residence. About 10 o'clock he went out of the house telling his wife that he was going to split wood. About 11 o'clock she went into the wood-shed, and found him hanging from a beam entirely dead. Some two years since, while living in M street, Georgetown, he attempted to cut his throat, and did so far as to succeed in cutting a gash from ear to ear, but did not sever the carotid artery. When he was found on that occasion, he was endeavoring to complete the puncture of the carotid artery with a penknife, already bleeding freely from the wound in his throat. Coroner Snell held an inquest, when a verdict of "Death from hanging" was rendered. Deceased leaves a wife and seven children. The children are in Connecticut. On Sunday, he went with his wife to Carvary Cemetery, and drank quite freely. No cause is assigned for the commission of the rash act.

COMMON COUNCIL.—The Board held a regular meeting last evening, Ald. KALBFLEISCH, the President, in the chair.

Inspection on the Board.—Previous to organizing as the Common Council, they met as a Board of Canvassers, Mayor POWELL in the chair, when counsel for Ald. Timothy Bannon, who holds over in consequence of the non-election of a successor at the election in April, presented an order from Judge Ingraham, of the Supreme Court, New-York City, restraining the Board from canvassing the votes cast for Alderman, &c., in the Twelfth Ward, at the special election on the 18th of the present month. Ald. Bannon claims that having been once admitted to a seat in the Board, he is entitled thereto until the next charter election. The order is returnable on Monday, the 7th of June next. The Board of Canvassers thereupon adjourned until Thursday.

Fountain in the Park.—Ald. WHITNEY offered a resolution directing the Water Committee to confer with the Board of Water Commissioners on the subject of providing fountains for the City Hall Park, and for such other places as they may deem expedient, and report the probable cost of the same. The resolution was adopted.

Fourth of July.—The resolution offered at a previous meeting, appointing a Committee of five to take charge of arrangements for celebrating the Fourth of July, was taken up and adopted.

Dogs.—A resolution was adopted offering a reward of 50 cents for each dog delivered to the Public Pound during the Summer.

TROUBLE AT THE CEMETERY OF THE EVERGREENS.—Yesterday, Mr. W. C. Kneeland, Controller of the Evergreens Cemetery, Barney O'Farrell, and one Murphy, who had been arrested by the Deputy Superintendent upon a warrant issued by Judge Culver, appeared to answer a double charge of assault and battery preferred by James Meyers, Adolphus G. Burgess and Gilbert H. Smith, committed on the 21st and 22d inst. The dispute arises from the following circumstances: Smith and Meyers are the owners of lots in the Cemetery, and employed Burgess to repair and sod these lots. Mr. Kneeland, for some reasons which have not yet fully transpired, forbade to allow Burgess to go on the ground, and on Friday last arrested him and took him before a country Justice, who discharged him; and on Saturday, on Mr Meyers and Burgess insisting on pursuing their work, a formidable opposition was made to their entering the grounds by the men employed there, when clubs, axes, pistols and other implements and weapons were brandished. The examination on the part of the prosecution was taken at great length, and adjourned to the 22d inst. at 3 o'clock.

FOUND DROWNED.—The body of a man, apparently about 50 years of age, was found in the water at the foot of Harrison street this morning. Deceased is about five feet six inches high, and was dressed in a dark drab frock coat, gray cassimere pantaloons, green overalls, coarse boots, checked cotton shirt, blue cloth vest, silk neck handkerchief. He had light hair and sandy whiskers under the chin. The body was taken to the Dead-House for identification.

COMMISSIONER OF JURORS.—The Board to appoint a Commissioner of Jurors for Kings County met yesterday, but only four members being present, they adjourned till next Monday.

A NEW CORONER.—Mr. Cornelius Cozine, who was elected Coroner last Fall, has resigned his position, and Mr. Thomas H. Redding has been appointed in his place. In connection with the Coroners' business, the police have received instructions from the Commissioners to notify the Coroner of the district hereafter when his services are required, and not to use the telegraph as here tofore to procure the attendance of Coroners living at a distance.

COMMITTED FOR EXAMINATION.—The man arrested on Sunday, on the charge of feloniously entering the house of Mr. Nicoll in Livingston street, were brought before Justice Morehouse yesterday, and committed to jail for examination on Wednesday next.

