$400,000.—CITY OF LOUISVILLE (KY.) WATER WORKS BONDS.—The undersigned offer for sale $400,000 of the Six Per Cent Bonds of the City of Louisville (Kentucky), issued for Construction of Water Works, interest payable May 1, 1867, principal and interest payable in the City of New-York.
The Bonds are secured by (besides the faith of the City) the pledge of the Stock of the Water Company and an irrepealable tax of ten cents on each $100 of all the real and personal estate of the city. The charter contains on the city full power to contract debt and issue bonds.
The present debt of the city is $3,301,000 00
With assets consisting of real estate, stocks, &c., of 4,015,776 00
The assessed value of the taxable property of the city for 1857 amounts to 31,623,564 00
Note that one-half of the present city indebtedness is contingent on the several Railroads and the Gas Company, to whom $1,000,000 of the Bonds are issued, are bound to pay the principal and interest of the Gas Stock having already retired $200,000 of the original issue to that Company. The Louisville and Frankfort Railroad Company has retired $100,000 of the issue to it, with a large sinking fund applicable to the balance. The Lebanon Branch Road has mortgaged its property to secure its contract to retire the Bonds and the ability of the other Companies to fulfill their contracts is not questioned.
The population of the city is 70,000.
Copies of the charter of the city, the ordinance under which the Bonds are issued, the deed of trust of the Water Company's Stock to commissioners of the Sinking Fund, and all other information concerning the Bonds, may be had on application to
