular attention against Crucible of independent steels. The action of the directors of the C. & O. railway in deferring the dividend disbursement was the signal for an attack against the rails. As the session went along professional efforts spread to the general list with the result that losses ranging from one to four points were recorded. In the late dealings the main oils were distinctly weak. Irregularity may be the order of things for a while but we believe conservative purchases on declines of seasoned securities will prove profitable in the long run.

New York Market

FINANCIAL.

New York, May 20.—Depreciation of quoted values in the stock market made further substantial progress today. Reactions encompassed a majority of the popular issues, the only exceptions being a few specialties protected by bull pools.

The same discouraging factors which served as restraining influences in the preceding days of the week were operative again. Chief among these were the continued tightness of money rates and additional dividend suspensions.

In the latter class were included Chesapeake and Ohio railway and American Linseed common. The first named incident seemed to occasion much surprise, the stock making an extreme decline of six points on heavy offerings.

Among observers of transportation conditions, however, the action of the Chesapeake directors was regarded as altogether logical, having been foreshadowed by yesterday's deferment of the Hocking Valley railway dividend.

Rails as a group lost 1 to 3 points and oils of the better class yielded as much with more severe losses in obscure issues and steels. Equipments, motors and utilities were lower by 1 to 4 points with a varied assortment of miscellaneous stocks, minimum prices being registered in the active dealings of the last hour. Sales amounted to 690,000 shares.

Brokers reported more than the usual demand for call money, all of which was placed at 7 per cent on the exchange, open market this quotation was shaded to 6½ per cent. Long time loans and merchants' paper held at 6¾ to 7 per cent, save for prime collateral and names. Exchange on London, Paris, and other important centers eased slightly from recent levels.

Junior bonds of the various railroads suffered a setback with Chesapeake and Ohio convertible fives and tractions also lost ground. Liberty issues closed at nominal gains, but most of the foreign war flotations showed further irregularity. Total sales (par value) $10,400,000.

Chicago Market

GRAIN AND PROVISIONS.

Chicago, May 20.—Soaring prices today for wheat resulted largely from bullish crop conditions both west and southwest. The market closed strong, 3¾ to 7¾ cents net higher, with May $1.59½ to $1.59¾, and July $1.23¾ to $1.24¼. Corn finished unchanged to ⅜ cents lower; oats gained ⅛ cents to ⅝ cents and provisions lost 2½ cents to 5 cents.

From the outset bulls had the advantage in the wheat market. It appeared to be generally admitted that the winter crop had suffered material injury, the southwest in particular losing ground, notably Oklahoma, Texas and Missouri. Reports were also current that unless plentiful moisture came soon in Kansas heavy losses would occur in sections which at present look promising. Bulls made much of the report that Russia had been buying wheat at Liverpool and was in the market for more. Inasmuch as under normal conditions Great Britain would be obtaining supplies from Russia instead of shipping to that country, the inference was that continued export demand for United States wheat would remain an important factor. With such an outlook the market developed strength up to the last, closing at practically the topmost level of the day.

Predictions that corn receipts would show a decided increase next week tended to weaken the corn market. On the other hand, reports indicated that the condition of oats is below the average for this time of the year.

In provisions, the effect of higher quotations on hogs was counterbalanced by the weakness of corn.

The prices of futures ranged as follows:

	Open.	High.	Low.	Close.

SEA STRIKERS ATTACK CREW

Throw Filipinos Into Willamette River, State Affidavits.

Portland, May 20.—A temporary injunction barring members of six marine unions from picketing vessels in Portland harbor during the present strike was granted Friday by the United States district court on application of the district attorney. The unions were given until Thursday to show cause why the order should not be made permanent.

Portland, May 20.—Marine strikers and sympathizers here last night attacked members of the crew of the steamer Coaxet which is loading here, and threw some Filipino members of the crew into the Willamette river according to affadavits and verbal statements presented today to United States District Attorney Lester W. Humphreys by J. H. Piltz, captain of the shipping board.

Humphreys said that on the basis of the affidavits he would ask for an injunction in federal court this afternoon against picketing on the water front.

Fourteen affidavits from sailors, shipping board officials and other federal officers were in the hands of District Attorney Humphreys, telling of a series of clashes on the waterfront.

One affidavit declared several Filipinos returning to the coast last night were attacked by pickets and officers said they had information that some of the Filipinos were thrown into the water.

One affidavit charged 700 sacks of mail for the far east were being delayed as a result of the strike.

Bronchial Trouble Caused Anxiety

No medicine has a better reputation than Foley's Honey and Tar for quickly relieving coughs, colds and croup. It loosens the phlegm and mucus, clears the passages, eases hoarseness, stops tickling throat. John G. Hekking, 195 Burgess Place, Passaic, N. J., writes: "I was suffering from an acute case of bronchial trouble which gave me considerable anxiety. Foley's Honey and Tar deserves all the credit for my being well now." Lenine and Trotzky Split on Coalition Governmnet Move

London, May 20.—A Helsingfors dispatch to the Central News today says that sharp differences of opinion regarding the composition of the Russian soviet government developed between Nikolai Lenine, bolsheviki premier, and Leon Trotzky, war minister, at this week's meeting of the soviet council.

According to Moscow reports, the dispatch adds, Lenine advocated the inclusion of representatives of other than the bolsheviki parties, but Trotzky severely criticized the suggestion and requested adjournment of the debate.

Bootleggers Raid Homes to Supply Detroit Demand

Windsor, Ont., May 20.—Bootleggers who contracted to supply runners in Detroit with whisky, have been so hard pressed for supplies since the law against importation of liquor from Quebec went into effect that they have resorted to organized raids on liquor stocks in private homes here, police department officials declared Friday.

BOSTON WOOL REVIEW.

Boston, May 20.—The Commercial Bulletin Saturday will say:

"The demand for wool has been within restricted compass during the last week, but sufficient business has been done to keep prices fairly steady, manufacturers taking wool with moderation, having fair stocks on hand.

"Operations are becoming more general in the west, buying to a moderate extent having been done in Texas this week at 16 to 20 cents, which means clean laded cost of 50 to 60 cents, depending upon the wool.

"The government had cut the offering of low wools to be sold here May 25, in half, the offering now being three million pounds."
