with freight, and thus render the line a first class one. When this shall be done the receipts of the Norwich and Worcester may be increased to $300,000 annually, without any proportionate increase of expenses, and it will become a firstclass investment, paying dividends regularly."

In relation to the movement in Cotton, E. F. Satterthwaite's circular quotes:

We have had a firm market during the past week for American Securities. There is a good demand for United States, Pennsylvania, and Virginia bonds. The probability of the new direction of the Erie Road working it through its difficulties without setting down of any kind has imparted more confidence to the holders of the various classes of its securities. We note an improved inquiry for Third Mortgage and Unsecured Bonds. New-York Central Bonds of 1864 are much wanted, but none are supplied. Illinois Shares and Bonds remain without change; considerable transactions have lately taken place in Detroit and Milwaukee. 7 ⅌ cent First Mortgage Bonds, and an advance of 3 ⅌ cent established; the last four weeks' traffic has averaged £19 5s. per mile per week, which is considered very satisfactory.

Consols close 96¼@¾ for money and account.

N. Y. Wholesale Prices of Country Produce.

FOR THE WEEK ENDING TUESDAY, NOV. 22, 1859.

[Reported exclusively for THE NEW-YORK TRIBUNE, by DREW & FRENCH.

NOTICE TO CONSIGNORS OF FARM PRODUCE.—Put everything in neat order. Mark plain, indelible directions on every package, including weight, with tare, count, and name of articles. Also tack a bill of particulars inside of one package marked "Bill," and always send one by mail, with notice when and how things are forwarded.

COMMISSIONS.—For selling Berries, Fruits, &c., where packages are returned, and on small lots of stuff, 10 ⅌ cent. Other Farm Produce generally, 5 ⅌ cent.

QUOTATIONS are for sales of good Produce, in good order, at wholesale, such as Farmers realize, and not Jobbers' or Speculators' prices.

BUTTER—Stagnation is the ruling feature of the Butter market. Choice fresh-made Butter, of which there is but little, is salable at our quotations. In other grades the transactions are hardly sufficient to make a basis of quotations, and our inside figures may be calculated upon with more safety than the outside. We quote:

Orange Co. pails, ⅌ lb	25 @28	State, common	12 @15
State, rft. firk. dairies	20 @22	Western Res., best, late made	16 @18

State, ex. W'ch t'bs, do.	19 @21	Western, fair to good	13 @14
State, ex. Fall-made	23 @24		
State, fair to good	16 @18		

CHEESE has been very dull during the week, but a little more activity is observable to day. We do not change our figures, but anything above llc. is very rarely obtained. We quote:

Extra quality, ⅌ lb	10¾@11½	English Dairy, Goshen	11½@12
Fair to good quality	9 @10	English Dairy, West	10½@11
Ohio, choice	9 @10		

BROOM CORN is firm, with a speculative movement, and an upward tendency. We quote: Best grades, ⅌ lb, 8@9c.

BUCKWHEAT FLOUR—Good quality, $2 25@$2 50.

BRANS—We quote:

Mutton, carcasses	4 @ 6	Shoats, prime fat	7 @ 7½
Pork, carc., corn-fed	7 @—	Veal, carcasses	7 @ 9

GAME AND BIRDS—The receipts of Venison have been quite light during the week. The usual supply due on Monday, via propeller from Portland, Me., failed to come, probably not reaching the steamer in season. Ducks and small birds are a little higher, with an upward tendency. We quote:

Pigeons, flight, ⅌ doz.	75@ 88	Black Ducks, ⅌ pair.	38@ 50
Pigeons, tame, ⅌ doz.	1 50@1 75	Wood Duck, ⅌ pair	25@ 37

Ducks, red-heads, p'r.	50@ 62	Quail, L. I., ⅌ doz	1 75@2 00
Ducks, broad-bill, do.	31@ 38	Venison, saddles, ⅌ lb	11@ 12
Ducks, widgeon, ⅌ pr	31@ 38	Venison, carcass, ⅌ lb	8@ 9

POULTRY—From the date of our last report until the close of that week, under rapidly-increasing receipts, and warm, wet and even sultry weather, prices declined 3@4c. ⅌ lb.

