# REMARKABLE TESTIMONIES

## Borne by Elders Louis A. Kelsch and Rudger Clawson.

## BROUGHT BACK TO LIFE!

**Apostle Lund Talks on Sabbath Breaking, and Shows that Sunday is the Proper Day to Observe.**

The services in the Tabernacle yesterday afternoon were presided over by President Angus M. Cannon.

Opened by the choir and congregation singing the hymn commencing,

"How firm a foundation."

Prayer was offered by Elder Eugene B. Lewis.

The choir then sang the anthem:

"From afar gracious Lord."

President Louis A. Kelsch of the Northern States mission was the first speaker. He said that he realized that it was a great responsibility to stand before the children of men and bear testimony of the Gospel of Christ. But he knew that the work he was engaged in was of God, and that that knowledge came to him through his humility and prayerfulness. The Lord had given him many testimonies, said he, and woe would be unto him if he did not remain faithful to the end. The Lord promised those who would do the will of the Father that they should know of the doctrine whether or not it was of God. That is a glorious promise that God has given us, and we should labor to obtain it. The speaker stated that he was grateful to be numbered among the Latter-day Saints, for he thought it was the grandest privilege on earth. He said that he came to this country a stranger, with 50 cents in his pocket. He was born and reared in the Catholic church as his ancestors were. He got employment here to acquire means to go on to California. But he became associated with good Latter-day Saints, and he became interested in the Gospel. His friends furnished him with books and he read them, asking the Lord to endow him with His holy Spirit, that if this was His work to let him know it.

Soon after joining the Church, the speaker was called to preach the Gospel abroad. He had desired this, in order that he might warn his relatives, but he found it harder to convince them than he had expected. Elder Kelsch stated that the Lord had given him many testimonies, one of them being a vision of the first man he baptized. When he met the man in Kentucky in 1881 he knew him, and baptized him, and that man was a faithful member of the Church up to the time of his death. The speaker related that a lady he met in the missionary field testified that she had seen him four years prior to their meeting, and that she had heard him preach. He baptized that woman and all her family. He also saw his second mission, having a vision of the ship that he sailed in and other details. "I do not say these things because I think that I am better than anyone else," said the speaker, "but I sometimes think that it is because of my weakness that these things are show me." Elder Kelsch went on and bore further testimony, such as witnessing the instantaneous healing of the sick under the administration of the Elders, the fulfillment of prophesy, etc. God said that these signs would follow them that believed, and he made no distinction, that promise was to "all that the Lard should call. The speaker stated that he desired to preach the Gospel all his life, as he loved it. The Elders in the field pray for those who despitefully use them, for they realize that they would not do it if they understood the true mission of the Elders.

Elder Kelsch has been laboring in the Northern States four years and he says he is not at all tired. He concluded by exhorting the Saints to be faithful in all their duties.

Apostle Anthon H. Lund, who was the next speaker, stated that he had been delighted with the testimony of Elder Kelsch. He read a few verses from the fifty-ninth section of the Doctrine and Covenants, in which the Saints are bidden to love their neighbors as themselves and to keep themselves unspotted from the sins of the world, and further that they should offer their oblations and sacraments on the Lord's day. "This chapter," said the speaker, "contains the ethics of Mormonism." He said that he was afraid that there was some carelessness among the Saints in keeping holy the Sabbath day. This is not a small commandment, and God's commandments were not given to be arbitrary, but to bless and benefit the children of men. The idea of making the Sabbath a holiday is one that should not be encouraged by the Latter-day Saints. In continental Europe, Sunday has been changed into a holiday. But England can be commended for her observance of the Sabbath day. The Latter-day Saints cannot afford to make a holiday of Sunday, but they should make it a holy day. They should attend their meetings. The best way to commence Sunday is to go to Sunday school, it puts us in tune for the whole day. "We should not attend amusements on that day, the lake or any place where dancing or the like is indulged in. Nor do we want a Puritanical Sunday, we do not believe in long faces, for God wants His children to be happy, but we should realize that Sunday is a day for worship and not for pleasure. We read of a man who went out to gather sticks on the Sabbath day, and the camp of Israel was so shocked that it called upon the Lord to know what to do with the offender; and he was afterwards taken out and stoned to death.

"It is preached by some that the seventh day is the Lord's day and that it should be observed as such, and although the Bible seems to be plain on that subject, there are a few hints contained in the New Testament to indicate that Sunday or the first day was observed by the Apostles of the Lord as the Sabbath day." The speaker did not think that the commandment to observe the seventh day necessarily meant Saturday. He thought that it merely meant that in the circle of seven days one day should be observed as the Lord's day.

The speaker went on to explain how inconvenient it would be for the various people in the world to observe the same day. But the Lord had set the thing at rest in the revelation that the speaker had read, which was given on Sunday, the 7th of August, 1831, in which the Lord says that this day the Saints were to observe as the Lord's day. People should not lay so much weight upon the observance of Saturday as the Lord's day, for they do not know that Saturday is the Biblical Sabbath. After all, said, the speaker, it is not any particular 24 hours that we should observe, but we should keep one day holy. The speaker concluded by enjoining upon the people obedience not only in regard to the Sabbath day, but in all the commandments of God.

Apostle Rudger Clawson followed, saying that one of the characteristics of the Gospel was the signs that follow them that believe. [illegible] come after the belief, and not before. One of the things that makes the Scriptures so interesting is the manifestations of the power of God. That power was not confined to the Savior alone, but it was also extended to His Apostles, who were sent into all the world to preach the Gospel, he that believeth and is baptized shall be saved, and signs shall follow them that believe. The Latter-day Saints are here today to testify that the signs do follow them that believe. "Elder Kelsch has testified today that the signs have followed him, that the sick have been healed, in carrying out the injunction of James, that if any sick be among the people, to call in the Elders who will anoint them with oil and pray over them. This is the injunction, that is given to the Latter-day Saints today. We are not dependent upon Elder Kelsch's testimony for these things, for I doubt not that hundreds in this very congregation could arise if they had the opportunity, and bear testimony of the same things that they had witnessed or experienced. Elder Clawson related an incident that occurred in Brigham City, a few years ago in which President Lorenzo Snow and himself administered to a young lady who was to all appearances dead. The young woman returned to life. He experiences were wonderful in that her spirit left her body and went to the other world, where she met many whom she knew, among them her grandfather. All of those whom she met were very busy. Among others whom she saw was an uncle who had been drowned in Snake river. She was conducted into a large building where Sunday school was being held under the direction of the late Sister Eliza R. Snow Smith. She desired very much to remain where she was; she heard a voice say "come back, you must come back, your work on earth is not finished." Those were the words that President Snow had uttered upon administering to her. Some years after this experience, the young woman was married and was a faithful Latter-day Saint. "This," said the speaker, "is another instance where the signs follow them that believe. The parents of this girl were believers, and when President Snow and myself entered that house we found the element of faith there." The Elders of Israel say to the world that if they will go to the Lord, with an honest purpose to know the truth, He will indicate to them whether or not that which the Elders proclaim is true. The speaker concluded by reading a passage from the Doctrine and Covenants attesting that the Gospel will be preached to all men.

The choir sang the anthem, "Song of the Redeemed."

Benediction was pronounced by Elder David H. Cannon.

### ARE QUICK TO SEE.

**Good Doctors are Quick to See and Appreciate Real Merit in New Medicines.**

Stuart's Dyspepsia Tablets are a discovery of great value to the medical profession and the public. They are an unfailing specific in all cases of dyspepsia and disordered digestion.

Almost everybody's digestion is disordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which in many cases are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition, they need only a little help and they will right themselves. Cathartics irritate the sentitive linings of the stomach and bowels and often do more harm than good.

Purging is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help it needs. They stimulate the secretion and excretion of the digestive fluids and relieve the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When that is done you need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—give them needed help and you will have no trouble.

It's a common sense medicine and a common sense treatment and it will cure every time. Not only cure the disease but cure the cause. Goes about it in a perfectly sensible and scientific way.

We have testimonials enough to fill a book, but we don't publish many of them. However—

Mrs. E. M. Faith of Byrd's Creek, Wis., says: I have taken all the Tablets I got of you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time.

H. E. Willard, Onslow, Ia., says: Mr. White of Canton, was telling me of your Dyspepsia Tablets curing him of Dyspepsia from which he had suffered for eight years. As I am a sufferer myself, I wish you to send me a package by return mail.

Phil Brooks, Detroit, Mich., says: "Your dyspepsia cure has worked wonders in my case. I suffered for years from dyspepsia but am now entirely cured and enjoy life as I never have before. I gladly recommend them."

It will cost 50 cents to find out just how much Stuart's Dyspepsia Tablets will help you. Try them—that's the best way to decide.

All druggists sell them. A little book on stomach diseases will be mailed free by addressing F. A. Stuart Co., Marshall, Mich.

