HORRIBLE MURDER BY A MADMAN.—A telegraphic dispatch from Wellfleet, Mass., gives the following particulars of a murder in that town:

"On Sunday night, between 12 and 1 o'clock, Mr. Eben S. Ward of South Wellfleet was murdered by his son-in-law, Samuel Fish. The murderer has been captured and has confessed the crime. The first intimation of the presence of any person around the house was at 12:15, when two bricks were thrown through the window of the bedroom in which they were sleeping. Mr. and Mrs. Ward got up, lighted a lamp, and went into a back room, and he, being terribly frightened, dared not go out of doors to see who was there, and give an alarm. All was still for half an hour, when two more bricks were thrown into the kitchen window, where they were sitting. They then went into the front room, Mrs. Ward leaning against the door, and Mr. Ward walking the room. Mrs. Ward, turning round, saw the muzzle of a gun pointed toward them through the kitchen window. She stepped aside, and at that instant the gun was fired, and Mr. Ward fell, exclaiming, 'Oh, my God!' One hundred and eight shot-holes were counted on his right breast—his arm and two ribs being broken. Nothing was known of the murder until daylight next morning—the women in the house being too frightened to go out and give an alarm. Fish is not of sound mind, and is at times crazy. He attempted to shoot himself after committing the murder, but the cap on the gun did not explode."

N. Y. Wholesale Prices of Country Produce.

FOR THE WEEK ENDING WEDNESDAY, MAY 4, 1859.

[Reported exclusively for THE N. Y. TRIBUNE, by DREW & FRENCH, Commission Merchants for the Sale of Fruits and Produce, No. 8 Erie Buildings, (3d door below Washington street), extending through from No. 180 Reade street, to No. 246 Duane street.]

NOTICE TO CONSIGNORS OF FARM PRODUCE.—Put up everything in neat order. Mark plain, indelible directions on every package, including weight, with tare, count, and name of articles. Also take a bill of particulars inside of one package, marked "Bill," and always send one by mail, with notice when and how things are forwarded.

COMMISSIONS.—For selling Berries, Fruits, &c., where packages are returned, and on small lots of stuff, 10 ⅌ cent. Other Farm Produce generally, 5 ⅌ cent.

QUOTATIONS are for sales of good Produce, in good order, at wholesale, such as Farmers realize, and not Jobbers' or Speculators' prices.

BUTTER AND CHEESE.—The Butter market is steadily drooping, and is now from 1@2c. lower than this day week, for all grades except Orange County, which is still held at the old figures, but a reduction of full 3c. ⅌ lb on this description is expected next week. Choice Welsh tubs and half firkins move slowly to-day at 20@21c., but only the very finest can now be sold at the outside figure.

GAME AND BIRDS—All the questions and impediments to legitimate trade growing out of the absurd and oppressive ordinance of the Common Council of this city, which, under extravagant penalties absolutely and without exception, prohibited the sale in this market of Venison and certain kinds of Birds during six months of the year commencing on the first day of January, have been settled by a law of the State, recently passed. This law prohibits the killing within this State of any wild deer, partridge, quail, woodcock or snipe, during the months of February, March, April, May, June and July, under penalty of $25 for each offence.

Common carriers or their agents may, in the discharge of their legitimate business, transport Deer or Game during the inhibited period without violation of law; and commission merchants and dealers are protected, if they can show to the satisfaction of the Court that the Game in question came from any other State, or any foreign country, or that it was not killed during the inhibited period.

The taking of speckled or brook Trout is prohibited between the 15th day of September and the 15th day of February, under the same penalties and provisions as in the case of Game; but the Cayuga, Seneca, Crooked and Otsego Lakes are excepted from this prohibition. We quote:
