THIS VETERAN OF 16,000 FIRES STILL

HARD AT WORK!!

BY AN

Efficient organization of 4,000 practical Underwriters, From Nova Scotia to California, and Lake Superior, Mexico and the Gulf, harmonizing the science of average with compensating rates to the advancement of the public welfare.

FLATTERING TESTIMONIALS OF THE

Ætna Insurance Co.

FROM THE

INSURANCE DEPARTMENT OF THE STATE OF NEW YORK.

*The Insurance Commissioner to the Legislature:*

"The Ætna Insurance Company, of Hartford, one of the most successful Fire Insurance Companies of this or any other country."

"Connecticut Companies follow the rules and practices of the Ætna almost so carefully as if they were enshrined in statute law."

Again, pointing to review of practice in New York Companies the Ætna's successful management and solid rules are called to their attention thus:

"It still remains more a matter of wonder than imitation in the insurance world."

"By what subtle alchemy has this corporation been enabled to turn its full pond capital into the philosopher's stone?"

"The extraordinary events which have distinguished its unparalleled financial history."

"The average losses per diem in the United States at this period of the year are about $2,000. The telegraph daily sounds startling notes of warning to all prudent Persons."

*DO NOT NEGLECT THE SECURITY OF RELIABLE INSURANCE.*

1866.

INCREASE OF RATS.—The Farmer's Gazette (English) asserts and proves by figures that one pair of RATS will have a progeny and descendants to less than 65,050 in three years. Now, unless this immense family can be kept down, they would consume more food than would sustain 65,000 human beings.

☞ See "Costar's" advertisement above.

1866.

RATS versus BIRDS.—Whoever engages in shooting small birds is a cruel man; whoever aids in exterminating *rats* is a benefactor. We would like some one to give us the benefit of their experience in driving out these pests. We need something besides dogs, cats, and traps for this business—Scientific American N. Y.

☞ See "Costar's" advertisement above.

1866.

"COSTAR'S" RAT EXTERMINATOR is simple, safe, and sure—the most perfect RAT-killing article we have ever attended. Every Rat that can get it, properly prepared, will eat it, and every one that eats it will die, generally at some place as distant as possible from where it was taken.—Lake Shore, Mich. Mirror.

☞ See "Costar's" advertisement above.

1866.

HOUSEKEEPERS troubled with vermin need be so no longer, if they use "Costar's" Exterminator. We have used it to our satisfaction; and if a box cost $5, we would have it. We have tried poisons, but they effected nothing; but "Costar's" article knocks the breath out of Rats, Mice, Roaches, Ants, and Bed Bugs, quicker than we can write it. It is in great demand all over the country.—Medina, Ohio, Gazette.

☞ See Costar's advertisement above

1866.

A VOICE FROM THE FAR WEST.—Speaking of "Costar's" Rat, Roach, Ant, &c., Exterminator—"more grain and provisions are destroyed annually in Grant County by vermin than would pay for a year of this Rat and Insect Killer."—Lancaster, Wis. Herald.

☞ See "Costar's" advertisement above.

1866.

FARMERS AND HOUSEKEEPERS—should recollect that hundreds of dollar's worth of Grain, Provisions, &c., are annually destroyed by Rats, Mice, Ants, and other insects and Vermin—all of which can be prevented by a few dollars' worth of "Costar's" Rat, Roach, Ant, &c., Exterminator, bought and used freely.

As this is really a Specific for Worms, and the best and most palatable form to give to children, it is not surprising that it is fast taking the place of all other preparations for worms—it being tasteless, any child will take it.

ORIENTAL PEARL DROPS.

For beautifying the complexion, effectually removing Tan, Freckles, Pimples and Blotches, and giving the skin an elegant smooth[illegible] easily attained by any other. Its use and [illegible] of fashion in the East, gives it a character for efficacy which at once stamps it as infinitely superior for the toilet of any lady.

INK, INK, INK.

Seaton's Chemical Writing Fluid is becoming world renowned for its superior quality. Having been introduced only about six years, it has become the principal in use with those who want a fine, free flowing ink, and for permanency it is decidedly the best ink for records that can be used. For counting houses, banks, or schools, it is unequaled, and needs only to be tried to be approved. For sale by Druggists and Merchants everywhere.

WILLCOX & GIBB'S

SILENT FAMILY

SEWING MACHINE,

WILL STITCH, HEM, FELL, TUCK, CORD, Bind, Braid, Quilt and Embroider beautifully. It will, with the finest needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with no change of needle, thread or tension.

WILLCOX & GIBBS' SEWING MACHINE

will use coarse cotton, linen, silk and twine. It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop, being twisted by means of the

"ROTATING HOOK,"

and drawing the twist into the goods, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted not to rip in wear, and under all circumstances to "survive the washtub."

A patented device prevents the possibility of the machine being run in the wrong direction, or the balance wheel ever wearing or touching the dress. By another ingenious Patent improvement,

The Needle Cannot be Set Wrong.

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

No Breaking of Needles.

The blade of the needle is less than three-fourths of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble.

THE HEMMER AND FELLER CAN NEVER BE PUT ON WRONG.

Any one may adjust them in the dark. The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or under side, as you want it.

IT WILL NOT DROP STICHES.

As the needle is always set right, the blade short and straight, it does not vibrate, like longer ones.

WILLCOX & GIBBS' SEWING MACHINE

is run by steam at 4,000 stitches per minute—other machines only at 400 to 1,200, with safety.

They are manufactured with

Mathematical Precision.

Hence each part is interchangeable, and can be readily replaced in case of accident.

THEY WILL NOT GET OUT OF ORDER.

We have known it intimately for several years, and so far as we know, not one in family use has ever cost a dime to repair, or even been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

WILLCOX & GIBBS' SEWING MACHINE

works at an instant's notice, and never stops unaccountably. Not one operator in ten on the Willcox & Gibbs will break a needle or drop a stitch in a year. This Machine in the hands of any one, knows no skips, drops, jumps or misses. The roundness evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its hem and fell were never approached by any other machine.

The Press universally pronounce this the best family sewing machine in the world.
