TROOPS ARE CALLED OUT

A Street Car Strike at Waterbury, Conn.—Twenty Men Hurt in Riots.

Waterbury, Conn., Feb. 2.—With companies of the First and Second regiments, Connecticut National Guard, quartered in various parts of the city ready for an emergency call on account of the trolley strike situation, the Connecticut Railway and Lighting company officials reopened their lines for business at 5:30 this morning. There were few passengers on the early cars. No disturbances were reported. One of the companies of the national guard was sent to Naugatuck this morning and will be quartered there. Up to 6 o'clock the other companies which reached here last night were still quartered in the buildings where they spent the night.

The appeal to the governor for troops was made yesterday, after a conference of conservative citizens who believed the situation justified the request. The citizens as a whole were taken by surprise when the announcement was made that troops were ordered out, and the arrival of the soldiers made the night one of keen excitement, though no violence of any kind occurred. The soldiers, however, were everywhere met with jeers and hisses. No serious trouble was experienced during the early hours of the day.

There was considerable violence used Saturday night and much rioting and stone throwing. The violence continued yesterday, though no serious damage was done. One of the injured non-union motormen, who is in a serious condition, was ordered to be removed to the hospital. Three non-union men were on their way to the hospital for a stretcher when a mob of several hundred men and boys assailed them with rocks. The men ran and found refuge in the hospital. The mob surrounded the building and became so threatening that the superintendent telephoned to the police for protection.

About twenty non-union men have been injured in the riots.

Alexander Winthrop, a nonunion man, who was pulled from his car and beaten and trampled on by the mob Saturday night, was reported to-day as in a serious condition. The physicians fear that he has internal injuries. Eighteen other non-union men and conductors are at the car barns suffering from injuries received Saturday night. All of them have wounds caused by the fusillade of stones and pieces of flying glass.

The streets about the business portion were thronged all the morning, but the police kept the crowd moving about and though a number of arrests were made, there were no serious disturbances. General Manager Sewell of the Connecticut Railroad & Light company, said to-day that cars would be run on regular schedule day and night from now on, and that soldiers will ride as a guard on every car after sunset.

BYRNE IS OPPOSED

The Senate Will Not Confirm His Nomination.

Washington, Feb. 2.—The senate committee on judiciary to-day agreed to recommend that the nomination of William Byrne for United States district attorney of Delaware be rejected. This action was taken after quite an extended discussion. The ground for the action of the committee was the connection of Byrne with the Delaware politics. It was agreed to delay the report in order to give the president an opportunity to withdraw the nomination.