On Monday (yesterday), with cool, brisk weather, the market improved about 1c. ⅌ lb, nothwithstanding pretty large receipts and a good deal of rough stock. To-day (Tuesday), the receipts by express were lighter than was expected—Tuesday is always a light day—and receivers readily obtained another 1 cent advance, in the face of a most disagreeable rain storm.

Country people coming to market by steamboats and barges, in such inclement weather, and probably remembering the experience of last year, did not attempt high prices, but sold out rapidly at 2@3c. lower than regular commission houses were obtaining.

The receipts to-morrow will no doubt be much larger than to-day, and prices probably will drop a little; but we do not anticipate such an overwhelming glut, or such low figures as last year.

LIVE POULTRY—We quote:

Fowls, ⅌ lb	8 @ 9	Ducks, live, ⅌ pair	50@ 75
Spring Chickens, ⅌ lb	8 @ 10	Turkeys, live, ⅌ lb	9@ 10
Geese, ch., L. I., ⅌ hd.	1 00@1 25	Guinea Fowls, ⅌ pair	50@ 62
Do., common, ⅌ head	62@ 75		

POULTRY BY THE PACKAGE—We quote:

Fowls, ⅌ lb	8@ 9	Bucks Co. Chickens, lb	12 @ 13

POTATOES—The market continues overstocked, and excessively dull. Six cargoes of Nova-Scotias are in, selling at 40@45c. ⅌ bush. We make no material change in our figures. We quote:

BOARD OF EDUCATION.

At a meeting of the Board of Education held at their rooms, corner of Grand and Elm streets, last evening, the petition relative to the reading of the bible in the public schools of the city was received.

COMMUNICATION OF THE BOARD OF TRUSTEES OF THE FOURTEENTH WARD.

To the Honorable the Board of Education for the City and County of New-York:

GENTLEMEN: The undersigned Board of Trustees of the Fourteenth Ward respectfully present to your body the following communication, as a proposal toward the settlement of certain differences, herein stated, which have arisen between your Board and the Board of Trustees of the Fourteenth Ward.

At a meeting of your Board, held on the 15th of June last, Article 8, Section 26, page 22, of the By-Laws, was amended by striking out subdivision 11, and inserting as follows:

11. All the Public Schools of this city, under the jurisdiction of the Board of Education, shall be opened by the reading of a portion of the Holy Scriptures, without note or comment; and it shall be the duty of the Principal of each Department of the Schools under the jurisdiction of this Board, to report to the proper Board of Trustees, and to this Board, any violation of this By-Law; which report shall be annexed to the Pay-Roll.

12. The situation of a teacher shall be forfeited by a *willful violation* of any rule or regulation of this Board; and no such teacher shall thereafter be employed in any school, unless the forfeiture is remitted by this Board, &c.

12. No payment shall be made to a teacher in whose case the provisions of this by-law have not been complied with.

This Board will bear in mind, that in the debate which ensued on the introduction of the above resolutions, many of the most eloquent and astute members of this Board, among whom were the oldest witnesses of the causes which led to the adoption of the present school system, and who have since been the earnest and consistent advocates of public education, its constant guardians, and dispensers of this bounty of the State, and the eulogists of its beneficial results, protested against the above-named enactments of this Board in the most earnest and forcible manner.

Their chief grounds of objection were these:

1. That they were improident, and would tend to the disruption of the entire system, which is based and had its origin in that mutual justice and forbearance which the people of all the localities comprised within the jurisdiction of the law, and all denominations of Christians, owe to each other.

2. That this Board did not possess the power of enforcing pain and penalties until the illegality of the alleged offense would have been established by the proper legal tribunal; as until then the teachers not complying could not be said to be guilty of the *willful violation* of any legal rule or regulation of this Board.

3. As members of this Board, they denied in toto the power of the Board to legislate on the subject matter; and even many of the members, voting in the affirmative, requested that they might be understood as opposed to the enactment, on the ground of its *illegality*, while they still lent themselves to the enforcement of it.

4. The absence of that kind consideration due by this Board to a class of unoffending teachers, against whom it evoked and leveled the penal enactments peculiar to other countries and bygone ages, under a state of things which they had proudly hoped had passed forever into merited oblivion. But finding this Board resolved on enforcing its dictum, they offered the more mild alternative of making a case and a suitable appropriation, to have the matter set at rest forever by legal judicature; but the Board, rejecting this proposal, in its zeal, perhaps, for the welfare of public education, adopting the plan it deemed most effective though
