The Chicago Tribune talks about the Illinois bank, in the following style:

"At the late meeting of the Western bankers, in Cincinnati, called for the purpose of establishing a Clearing-House for Western currency, not a single Illinois bank was represented. We do not wonder at the fact. The gentlemen who control the circulation of the West are directly interested in debasing it as far as possible. In Chicago, Georgia wild-cat influence is strong, though not predominant; and in other parts of the State, banking means anything but paying specie on demand. It will not always be so. As soon as the hard times are less severely felt, we shall be astonished if the auditor and bank commissioners do not make our banks redeem, or do the next thing—wind up. There's been feeling enough."

Speaking of the Money market, *The Boston Post* says:

"The current rate for money on prime paper seems to be 5 ⅌ cent. The market continues exceedingly dull, and large sums cannot be lent at any price. The supply of credit is as abundant as ever, in comparison with the demand, and any amount of money can be readily obtained in the street or at the banks at from 4 to 7 ⅌ cent, according to the standing of the applicants, the size of the loan, and the character of security offered. The bank specie continues to exceed nine and a quarter millions, not withstanding the recent large payments for Treasury notes. At the close of the week, New-York funds were in brisk and general demand, but the supply seemed sufficient, if not over abundant. Business continues very moderate, save in exceptional cases, which, however, are to be found in every branch of trade. Very many wholesale and retail houses are, and have been, doing nearly or quite as much as in the corresponding months of 1857. Others show from one half to three quarters of the business of last year; while others are and have been very quiet since the pan'c. There is and has been no rush anywhere; but the trade that has been done is evidently healthy, and the per centage of cash taken is remarkably large. The dull weather of the last fortnight has injured business considerably."

The Philadelphia Ledger says:

"The North Branch Canal has been sold for $1,500,000, and Gov. Packer has signified his approval. The purchasers, who intend, it is said, making it a finished and useful work, have organized a company, under the style of 'The North Branch Canal Company,' and have elected Mr. Charles F. Wells, jr., of Athens, President, and Mr. George M. Hollenbach of Wilkesbarre Treasurer, with an efficient Board of Managers. The money to complete the upper division of this important work, it is reported, has been raised, and within two weeks or less boats are expected to pass through the entire line."

N. Y. Wholesale Prices of Country Produce,

FOR THE WEEK ENDING JUNE 2.

[Reported exclusively for THE N. Y. TRIBUNE by DREW & FRENCH, Commission Merchants for the sale of Fruits and Produce, No. 85 Barclay street.]

NOTICE TO CONSIGNORS OF FARM PRODUCE.—Put up everything in neat order. Mark plain, indelible directions on every package, including weight, with tare, count and name of articles. Also, take a bill of particulars inside of one package, marked "Bill," and always send one by mail, with notice when and how things are forwarded.

COMMISSIONS.—For selling Berries, Fruits, &c., where packages are returned, and on small lots of stuff, 10 ⅌ cent. Other Farm Produce generally, 5 ⅌ cent.

QUOTATIONS are for sales of good Produce, in good order, at wholesale, such as Farmers realize, and not Jobbers' or Speculators' prices.

BUTTER is dull, and most grades below choice extras are nearly or quite lc. lower. Extra in firkins for shipment brings the highest price.

Butter only brings highest quotations when perfectly made and sweet, in small, neat packages. We quote:

Orange Co., Prilb, ⅌ lb.20 @22 | Extra State, firkins ....22 @23

CHEESE continues dull, and prices must range low, at least until the stock of Skimmed is worked off, and its place supplied by better qualities. We hear of sales of Skimmed Cheese for shipment to the extent of about 1,0 boxes at prices ranging from 4@5c.; per contra, small sales have been made of extra rich, fine-flavored and well-cured Cheese at 8@9c., but the amount of this quality in market is exceedingly small. We quote:

Extra, ⅌ lb	8½ @ 9	English dairy (Goshen)	10 @12
Fair to Prime	6 @ 8	English dairy (Ohio)	8 @10

BUCKWAX—23c. ⅌ lb.

POTATOES—The arrivals of Old Potatoes from the West and North are very light; the better grades are 25c ⅌ bbl. higher than at date of last report. No arrivals yet of Nova Scotias, but three cargoes (mentioned last week) are still due. Two lots Bermudas, in all 800 bbls., and above 1,000 New, from Charleston, have arrived. The West has been sending some varieties not heretofore known in this market, and although some of them are of good quality, they have during the late abundance of other first-class and well known sorts sold very low, causing them to be shipped. The present comparative scarcity, and the better knowledge acquired of qualities, gives prominence and ready sale to the best new-comers. They are known at the West as Black Mercers (black outside and inside), not worth sending. Blue Mercers, with blue skin and white meat, streaked with blue; also Blue Mercers with meat entirely white, and Keeler Blues, which are a round Potato with blue skin and white meat—the last three sorts are all good, but the last two, when of good size, are preferred.

Markets—CAREFULLY REPORTED FOR THE N. Y. TRIBUNE.

WEDNESDAY, June 2, 1858.

ASHES—The demand for both kinds is limited, but prices are unchanged; sales of 50 bbls. at $6.

BOOTS AND SHOES—There is very little doing now in this branch of business, and the season may be considered over. We presume it is hardly necessary to say that it has been a dull and unprofitable one, but not more so than could be expected under the existing circumstances. It is now anticipated that we will have a fine Fall trade, and already some of the most sanguine of the large operators have been making contracts for August and September delivery at the East. It would be well, however, to pause before entering into speculation, even in Boots and Shoes, for the Fall, for people in the interior must pay their debts before they can well get under weigh; and it makes a great difference to them whether they get 75c. or $1 50 for Wheat, or $3 50 or $7 for Flour.

COTTON—The market is dull and heavy; our quotations must not be taken as a guide to prices, being altogether nominal; the sales are 3,000 bales since this day week.

FLOUR AND MEAL—The inquiry for Western Canal Flour is fair, the falling off in freights and diminished arrivals gives sellers the advantage in extra State; the trade has been in good request for the home trade and for shipment, and the medium grades have sold more freely at rather better rates; the sales are 16,500 bbls (including 550 bbls. since change) at $3 70@$3 85 for common and superfine State, $4@$4 05 for extra do., and small lots at $4 10, $3 85@$3 90 for superfine Indiana, Iowa and Michigan; $5 75@$4 ⅌ for extra do.; $4 40@$4 50 for extra round hoop Ohio (shipping brands), and $4 55@$5 for do. trade brands; $4 60@$7 for St. Louis brands, and $4 80@$6 50 for extra Genesee.
