THE DUKE OF VERAGUA'S VISIT.

An Interesting Correspondence Between Him and the Secretary of State.

The following correspondence explains itself:

NEW YORK, June 12, 1893.

Sir: In taking leave of the government I have the honor to request that your excellency will convey to the Congress and the people of the United States the profound and sincere gratitude of my family and myself for the honor that has been conferred upon us and the hospitality that has been extended to us during our visit to your excellency's country.

I am not ignorant of the fact that only once before in the history of the United States has your excellency's government so honored a citizen of another nation, and I feel the more grateful because my name in this way will be linked with that of Lafayette.

I cannot adequately express my admiration for the grandeur, the progress and the prosperity of the United States and for the intelligence, the enterprise and patriotism of the people, and no words that can command would fitly describe the majestic exposition that commemorates the discovery of America.

As that was the greatest triumph of civilization in the fifteenth century, so is the exposition at Chicago the greatest triumph of civilization in the nineteenth century.

To the officers of the exposition my family and myself tender our heartiest congratulations, and to them, as well as to the officials and citizens of the several places we have visited, we can only offer the most grateful expressions of appreciation for the distinguished attention we have everywhere received.

I may ask also that your excellency will express to the President of the United States the regret I feel because of conditions over which I have no control I am denied the privilege of again visiting Washington to offer my thanks in person to him and to pay my farewell respects to the chief magistrate of a people who have done so much to honor the descendants of Christopher Columbus.

I have the honor, Mr. Secretary, to be

Your most obedient servant,
THE DUKE OF VERAGUA.

To the Honorable Secretary of State of the United States of America.

DEPARTMENT OF STATE,
WASHINGTON, June 13, 1893.

His Excellency, Don Christobal Colon de la Cerda, Duke of Veragua:

Sir: Your letter of the 12th instant, expressing your high appreciation of your reception in this country and tendering to the Congress and the people of the United States your thanks therefor, has been handed to me by Commander Dickens, to whom, upon his return to New York, I intrust this reply.

The gratification which the government and people of the United States have justly felt at this being enabled to welcome as the guest of the nation one whose name and blood today represent the great admiral to whose perseverance and dauntless faith the discovery of our new world is due has found its fitting expression in the cordial welcome extended to you, and your visit to our shores will ever remain prominently associated with the Columbian commemoration now in progress.

I am glad to believe that your coming hither, coupled with the conspicuous part your countrymen have taken in the Chicago exhibition, will have a due share in strengthening the good will and sincere friendship which the people of the United States bear to Spain.

Commander Dickens has been directed to make the necessary arrangements for your voyage back to Spain, which I trust will prove to be agreeable to you.

Wishing you a safe return to your own country, I am, with the highest esteem, your obedient servant,
W. Q. GRESHAM.

CAN'T FIND A MAN.

Difficulty in Selecting a Suitable Assistant Secretary of Agriculture.

The President and Secretary Morton are having difficulty in selecting a successor to Assistant Secretary Willetts of the Agricultural Department, whose resignation has been accepted, to take effect June 30. There are twenty or more applicants, but the President, when the matter was brought to his attention last week, did not seriously consider more than three names. Some of the applicants from the west and north are considered to be qualified for the place, but the President, departing from the custom of his predecessors in appointing a western man, feels that the south, which has recently developed so much in agriculture, is entitled to the place.

There are not many "eligibles" from the southern states, and consequently it seems probable that Assistant Secretary Willetts may be requested to retain his position until a suitable successor can be determined upon.

Senator Vest Leaves.

Senator Vest of Missouri and a party of friends left in the F. F. V. last night for Hot Springs, Va., where they will spend a considerable portion of the hot weather.

The Proposed Submarine Boat.

The designs recently submitted for a submarine boat have been referred to the naval ordnance bureau for preliminary examination, and they will later be submitted to a special board with a view to the selection of the most feasible design. Although but three of the eight bids received contemplated the actual construction of the boat, the advertisements for proposals were so framed that if there is a really meritorious design submitted by an impecunious inventor the department will be in a position to buy the design and contract with other persons to build the boat. From a cursory examination of the plans submitted by persons who propose to actually build the craft it does not appear that any novel ideas have been evolved by them.

Not Seriously Damaged.

The report that the naval board which inspected the damage done the Port Royal dry dock by the appearance of water in the timber of the bottom, shows that little damage was done to the dock proper. As a precautionary measure, however, the board recommends that the dock be strengthened by certain minor additions to the timbers of the flooring and the expense of the work be borne by the government. No fault was found with the contractors for the damage, which can be easily repaired at a slight cost.

Decision to Be Contested.

The government is not disposed to accept as final the decision of the United States district court at Seattle, Wash., that it has lost entirely the power to control the use of the lands of the Puyallup Indians near Tacoma by reason of the allotment of the lands in severalty, and Attorney General Olney has given instructions to the United States district attorney at Seattle to make appearance immediately in behalf of the Indian agent.

Increase of Internal Revenue Receipts.

A statement prepared by Mr. Miller, commissioner of internal revenue, shows that collections of internal revenue for the eleven months of the current fiscal year amounted to $145,682,390, an increase over the corresponding period of the last fiscal year of $7,457,403. The principal items of revenue are: Spirits, $65,926,357, increase of $3,889,815; tobacco, $29,328,887, increase of $968,708; fermented liquors, $23,721,526, increase of $94,078; oleomargarine, $1,532,056, increase of $362,524. The aggregate receipts for May were $520,314.74 greater than those for May, 1892.

Army Orders.

Leave of absence for three months is granted Maj. William H. Bisbee, seventeenth infantry.

First Lieut. Charles B. Wheeler, ordnance department, is relieved from temporary duty with the ordnance exhibit at the world's Columbian exposition, Chicago, Ill., to take effect July 1, 1893, and will then report for duty at the Sandy Hook proving ground, New Jersey.

Leave of absence for three months is granted First Lieut. Jesse McI. Carter, fifth cavalry.

The leave of absence granted Second Lieut. Edmund S. Wright, ninth cavalry, is still further extended fifteen days.

Leave of absence for three months, on surgeon's certificate of disability, is granted First Lieut. George A. Zinn, corps of engineers.

The Case of Capt. Higginson.

Capt. Higginson, who was detached from the command of the U. S. S. Atlanta as the result of delay in getting his ship off to Nicaragua last May, had a long interview with Secretary Herbert yesterday. He was informed that he was at liberty to present a written statement of his case or he could request a court of inquiry. The officer has as yet made no response.
