N. Y, Wholesale Prices of Country Produce.

FOR THE WEEK ENDING WEDNESDAY, DEC. 28, 1859.

[Reported exclusively for THE NEW-YORK TRIBUNE, by DREW & FRENCH.

NOTICE TO CORRESPONDENTS OF FARM PRODUCE.—Put everything in neat order. Mark plain, indelible directions on every package, including weight, with tare, count, and name of articles. Also tack a bill of particulars inside of one package marked "Bill," and always send one by mail, with notice when and how things are forwarded.

COMMISSIONS.—For selling Berries, Fruits, &c., where packages are returned, and on small lots of stuff, 10 ⅌ cent. Other Farm Produce generally, 5 ⅌ cent.

QUOTATIONS are for sales of good Produce, in good order, at wholesale, such as Farmers realize, and not Jobbers' or Speculators' prices.

BUTTER.—Holiday week is usually a dull week for Butter, but dealers think it is now particularly dull for this period. Holders of Butter in the country seem to be crowding their stocks forward faster than it can be sold at previous rates, and the stock is consequently accumulating. We are not aware of any good reasons for expecting an advance, and if an undue anxiety to crowd forward and sell the stock still in the country should prevail, a further breakdown in prices will, in all probability, occur. We quote:

GAME AND BIRDS—Partridges and Quails are plenty, and a trifle lower. Other birds are steady, at about previous rates. Venison is in large supply, but the season and the weather are favorable, and prices are without material change. We quote:

POULTRY—Our calculations as stated in last report have been more than realized. The weather has been cold and favorable. The supply has been immense; the demand fully equal thereto. On Thursday, our last quotations were fully maintained. On Friday there was lively work, and Turkeys and Geese advanced fully ½c. ⅌ lb. On Saturday, the stock of Turkeys in first hands was exhausted about the middle of the day, and further supplies might have been sold at advanced rates. Geese were plenty, and to close them out prices were dropped about 2c. Saturday afternoon.

Monday was observed as the Christmas holiday, and very little business was done. Tuesday (yesterday) brought a good demand for Turkeys, and a moderate supply (including the receipts of the two days), especially of Turkeys, which were again a fraction higher. To-day the receipts are again short of the demand, and choice Turkeys go readily at 13@13½c. Chickens have been in over supply, dull, and low, throughout the week. We quote:

Turkeys, choice	12½@ 13½	Geese, choice, ⅌ lb.	8 @ 9
