MUNYON'S INHALER FREE

Also a Package of Catarrh Tablets and a Package of Paw-Paw Pills Given ABSOLUTELY FREE!

With PAW-PAW A COMPLETE CURE FOR CATARRH

I am proving that my PAW-PAW and my Inhaler positively cure Catarrh. I don't care how chronic or how long standing; or how many doctors have failed to CURE. I know that I have found the most rational and positive cure that has ever been found. I know that my Paw-Paw will not only cure Indigestion and CATARRH of the stomach, but it will positively eradicate every particle of catarrhal poison from the blood. I make this statement on the testimony of thousands it has cured. Its vitalizing forces immediately build up the whole nervous system. It digests almost everything it touches. You can't be despondent, you can't have dyspepsia, you can't be nervous, you can't have insomnia if you will take Paw-Paw, but there are certain forms of Catarrh, such as CATARRH of the nose, head and throat, that positively must have local treatment.

Nothing that has ever been discovered is doing so much for the cure of Catarrhal deafness as this treatment. It allays the inflammation of the Eustachian tubes, so that the swollen and inflamed membrane is reduced and the hearing is gradually but positively restored.

To make my Catarrhal Treatment complete I am giving away my $1.00 inhaler, also a package of Paw-Paw Pills and a package of Catarrh Tablets absolutely free with each bottle of Paw-Paw for one dollar.

I want people to take my Paw-Paw at least four times a day; use the inhaler as often as convenient, and be sure and take a Paw-Paw Pill every night on retiring and to snuff or inject into the nostrils the solution made from the Catarrh Tablets.

I know this treatment will cure catarrh; I know it will cure indigestion; I know it will cure Nervousness. I know it will build up the general system. If your druggist cannot furnish the complete treatment, send me one dollar and I will send it by express, all charges paid.
—MUNYON, Philadelphia.

The inhaler reaches the sore spots, heals the raw places and goes right to the seat of the disease. It sends clouds of medication to the air passages that are inflamed; it washes them. It soothes them and puts them in a healthy condition.

BEAR IS A WHITE ELEPHANT TO HIM

Owner Has Not Called and Express Agent Doesn't Know What to Do with It.

St. Louis, March 15.—P. H. Callahan, agent of the Pacific Express company, has a bear on his hands which is causing him more trouble and anxiety than a drove of white elephants.

The owner seems to have abandoned it, and Mr. Callahan is lying awake nights trying to think what to do with the animal.

Bruin came in Saturday night. He had been put into the baggage car of a train somewhere down in Texas by the owner, who told the express messenger that it had been raised a pet and should be handled with care.

It got out of its crate several times and had to be beaten back into it, and it was in a vicious temper when St. Louis was reached.

The new owner has never possessed a bear before. He offered $20 to anybody who would put the beast into a strong crate and see that it got on a train for Pittsburg, but there were no takers.

The bear was taken to the express office and the man was to have called Sunday morning, but he did not. Mr. Callahan chained the bear in the basement. It is there yet, and Mr. Callahan is boarding it.

If the owner doesn't appear shortly there'll be a chance for somebody to get a bear at a bargain.

BETTER TIMES AT SUPERIOR

New Manufacturing Plants Started and Old Ones Reopened.

SUPERIOR, WIS.—The revival of industry in this section is shown nearly every day by the starting of new manufacturing plants and the reopening of those closed down for some time. The latest to resume operations will be the pipe foundry, which is to go into operation about April 1. Orders are on hand for 1,500 tons of culvert pipe, and with a force of about forty men, which it is contemplated putting on at first, about three months will be required to fill the contracts.

The Automatic Heating company of St. Paul will enter suit in a few days against the Superior school board to force payment for the Paul vacuum systems installed in six of the city schools by the company. The total amount which the company will sue for is $5,127, half of which it is claimed is due now. The school board will fight the suit to the end on the ground that the system did not come up to the guarantees made before it was placed in the schools. The apparatus has been removed from all the schools. This fact rather complicates matters in that the heating company has asked for tests in five schools where no recorded test was made, claiming that contract specifies that they shall be made. A recorded test was made in only one of the schools, the Ericsson.

Mike McNaughton, a brakeman on the Great Northern, was found dead in bed at his boarding house yesterday morning, having died in the night from a stroke of apoplexy. He has several relatives in this city.

CHIPPEWA FALLS, WIS.—The republican convention nominated Frank Jenkins, son of Congressman Jenkins, for municipal judge; J. E. Pannier, county judge, and H. C. Verbeck, superintendent of schools. The latter is the man who gained notoriety by beating the world's charivari record last fall.

A CUP OF TEA.

IN OLD JAPAN.

THE use of stimulants to spur up a tired and worn-out nervous system is becoming very common in these days of competition and exhausting business pursuits. The woman, tired out by a day's shopping and "just ready to fly" finds immediate relief in a hot cup of tea, as the man seeks his cigar for solace after a hard day's work. So common has the use of tea become that hardly a family is without it, and some years we import over 100 million pounds. Its use is largely confined to the gentler sex, the men preferring tobacco and alcoholic stimulants. Tea in itself, unless drunk to excess is a harmless beverage, its first effect being a slight stimulation of the nervous system. Its excessive use, however, disturbs the digestive function, causing catarrh, indigestion, biliousness and constipation. The craving for stimulants, however, in every case, indicates a condition of lowered vitality of the nervous system, due either to over-work or lack of nourishment. Our habits of life are becoming more and more artificial, we eat too much, do not get sufficient exercise, and overdo in many ways. Were we to live perfectly natural lives, being in the open air and practicing regularity in all things, our systems would soon strike a balance that would make the use of drugs and medicines entirely superfluous and unnecessary. Dr. R. V. Pierce, the famous specialist in women's diseases, believes that our women do not give sufficient attention to their physical welfare. He says, "Many of the ills and distresses from which our modern women suffer could be avoided by forethought and reasonable living. A few moments of each day given to systematic exercise, a few moments relaxation in the middle of the day, and avoiding exposure, especially at critical periods, should fortify the constitution against aches and pains." Many women feel that they cannot afford to take a half-hour nap in the day time, but the experience of those who have tried it goes to prove that the additional vigor and vitality imparted by this brief rest enables the woman to do more work and do it better. If such simple means do not suffice, it shows that disease is already present, and should be attacked at its roots. Dr. Pierce, nearly forty years ago, prepared a tonic for the use of weak women. He carefully eliminated any harmful or injurious substances, from its composition, excluding alcohol and narcotic drugs, and only incorporated such drugs as his long experience had proved to be useful in relieving woman's ills. Its success was immediate and remarkable, and it stands to-day as the foremost remedy for diseases of women, Dr. Pierce's Favorite Prescription. It strikes at the root of the trouble, stops weakening drains, relieves pelvic congestion and inflammation and gives tone and vigor to the organs. There is nothing which interferes with the proper action and beneficial effect of a remedy so much as constipation, and Dr. Pierce also prepared a suitable medicine to meet this condition. Dr. Pierce's Pleasant Pellets are a mild, purely vegetable laxative pill, and act like magic on an overloaded, weakened bowel. They are indicated in all cases when there is constipation present, and are sure in their action.

If you are ill and suffering, Dr. Pierce invites you to write him and receive the benefit of his experience free of charge. An experience of forty years, especially devoted to the cure of woman's ills is at your service, and you can write him freely and openly, as all communications are held sacredly confidential. Write to-day, telling your trouble, and he will promptly answer your letter and outline a plan of treatment that will relieve you.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I want to tell you of the great improvement in my health since taking your 'Favorite Prescription,'" says Mrs. H. S. Jones, of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having good health again. Could not sit up all day. I noted a great improvement before the first bottle was all used. Was suffering with almost every pain that a woman is subject to; had inflammation of ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription,' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired."

OUR SUGGESTION FOR THIS WEEK

A Three-for-a-Quarter Havana Cigar

WE introduced the HAVANA-AMERICAN Brand of Havana cigars a few months ago and it has already become our leading high grade brand. One of the best sizes of this brand is the "Regalia" at three-for-a-quarter. It is made entirely of very choice Havana tobacco and is superior in size and quality to any other standard three-for-a-quarter cigar in the market. Ask for HAVANA-AMERICAN Regalias.

KIMBALL'S ANTI-RHEUMATIC RING

Kimball's Anti-Rheumatic Ring is a speedy and permanent cure for Rheumatism, Neuralgia, Sciatica, Gout and Paralysis.

Price, $2 by Mail. Gold Covered, $5.

WHAT CHAUNCEY M. DEPEW SAYS:

"I have received the greatest amount of benefit from it, and if I were so placed that I could not find another, I would not part with this one for ten thousand or any amount of dollars. It certainly is a great invention, and I know that it is doing me good as well as to the persons to whom I have recommended it, who, like myself, are or were suffering from rheumatism. Among my friends there are many who have bought Rings from Mr. Kimball on my recommendation. I have yet to hear of one who is not benefited by the experiment, which is invariably made in sort of an incredulous manner. So far as I am concerned, I endorse the Ring fully."