ARRESTS AND LODGERS.—The total number of arrests by the Police for the 48 hours ending Monday morning, was 166, mostly for drunkenness. The number of lodgers accommodated on Saturday and Sunday nights at the Station-Houses was 62. The Third Precinct Police made 40 of the arrests and accommodated 16 lodgers. The cells of that Station-House were so much crowded, that no more could be accommodated.

FIRE.—About 10 o'clock last night, a fire broke out in the basement of No. 109 Fulton street, which was just being fitted up as a bakery by Mr. Sweeney. The damage amounted to about $200.

NEW-JERSEY ITEMS.

BURGLARY AND ARRESTS.—The house of Elizabeth Service, No. 75 Newark avenue, was burglariously entered on Sunday night and robbed of about $50 worth of jewelry. Yesterday morning the police arrested two well-known hard characters, named John Quincey Adams and Joseph Stacy, on suspicion of committing the robbery, and also on suspicion of having stolen about $200 worth of silver ware and jewelry on Friday last from the residence of Mr. T. O'Nelle. The Recorder committed them for examination.

Yesterday being the anniversary of the birth-day of Queen Victoria, the steamship Persia, lying at her dock in Jersey City, was gaily decked out with the flags of all nations flying from her masts. At noon a salute of twenty-one guns was fired in honor of the occasion.

AN EXECUTION AT OSWEGO.—Dennis Sullivan who willfully murdered Joseph Hilebord, a veteran of the war of 1812 with his own sword on the 24th of last August, was hung at Oswego on Friday afternoon. He died almost as stolidly as he lived. The last scene recorded is that the Sheriff went up to Sullivan and asked him if there was anything further he desired, when Sullivan replied that he wished for a glass of brandy. This the Sheriff said he had not got, but sent for a glass of water, which Sullivan drank off. The cap was drawn over his face, upon which being done, Sullivan exclaimed: "Lord have mercy on my soul," and instantly afterward: "Good bye, gentlemen," and without an instant's delay, called out: "Go ahead, don't keep me here." The Sheriff, who was standing by the spring, at once said: "Good bye, Dennis," to which he responded: "Good bye," and upon a touch the spring removed the fatal catch, and in an instant the wretched culprit was launched into eternity. He seemed to die without any convulsive movement, except a few heavy heavings of the chest.

MONDAY, May 24—P. M.

Stock operators were not left long in doubt this morning as to the course of the market during the day, for at the opening of business in the street there was a strong and pressing disposition to sell at figures considerably under closing prices of Saturday, and at the first session of the Board the full force of this heavy feeling was experienced without material check from the start to the close. The most important transactions were in New-York Central, which from 84¾ dropped quickly to 84, and, after several vibrations, finally closed at this quotation bid—the sales covering over 3,600 shares. Erie went down to 21¾, with but moderate sales, and Hudson River, which on Saturday seemed to be very firm, fell off to 28¾, a decline of 1¼ ⅌ cent. Reading touched 43¾, but the cash stock was not pressed for sale, and there was but little disposition to take sellers' options, which were offered at larger differences than usual. Michigan Southern opened at 22¾, and settled down to 22 at the close of the call, but was firmer at this point and in demand at a slight improvement, soon after the adjournment. Galena went to 87¾, but was tolerably steady without much stock pressing on the market. Rock Island dropped to 73 immediately after opening sales, but rallied before the call closed, and was in fair request at 74 at the adjournment. The sales of Michigan Central, Illinois Central, and Milwaukee and Mississippi were unimportant, but all participated in the heaviness of the day, and were quoted at a decline of from 1 to 1½ ⅌ cent as compared with prices ruling at the close of Saturday. Between the Boards a slight rally from the extreme points of depression was established, and this moderate improvement was carried to the afternoon session, though not extending to all of the leading stocks. New-York Central maintained the prices of the morning, and Erie declined to 21¼. The receipts of Erie are about $30,000 ahead of last May. Hudson River, Rock Island, Michigan Southern and Reading were from ¼ @ ½ ⅌ cent better. Milwaukee and Mississippi sold on time at 29 @ 29¼, and after the Board at 28¼ @ ¼ for regular stock. In bonds the trade was quite limited, except for Missouri 6's, which declined to 84, but were in demand at the quotations, and La Crosse Land Grants, which went down to 32¼ at the second Board, a decline of 1¼ ⅌ cent as compared with closing sales of Saturday. Illinois Central bonds sold at 88¼ @ ¼ in the morning, but in the afternoon were in demand and advanced again to 88¾. In other bonds the changes were not material. The "British outrage" question has no doubt had quite an unfavorable influence on the Stock market to-day, although the excitement has not been intense enough to produce a panic *per se*. Some of the leading bull operators, looking rather uneasily at the agitation of this complicated and unpleasant question, have probably concluded to relieve themselves of a portion of their lines of stock, and in this reduction of load, which has been quietly but constantly going on for several days, the market has received a fresh supply of stock altogether beyond its absorbing capacity for the time. To-day the purchases have been mainly on short account, although a fair amount of outside orders have been attracted by the low prices, and under this impulse, manifested its moderate rallying tendency at the close. Whether prices are low enough to attract new parties outside into the field of speculation to large extent or not is a problem we will not undertake to solve; but it seems quite improbable that the decline can continue without meeting a strong check soon. A favorable solution of this war question, which is certainly to be anticipated in a common-sense view of the subject, would furnish the necessary impulse for a new upward movement. The closing prices were, for New-York Central, 84 @ 84¼; Erie, 21¼ @ 21½; Michigan Southern, 22¼ @ 22½; Hudson River 28¼ @ 28½; Reading, 43¼ @ 43½; Rock Island, 74¼ @ 74½; Galena, 87¾ @ 88; Michigan Central, 62 @ 62½; Toledo, 41 @ 41½; Missouri 6s, 84 @ 84½; Milwaukee and Mississippi, 28¼ @ 28½, &c.

The market for foreign bills for the steamer of Wednesday opens dull. Bankers are holding at firm rates, but there is an increasing supply of commercial and bank signatures, which can be had at a little concession on the rates of last steamer. Sterling is 9 @ 9¼; Francs, 5.16¼ @ 5.12½

Freights are dull and heavy. To Liverpool, 33,000 bush. Grain at 9 @ 9¼d.; 100 bales Cotton at 3-16d.; 500 boxes Cheese at 30s. To London, 1,000 bbls. Oil Cake at 2s. 3d. To Glasgow, 18,000 bush. Grain at 9½ @ 10d., in bulk and bags; 600 bbls. Flour at 2s. 6d., and 1,000 do. by steamer at 4s. A bark of 1,600 bbls. cut to Windward Island at 50c. ⅌ bbl. A bark to Belfast with Flour at 2s. 6d., and Grain at 8d., in shipper's bags. The ship Matilda, 600 tons to Sidney for $10,000.

The business of the Sub-Treasury was: Receipts, $1,800,969 72; for Customs $46,000; and Treasury Notes, $1,710,000; Payments, $686,695 48; Balance, $6,680,580 88.

The Bank averages of the week show a more favorable result than was anticipated in the specie reserve. The general expectation was that the line would show a falling off of about a million, whereas it is only $283,000. The interior specie movement has been quite moderate during the week, the exchanges affording generally a profit on the transportation of coin. The loans show a further expansion of over a million and a half, which is probably almost wholly caused by investments in Treasury Notes. The amount of business paper discounted at bank is probably no larger, if as large, as the amount paid off day by day. The loans are now within six and a half millions of the highest point touched during the expansion of last Summer preceding the crisis. The idle capital of the country contrives to center here, the undrawn deposits showing a further enlargement of nearly $700,000. The bank balances are very large; and private depositors, finding no profitable employment for money, allow it to remain in bank. The circulation shows a small decrease:

The following is a comparative statement of the condition of the Banks of the City of New-York, May 15 and May 22:

	May 15	May 22.	
Loans	$114,119,288	$115,608,082	Inc. $1,488,794
Specie	34,730,728	34,047,446	Dec. 683,282
Circulation	7,592,975	7,397,445	Dec. 195,530
Nom. Deposits	101,834,403	101,917,869	Inc. 133,706
Ind'n Deposits	83,599,285	84,297,738	Inc. 698,453
Sub-Treasury	5,266,966	4,630,590	Inc. 1,030,421

A portion of the specie in the Sub-Treasury is also included in the Bank averages, being represented by drafts on the Sub-Treasury, counted as specie in the Bank statements. The transactions of the Clearing-House show a further decrease in the activity of business.