## STREET CAR ACCIDENT.

### Warm Spring Car Collides With Load of Typhoid Patients.

Three typhoid patients, a driver of the vehicle in which they were riding and a street car motorman had a big scare on the corner of Second North and Second West at seven o'clock on Saturday evening. Beyond the smashing of the rear axle of the conveyance and the demolition of several panes of glass in the heavy double-truck street car, no serious injury was done. Taken all in all what might have been a fatal accident was narrowly averted.

While there are several versions in regard to the blame to be attached to the responsibe parties it is evident that had the driver of the vehicle stopped to allow the car to pass the accident would not have occurred. It is stated that Scott Bruce, the driver, despite the warning of the gong, drove immediately in front of the car with the result that the rear end of his vehicle was struck and the conveyance and horses were piled up on the track in picturesque disorder. But for the prompt action of James Davis, the motorman on the big Warm Springs car, in reversing the current, the affair might have terminated fatally.

The excursion wagon, which is owned by Bruce, was just returning from the Oregon Short Line depot with three typhoid patients from Mercur, who were going to the Keogh-Hosmer hospital for treatment. How the patients, whose names were John Olson, William Brocklebank and Silas Carmen, got out of the wagon they cannot say. They walked to the hospital, however, escorted by C. L. Brainerd, an attache of the hospital, who was also in the mix-up. Bruce was the only man in the party to sustain any injuries, he being rather badly cut about the face from being thrown from his seat.

**Norsford's Acid Phosphate Imparts Energy.**

When vitality and nerve force have become impaired by illness its value is wonderful. Induces refreshing sleep.

Genuine bears name HORSFORD'S on wrapper.

# CHRISTIANS WERE THE VICTORS.

## The Davis Connty Boys Could Not Hold Them Down.

## VISITORS GOT A GOOSE EGG.

**The Margetts Boys Made Both Touchdowns for the Y. M. C. A.—Reading is a Great Kicker.**

Ten to nothing!

Such is the score of the football game betwen the Y. M. C. A. and the Davis County Nursery teams, and the sturdy young Christians have thus far demonstrated their superiority in the heavyweight class. They revealed a few weak points to be sure, which was to be expected, but a little more practice and good coaching will take out the stiffness and the Y. M. C. A. will have a team to be proud of. When the husky crowd from Davis county came to town there were expressions of fear that the Christian lads, to quote an enthusiast, were certainly "up against it," and, if weight and strength were all that go to make up a team, such would have been the case. The colors that now wave in triumph would be trailing in the mire. When the game was fairly underway it was quite apparent that, in the matter of scientific playing, the Salt Lakers had a shade the better of it. It was a good game, but it cannot be said that the hopes of those who witnessed it were fully realized. Considerable allowance should be made, however, in view of the fact that it was their first game of the season. It is said that some of the men had had absolutely no practice this season until Friday, so that they had but little time to prepare for a conflict of that kind.

The game consisted of twenty-minute halves, and was called promply at 4 p. m. Davis county kicked off, and the thing started. Reading did the kick act and right well did he perform it. In fact, he is well nigh perfect with his foot. The oval landed away behind the goal, and Walter Seare picked it up and started to run. The Salt Lakers lined up on the ten yard line, and in a few seconds the visitors had the ball, securing it on a fumble of Demling, but lost it again. Nels Margetts was pushed through for five yards and a sensational sprint and tackle followed. Nels sneaked over the squirming mass of humanity with the pikskin hugged affectionately to his breast and ran twenty-five yards with it before urged to tarry. Reading was standing in front of Captain Margetts and instead of grabbing him around the waist Reading ducked his pate, seized Nels by the knees and chucked him high in the air. It was a remarkable tackle, and called forth thunderous applause. The second play following Captain Margetts got the ball again and sprinted. This time no one interfered and he scored the first touchdown. Only six minutes were consumed. More of Reading's good foot work followed and Bert Margetts proceeded to kick it back, but Bert needs to practice that sort of business a little more. Bert is all right along other lines, though, which will presently be shown.

When the Nursery boys got the ball again Rigby made a pretty 25-yard steal and would have scored a touchdown but for Wade who embraced him fondly and hauled him to the cruel hard ground. He seized Rigby around the neck and the Umpire called it a foul tackle and gave the visitors ten yards.

A series of hard rushes followed and when the home team got the ball on downs it was dangerously near their dead line. The next exciting moment was when Seare ran forty-five yards around right end. Here is where the Margetts boys showed up in interference.

In the latter part of the second half after the opposing sides had fought all over the field Bert Margetts secured the oval and ran around right end for a second touch-down. The visitors then tried bucking, and were at it when the game ended. Following was the line up:

| Davis County. | Y. M. C. A. |
|---|---|
| Chase | c | Jennings |
| Duncan | r g | Robins, Demling |
| Miller, A. | r t | Bennett |
| Evans (C.) | r e | Margetts, B.; Thomas A. |
| Whitaker | l g | Myers |
| Rampton | l e | Horlick |
| Chipman | l e | Davis |
| Rigby, A. | l h | Demling, Margetts, B |
| Reading, B. | f b | Seare |
| Rigby, W | r h | Margetts, N, (Capt.) |
| Roberts | q b | Wade |

Touchdowns: Nels Margetts, Bert Margetts. Referee: J. Fred Odell. Umpire: A. B. Howard. Timekeeper: Sam Porter. Linesmen: George E. Maycock, Hal Hampstead. Time of halves: Twenty minutes. Score: Y. M. C. A., 10; Davis County Nursery, 0.

## POOR MEET SATURDAY.

### Eddie Smith Beat King's Record for One Mile Motor Paced.

The Meredith bicycle meet at the Salt Palace Saturday afternoon was a frosty affair and was witnessed by a small crowd. The feature of the meet was the trial race of Eddie Smith for the one mile amateur record, motor paced. The record was 1:36 2-5, held by W. F. King, and was brought down by Eddie to 1:34 4-5. He was paced by the Turville brothers. At the end of one mile, one lap and ninety yards Gust Lawson defeated O. E. Emery in the unlimited pursuit race. Time—2:32 2-5.

Clem and Charlie Turville were unable to lower their motor record of one mile in 1:25 2-5 and the best they could do was 1:26 2-5.

Eddie Smith won the mile ametur in the slow time of 2:29 2-5.

## Sporting Notes.

The football season is now fairly opened and some really good games can be looked for in the immediate future. A contest that is attracting considerable attention is scheduled for next Saturday afternoon and will be played on the Walker gridiron. The Salt Lake High school team which covered itself with glory last year and won the title of "Invincibles," is scheduled to play the Ogden team. That team, it is asserted, is composed of some of the very best footballists in the State and their team work is of a high order. Many do not believe that the High school team is as strong as last year, statements to the contrary notwithstanding. For that reason, enthusiasts are anxious to see the boys lined up in actual battle. However, next Saturday's game will demonstrate something.

The Y. M. C. A. lads are elated over their victory of Saturday but not so much so as to lose sight of the fact that there is ample room for improvement along numerous lines. Their speed won for them their first victory, but in interference they are not quite up to the standard. Now that the team is practically permanently organized the team will settle down to steady work and endeavor to make invulnerable every weak point. Coach Smith is confident that the team will carry off first honors in the heavyweight class this season.

The University eleven is tardy this season. An effort will be made this week, however, to select a team and begin work at once. It is not for lack of timber that the University has not a team in the field now, for there are more than a score of students who are good, capable men and anxious to enter the field of active sports. The following named men are mentioned for positions on the team: Harker, Stevenson, Cannon, Riser, Neilson, Patterson, Welling, Brown, Robins, Kingsbury, Orton, Taylor, McClean, Latimer, Weston, Dougall, Manning, Clawson, Nebeker and Burton. Although behind the times Coach Holmes says that he hopes to see his team engaged in a match game within two weeks.

Next Saturday afternoon the old Driving park grounds at Ogden will be the scene of a conflict between the Collegiates, of this city, and the Mutes of Ogden. Some changes have been made in the Collegiate line up and it is believed that the team is much stronger than heretofore. The game with the Mutes ought to be an interesting one as 'tis understood they are up to all the tricks appertaining to football.

It is within the range of possibilities that the Y. M. C. A. will be matched to play the Washburn college team, of Kansas, before the season is half closed. The Kansas team is scheduled to play the D. A. C., of Denver, about the 26th of this month and will very likely come here after the Denver game. The Y. M. C. A. management has received a challenge and the matter is now under consideration.

The District School league has selected for its official referee for all games, Hugh Rippeto.

Lee Hopkins, the well known centerfielder, who played with the Rio Grandes, is back from his tour with the Pocatello team and reports a successful trip. He says the games were interesting and well attended on each occasion. Risley and Shannon will return this week.

Following is the result of football games played in the East:

At Chicago—Northwestern University, 12; Indiana University, 0.

At Ann Arbor—Michigan University, 24; Case school, of Cleveland, 6.

At Ithaca—Cornell, 16; Washington and Jefferson, 5.

**Came Near Dying.**

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely. I went to sleep and did not awake for eight hours. On awakening a few hours ago I felt so gratified that the first work I do on going to the office is to write to the manufacturers of this remedy and offer them my grateful thanks and say, 'God bless you and the splendid medicine you make.'"

In anaemia and most women's ailments the digestion is weak, the making of color, flesh and strength out of food, is imperfect so that the patient is weak, wan, nervous and dyspeptic. This condition can be corrected by taking a course of HERBINE. Price, 50 cents. Z. C. M. I. Drug Dept.

To prevent consumption quickly cure throat and lung troubles with One Minute Cough Cure. F. C. Schramm.

Happiness depends very much on the condition of the liver and kidneys. The ills of life make but little impression on those whose digestion is good. You can regulate your liver and kidneys with HERBINE and enjoy health and buoyancy of spirits. Price, 50 cents. Z. C. M. I. Drug Dept.

A "stitch in time saves nine," and a dose of BALLARD'S HOREHOUND SYRUP at the beginning of a cold will save you many weary hours and even days of distressing and harassing cough. Price, 50 cents. Z. C. M. I. Drug Dept.

The emergency bags sent by a church society to Kansas soldiers in the Philippines contained among the necessities a box of DeWitt's Witch Hazel Salve, the well known cure for piles, injuries and skin diseases. The ladies took care to obtain the original DeWitt's Witch Hazel's Salve knowing that all the counterfeits are worthless. F. C. Schramm.

We have seen the frail infant when the faint struggle for existence seemed almost ended, resuscitated and made strong by the use of WHITE'S CREAM VERMIFUGE. Price 25 cents. Z. C. M. I. Drug Dept.

There are thousands of people, suffering untold torture from piles, because of the popular impression that they cannot be cured. TABLER'S BUCYEYE PILE OINTMENT will cure them and the patient will remain cured. Price, 50 cents in bottles. Tubes, 75 cents. Z. C. M. I. Drug Dept.

Corn-huskers' sprained wrists, barbed-wire cuts, burns, bruises, severe lacerations and external injuries of any kind are promptly and happily cured by applying BALLARD'S SNOW LINIMENT. Price 50 cents. Z. C. M. I. Drug Dept.

The most dainty and effective pills made are DeWitt's Little Early Risers. They are unequaled for all liver and bowel troubles. Never gripe. F. C. Schramm.

# NATIONAL LEAGUE SEASON ENDS.

## Last Game Was Played in St. Louis Before a Large Crowd.

## BROOKLYN TAKES PENNANT.

**Season Has Been a Successful One in Every Respect, and Some Remarkable Records Were Made.**

The baseball season in the East is dead. It ended with the St. Louis-Cincinnati game and the team of the cyclone city had the honor of winning the last game. Brooklyn is the champion team after a long and determined struggle. Many times it looked as though the Pirates would surely pull the leaders down and capture the pennant, but the Brooklynites were equal to every emergency and maintained their position throughout. Some remarkable individual records were established during the season just closed, records which can be pointed to with pride.

Following is the standing of the clubs:

**National League.**

| | P. | W. | L. | P.C. |
|---|---|---|---|---|
| Brooklyn | 136 | 82 | 54 | .603 |
| Pittsburg | 139 | 79 | 60 | .568 |
| Philadelphia | 138 | 75 | 63 | .543 |
| Boston | 138 | 66 | 72 | .478 |
| Chicago | 139 | 65 | 74 | .464 |
| St. Louis | 140 | 65 | 75 | .464 |
| Cincinnato | 139 | 62 | 77 | .446 |
| New York | 138 | 60 | 78 | .435 |

YESTERDAY'S GAMES.

St. Louis, 7; Cincinnati, 0.

### CINCINNATI SHUT OUT.

**St. Louis Wins the Last Game of the Season.**

St. Louis, Oct. 14.—St. Louis made Cincinnati look like a minor league club this afternon. The visitors never had a chance. St. Louis is now tied with Chicago for fifth place. Attendance, 5,300.

SCORE.

| | R. | H. | E. |
|---|---|---|---|
| St. Louis | 7 | 17 | 1 |
| Cincinnati | 0 | 5 | 0 |

Batteries—Sudhoff, Criger and tSanton; Scott and Peitz.
Umpire—Emsile.

