DANDRUFF—Itching Scalps and Falling Hair are caused by Starved hair glands. Nourish the glands, cleanse the scalp and you'll have fine, thick Hair. —Rexall "93" Hair Tonic is a hair food, stimulant and color-restorer, cures dandruff and grows hair of a natural color.

"You certainly have got a dandruff cure and hair grower in Rexall "93" Hair Tonic. I had Dandruff so badly that I hated to go among my friends. I washed and shampooed my hair, but in a day or two it would be as bad as ever, the itching at times was awful and my hair was falling out. I saw Rexall "93" Hair Tonic in the druggist's window, and on his advice and guarantee I bought it. Almost immediately my hair took on life and new color, the dandruff disappeared and I haven't had a trace of it for weeks.—CARRIE SPILCHER, 74 West 124th Street, New York City.

WHERE WAR RAGES

PARIS, June 7.—The Foreign office received a dispatch this morning definitely announcing that Gen. Kuropatkin, with his main force, is at Liao Yang.

VLADIVOSTOK, June 7.—All is quiet here. It can be stated that Port Arthur is abundantly supplied with provisions and munitions of war. The bulk of supplies now there was sent from here before communication was cut off.

CHEFOO, June 7.—An impression prevails here that a naval battle took place last night in the Gulf of Pechili. Passengers on steamers passing the Liaotieshan promontory at the time did not hear any firing, while reports come from Teng Chow of heavy firing being heard there.

CHEFOO, June 7.—Preceding a sea attack on Port Arthur last night the Japanese apparently made a determined effort to advance on that stronghold by land.

TOKIO, June 7.—A detachment of the Japanese force which landed at Takushan surprised and routed a company of Cossacks on Sunday at Kan Chia Tun, on the Kin Chou road, seven miles northwest of Takushan.

SEOUL, Korea, June 7.—A telegram has been received here from the Japanese Consul at Gensan, Korea, saying that the Russians who were at Ham Heung have retired in the direction of Pingyang.

TOKIO, June 7.—Admiral Togo reports that the clearing-up operation in Talienwan bay is progressing satisfactorily, despite rough weather. Forty-one mines were discovered and exploded between June 2 and June 6.

TOKIO, June 7.—It is said that when the Russian abandoned Taku Kao they poisoned the water sources. Admiral Kataoka is investigating the charge.

SEOUL, June 7.—Reliable information has been received here from Pingyang to the effect that Cossacks between Anju and Kai Chou are reported to be killing the Korean natives and looting their homes.

MUKDEN, June 7.—The authorities announce that the interpretation of journalistic criticism of things Russian written before the war or before the military recognition of the press is now waived and that all charges against correspondents here on account of such criticism or for other reasons have been removed.

Colorado Democrats Are Not Instructed

Delegation to St. Louis Has Free Hand in the Selection of Candidate for President.

PUEBLO, Colo., June 7.—The Democrats of Colorado today named delegates to the National convention at St. Louis, as follows:

First District—Delegates at large: Charles S. Thomas, Charles J. Hughes, Jr., T. J. O'Connell, Denver. District delegates: Charles B. Ward of Boulder, Harry Einsley of Denver.

Second District—Delegates at large: A. P. Seeds, Cripple Creek; Alva Adams, Pueblo; George E. West, La Plata.

Third District—John H. Voorhees, Pueblo; J. H. Robeson, Clear Creek.

Judge John I. Mullins of Denver was unanimously elected national committeeman.

The delegation goes uninstructed. The Hearst people captured the caucus held by the Second district delegates, but when they attempted to pass a resolution instructing for Hearst through the convention it was turned down by a vote of 379 to 108.

The platform indorses the Kansas City platform of 1900 and instructs delegates to use all honorable means to secure a platform in harmony therewith; demands the enforcement of all anti-trust laws; demands a complete revision of the tariff and the placing of all trust-made goods on the free list; demands the admission into the Union of Arizona, Oklahoma and New Mexico; demands that the people of the Philippines be insured their independence at the earliest possible moment; opposes giving national banks the power to in any manner control the circulation of the money of the Government; demands swift and sure punishment to the perpetrators of the Cripple Creek outrage; declares for law and order, but condemns Gov. Peabody for deporting men from their homes; pledges just treatment to both labor and capital; condemns Republicans for extravagance in State financial affairs; holds Republicans responsible for the failure of the Legislature to enact an eight-hour law.

Strong resolutions commending Mr. Bryan were adopted.

Great Nations Working Together

Object in View Is to Secure Release of Citizens From Moorish Bandits.

LONDON, June 7.—The Foreign office denies that the British Mediterranean squadron has sailed for Tangier, as cabled from Gibraltar. Only one ship, as originally reported, will be sent. It is believed that, with the co-operation of France, satisfactory arrangements can be made for the release of Messrs. Perdicaris and Varley.

The statement that the United States intends, in the event of the failure of the negotiations, to seize a Moorish port is not credited at the Foreign office, where it is said that the United States and Great Britain are harmoniously working, with the co-operation of France, to secure the release of the prisoners with the least possible disturbance of existing conditions.
