Analytical Practice of Medicine.
This practice requires a knowledge of the composition of the fluids and solids of the human body—the changes they undergo, and the character of the morbid matter generating disease, which enables the physician to select the most efficient agent for dissolving, or neutralizing the acrid substances producing Consumption, Disease of Liver, Kidneys, &c. The First Eventful Triumph of 1860.—Perfection obtained—Gas consumers, dismiss your prejudices, and embrace this opportunity to effect a reduction of your gas bills. Go at once, take your skillful friends with you, and we leave the result to your own convictions. Surely, a saving of from 20 to 50 per cent is made with the JOHNSON GAS BURNER and REGULATOR combined. This is testified to by over 500 of our respectable citizens whose gas bills show the fact. This Burner is proved hourly, by thorough practical experiments, free to all who call at the office of the METROPOLITAN GAS METER AND BURNER MANUFACTURING COMPANY, No. 562 Broadway, Sole Proprietors.

JOHN S. C. ABBOTT.
1 vol. 12mo. 352 pages. Price $2.
VOICE OF THE PRESS.
"THE VERY BEST BOOK ON SLAVERY YET ISSUED, sound, judicious, kind, Christian, and most timely and faithful. * * * The author rehearses in a graphic way the measures of violence which "SOUTHERN AGGRESSION" has of late so systematically pursued, and while condemning the crazy zeal of John Brown, he shows that his heroic self-denial for the oppressed puts to shame the reward fury of the South for oppression. Yet the tone of the book, while candid, frank and manly, is always kind and gentlemanly; NOT SECTIONAL BUT FRATERNAL, not partisan but Christian. He paints the South to the simple remedy for existing evils by substituting *wages* for the lash free labor for coerced toil. The book should have a wide circulation."—[From Editorial in New-York Independent.
"Its animated descriptions, and the frankness and cordiality of its tone are adapted to give it a favorable reception, even with readers who differ most widely from him in opinion. * * * The topics to which this volume is devoted, and the spirit in which they are discussed, though they may arouse a tempest of opposition from those who regard silence as the only guaranty of safety, will secure it a WIDE CIRCULATION AMONG THE FRIENDS OF FREEDOM throughout the country."—[New-York Tribune.

THE RECOLLECTIONS AND PRIVATE MEMOIRS
OF
WASHINGTON.
By his Adopted Son,
George Washington Parke Custis.

A MEMOIR OF THE AUTHOR.
By his Daughter.
And
ILLUSTRATIVE AND EXPLANATORY NOTES.
By Benson J. Lossing.
One volume, illustrated. 8vo. Price in cloth, $2 50; sheep, library style, $3; half calf, $4.

From The Journal of Commerce.
"We have in the 'Private Memoirs of Washington' a series of the freshest and most vigorous reminiscences of the Father of his Country which have ever been published. * * * * * A highly interesting feature in the work is the correspondence between Washington and Custis, which was never before published, and which shows both the wisdom and paternal kindness of Washington in the education of his adopted son. The correspondence between Washington and John Parke Custis is also published for the first time, and the memoir of Mr. Custis by his daughter furnishes some curious information in regard to the early history of the family. The volume is edited by Lossing, and is illustrated with six first-class engravings."
From The N. Y. Tribune.
"In addition to the personal details concerning Gen. Washington, the volume contains many important illustrations of Revolutionary history, and forms a valuable addition to our means of comprehending that eventful period."
From The Courier and Enquirer.
"It is a volume which will be prized for the valuable material it contains, and as the only work which gives so minute a history of Washington's private life."
The publishers feel confident that a work like this, containing the minute details of much of Washington's private life, as well as his public career (which general history does not reveal), and related, too, by a member of Washington's own family—one who lived with him from infancy until his 19th year—will be peculiarly acceptable to the American Public.
