Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

Here Is a Sensible Treatment That Gets Prompt Results.

For real, downright, harrassing discomfort, very few disorders can approach so-called skin diseases, such as Eczema, Tetter, Boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes and other treatment applied externally to the irritated parts.

No one ever heard of a person being afflicted with any form of skin diseases whose blood was in good condition. Therefore, it is but logical to conclude that the proper method of treatment for pimples, blotches, sores, boils, rough, red and scaly skin, is to purify the blood and remove the tiny germs of pollution that break through and manifest their presence on the surface of the skin.

People in all parts of the country have written us how they were completely rid of every trace of these disorders by the use of S. S. S., the matchless, purely vegetable blood purifier. S. S. S. goes direct to the center of the blood supply, and purifies and cleanses it of every vestige of foreign matter, giving a clear and ruddy complexion that indicates prfect health. "Along toward early autumn, after the tobacco crop had been cured, and packed away in the barns, the planters from up and down the river would foregather, usually at the Strobridge place, thence to set out on the first fox hunt of the season."
—Early Virginia, page 243.

Virginia-Carolina tobacco still holds the world's favor

WHEN, in 1587, the tobacco that we know as Virginia-Carolina tobacco was introduced into England, it quickly became "the rage". Since then it has gained steadily in popularity all over the world.

In 1918, in the United States alone, five times more Virginia-Carolina tobacco was smoked in cigarettes than all the foreign-grown tobaccos combined. That's because a cigarette of this sun-ripened home-grown tobacco has a crisp, lively relish that no cigarette of foreign or mixed tobaccos can match.

Piedmonts—made entirely of choicest Virginia-Carolina—will prove this to you.

The Virginia-Carolina Cigarette

Piedmont

NOTE—Virginia-Carolina tobacco is grown here in the U. S. A. Unlike foreign-grown tobaccos, it carries no Import duty. Import duty doesn't make a cigarette any better—it merely adds to its cost. Piedmonts give you better value because *all* your money buys tobacco quality.
