CATARRH AND CONSUMPTION

Their Cause and how Contracted.

Catarrh and consumption are germ diseases in every sense of the word, local in nature and not hereditary or blood diseases. The germs of both diseases may be taken in the stomach or injected into the blood without endangering a person's health in the least. But let these germs become dry and inhaled in the air we breathe, then if there is any irritaed or sore spots, such as are caused by coughs and colds, on the membrane lining the air passage, these germs attach themselves to these spots, receive nourishment from them and multiply with astonishing rapidity.

The old theory, that germs of these diseases are carried by the blood to the different parts of the body has long since been exploded. The germs themselves remain in the head and lungs and it is the product of their digestion (a poison called toxine) that finds its way into the circulation, causing coughs, emaciation, fever and weakness, these being symptoms of and not the disease itself.

Up to the present time there is only one permanent cure for these diseases known, and according to government statistics this treatment has reduced the death rate from catarrh and consumption 35 per cent yearly since its discovery. Such authority as this can not be disputed and no person affected with these diseases has any right or excuse to jeopardize their lives by using other remedies.

Hyomei, the new Australian dry air germicide, cures coughs, catarrh and consumption because it is the only one which can be inhaled in the air we breathe and this the only way by which the germs causing these diseases can be reached and destroyed.

Hyomei is sold by all druggists or sent by mail. Hyomei outfits $1. Trial outfits 25c. Hyomei balm, 25c.

In Social Circles

Interest in the Dramatic Club increases as the time approaches for the presentation of the program. The names of the plays are still kept secret, although it is generally known that the first will be a one-act costume play of the time of Louis XI. The costumes have been copied from old pictures and are correct reproductions of what was worn at that period. The quaint head dresses and the rich materials will have a most striking artistic effect. The second play, it is whispered, is also a one-act affair, an amusing farce. The interlude, the sextet from a popular opera, will be sung by Miss Susanne Fletcher, Miss Helen Kenny, Miss Helen Hall, Karl De Laittre, Sewall Andrews and Walter Hudson.

The hall will be hung with southern smilax and the lights will represent great red blossoms. Red and green will be the only colors used in the decorations and the programs will carry out the same color scheme. They will be in book form and the last page will have the order of dances, which will follow the dramatic performance. Full dress will be worn and it will be the first brilliant affair of the season.

The dress rehearsal at the residence of Mrs. George H. Partridge last evening was most satisfactory and the small group of women who were invited to be present were enthusiastic over the play. A full dress rehearsal will be held Tuesday in Century hall.

The affair Wednesday will be preceded by several dinners, and among those who will entertain are Mrs. Henry Moreton and Mrs. F. B. Semple. About twenty-five St. Paul people have been invited to attend the performance and they will come in a chartered car.

When You Eat

Do you have a feeling of undue fullness in the stomach, belchings, or sour or bitter risings? These are but a few of the symptoms of the diseased stomach.
The worst thing which can be done for the stomach in such a case is to take some tablet or powder which merely gives temporary relief from discomfort. The best thing to do is to begin the cure of the disease by beginning the use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It makes the "weak" stomach strong, and puts the body in a condition of vigorous health.
"I was troubled a long time with dyspepsia, torpid liver, and constipation," writes Mrs. Julia E. Deal, of Ostwalt, Iredell Co., N. C. "Could scarcely eat anything at all; would have attacks of pain something like colic, and sometimes it seemed as though I could not live. I wrote to Dr. R. V. Pierce, stating my condition, and in a few days received a kind letter of advice, telling me to use Dr. Pierce's Golden Medical Discovery. I took four bottles, and one vial of Dr. Pierce's Pellets, and now I can eat anything I want and it don't hurt me. I have not been in bed a day since I took your 'Golden Medical Discovery,' and I have not since felt any symptoms of disease. I have not taken any medicine in twelve months."
Dr. Pierce's Pleasant Pellets cure constipation.