### Same Records Made.

Probably the most marked feature of the year has been the work of pitchers. Waddell, the eccentric Pittsburg pitcher, has the strike-out record of the year, having twice struck out twelve Chicago batters, once in a fourteen-inning game and once in a nine-inning contest. Hahn once let down Philadelphia without a hit. On July 5th Nops blanked Cincinnati with but one hit, and the next day Kitson duplicated the feat.

Hans Wagner of Pittsburg is the leading batsman of the league, with an average of .400. Wagner shook off all competitors quite early in the season, went to the front and was never headed. Jesse Burkett, who led the league two times in previous years, is second, Flick third and Keeler fourth.

The base-running was poor, not a man stealing as many as fifty bases. Barrett and Donavon, with forty-five steals, lead the procession.

Fielding figures show that Zimmer of Pittsburg leads the catchers, McGann of St. Louis leads the first basemen; Lajoie, Philadelphia, the second basemen; and Irwin, Cincinnati, the third basemen. Davelen leads at shortstop, Donovan in right, Heidrick, St. Louis, in center; and Kelly, Brooklyn, in left.

## RACES CLOSED AT BOISE.

### Summaries of Last Day—Meet Was Very Successful.

Boise, Ida., Oct. 13.—The Intermountain fair closed today. It has been the most successful yet held. The races today were all good. The following are the summaries:

First race, 2:20 trot, mile heats, three in five, purse $300—Lady Alfred won in straight heats, Irma D. A. second, D. C. S. third. Best time—2:22.

Second race, trot or pace, mile heats, three in five, purse $500—Little Billie won, The Freak second, Hal Corbett third. Best time—2:18½, by Little Billie, breaking the track record.

Third race, mile and a quarter run, for Capital City purse, $1,000—Senator Dubois won, Eight Dollars second, Parliament third. Time—2:12½.

Fourth race, mile and an eighth, run, purse $500—Jim Bozeman won, None Such second, Aborigine third. Time—1:54½.

Fifth race, match half-mile, running—Aurora B won, Di Capo second, Baby Ruth third. Time—1:49.

Sixth race, five-eighths of a mile, run, for consolation purse of $250—Jim Brownell won, Wilkie second, Gus L. third. Time—1:02½.

Seventh race, cowboy relay of ten mile, each rider having five horses and changing every mile, purse $200—Swan String won, Marrs second, Nolan third. Time—22:30.

### Athletic Records Allowed.

New York, Oct. 14.—The executive and advisory committees of the Intercollegiate Association of Amateur Athletes of America held a joint meeting at the Fifth Avenue hotel today. The following records were allowed and standard-record medals awarded in each case, the records having been made at the recent games:

A. Plaw, University of California, for throwing the sixteen-pound hammer, 154 feet 4½ inches; F. Beck, Yale, sixteen-pound shot, 44 feet 3 inches; Alexander Grant, University of Pennsylvania, two-mile run, 9:51 3-5.

### Golf in the East.

Newton, Mass., Oct. 13.—The first 18 holes of the exhibition match between Harry Vardon, ex-champion of England, and Bernard Nichols, professional, played this afternoon, resulted in a defeat for Vardon. A large gallery saw both players at their best. The course was excellent and the scores low, although no records were broken.

### Track Record Smashed.

New York, Oct. 13.—Joe Patchen, in his mile against time at the Parkway race track, Brooklyn, this afternoon, went the quarter in 30½ seconds, the half in 1:02, the three-quarters in 1:34¼, and the mile in 2:06½, breaking the track record, but failing to lower his own record for the distance.

### Yale Wins a Game.

Newton, Mass., Oct. 13.—Yale defeated Dartmouth 13 to 0 this afternoon at Newton Center in a hard-fought contest. The game was witnessed by nearly 4,000 persons and was one of the best played in this vicinity this season. Dartmouth played a pretty game and contested every point. The Hanover men were by far the lighter team and Yale was able to leap through their line time and again.

**"I HAVE A HEAD."**

That's what a Zulu says when his head aches. A lady with a smoky stove in her house feels like that Zulu. Suppose she buys her HEATER or RANGE from us. What happens? Why, everything glides along smoothly. No fretting. No friction. No jar. No consciousness of a stove. She is happy. That's what happens. We have HEATERS for hard coal. HEATERS for soft coal. HEATERS for wood. HEATERS for anything, from old shoes up. Carloads of them. We have them to sell. Selling them cheap, too. Come and look at them.
