

ANDERSON PEOPLE ATTENDED CHURCH UNION SERVICES AT CENTRAL PRESBYTERIAN CHURCH YESTERDAY

RESOLUTIONS

Drafted By Drs. White and Frazer Adopted By Rising Vote After Sermon.

The union Thanksgiving services at Central Presbyterian church held yesterday morning at 10 o'clock were well attended, the church being crowded. The services were begun by a prayer offered by Dr. W. H. Frazer, pastor of the First Presbyterian church.

After this prayer, Mr. C. B. Earle read President Wilson's Thanksgiving proclamation, which was followed by Mr. J. L. Sherard reading the proclamation of Governor Manning.

The sermon was preached by Dr. John E. White, pastor of the First Baptist church, his text being, "Blessed are the meek, for they shall inherit the earth." Matthew V-5.

When Dr. White had finished the sermon the following resolutions were read by Dr. Frazer, which had been drafted by the ministerial union, following upon Mr. Bryan's lecture last Friday evening.

The resolutions were adopted by a rising vote, Dr. E. F. Dwyer expressing a dissenting vote in a short talk. After the resolutions were adopted, the benediction was pronounced by Dr. J. M. Garrison, pastor of the Associate Reformed Presbyterian church.

The resolutions follow: As Christian citizens assembled under the proclamations of the president of the United States of America and the governor of South Carolina and representing the Baptist, Methodist, Presbyterian, Christian, and Associate Reformed Presbyterian denominations of Anderson, we desire to give expression to our conscience in the following resolution:

First. That on this day of national thanksgiving we earnestly avow our faith in the Lord Jesus Christ and our obligation to seek His guidance and obey His spirit in all things. We believe that His is the primary impulse and point of view for Christians in all the relations of their lives, even as He has commanded "Seek ye first the kingdom of God, and over all these things shall ye stand."

Second. That we are confident in the conviction that the spirit, precept and example of Jesus Christ, requires the Christians of this country to pray and work for "Peace on earth and good will among men," and therefore to stand as Christian citizens for those policies of government which make for "peace on earth and good will among men," and against those policies of government which make for enmities and the spirit of war among men, especially among ourselves and the men of our own country.

Third. That, therefore, we protest against the nation-wide propaganda now being organized and powerfully carried on to stampede the people with alarms, designedly agitated to create public fear and resentment toward other people who need our friendship, in order to launch this nation immediately upon a vast military course, from which if once begun there can be no turning back.

Fourth. That we contemplate with shame and dread the forfeiture of the Christian ideal of this nation involved in the success of a propaganda of Jingoism. It means necessarily the abandonment of the noble position our country assumes only fifteen months ago, of mediation and brotherhood toward the war in Europe, and instead of reducing will stimulate and encourage militarism among the nations which are already cursed so hideously. It will mean the addition of America to the world's calamity and the subtraction of America from the world's hope.

It means, we believe, a monstrous waste of wealth which could be turned to good instead of evil. It means the increase of taxation upon every citizen. It means military repression for labor, military taxation for capital, and military burdens for all. And it means the organization and endorsement of an active military caste in this country.

ANDERSON FOOTBALL TEAM BEAT DUE WEST

GAME DEVOID FEATURES EXCEPT FUMBLES AND BAD PLAYS

And it Was Walkover for Local Lads—Score 20 to 0, Three Touchdowns, Two Goals.

In a one-sided game of football, marked by many fumbles and ill timed plays, the Anderson high school defeated Due West high school yesterday morning by the score of 20 to 0. The local team outweighed the visitors and showed more training. Before the game started the visitors claimed they had come here to play the scrub team, but this was evidently a misunderstanding. The scoring was done in the first, second and last quarters. There were three touchdowns, and two goals.

The Anderson team did not show up as well as in former games and the boys appeared to be out of practice. Numerous forward passes were attempted but failed. Heretofore they have been working this play to perfection. Todd, Barton, Earle Danliss, Smith, R., Smkh, N., and Sam Jones featured for Anderson. For the visitors Todd and Agnew played decidedly the better ball.

Considering the weight of the Due West team the boys put up a good game against the local team, but it was known from the outset that Anderson was too heavy for them.

FURMAN SMITH NOW HAS STATE AGENCY

FOR LIME FROM AMERICAN BALLAST COMPANY IN KNOXVILLE

RETURNED HOME

Last Night From Knoxville and State That Instead of Having 8 Counties, Entire State.

Furman Smith returned last night from Knoxville, Tenn., where he had spent the past few days on a business trip and stated to an Intelligencer man that he now has the state agency for distributing lime for the American ballast company. Several weeks ago it was announced that Mr. Smith had the agency for eight counties. Since that time the company has offered Mr. Smith the agency for the entire state and after talking things over with them, he decided to accept it.

Mr. Smith will sell only agricultural lime. Within the past few years the farmers have begun to realize the great value of slack lime as a fertilizer and soil builder and they are beginning to use it extensively in some sections, especially in preparing land for alfalfa.

Mr. Smith stated that the American Ballast company owns 800 acres of land around Knoxville and on parts of this land they are demonstrating the advantages of lime as a commercial fertilizer. Mr. Smith further stated that this company has a 1,000,000 plant and that 800 people were employed in it.

NEXT ATTRACTION

ANDERSON THEATRE

Will Be Klaw and Erlanger's Production of "The Trail of the Lonesome Pine," Dec. 10.

"The next show that I have booked at the Anderson will be 'The Trail of the Lonesome Pine' with Ely O'Connor, Klaw and Erlanger's famous success from the novel by Eugene Walters. This attraction will appear on December 10. In the meantime, I hope to be able to secure one or two other shows, but this may be impossible. I believe this show will draw a large attendance in Anderson," stated Mr. Trowbridge.

When asked about his attractions for Christmas week, Mr. Trowbridge stated that he was trying to get "Million Dollar Doll" for Christmas Day. This is a musical comedy and it is said that they carry a well trained as well as a large chorus.

Rev. J. T. Mann's Appointments. Rev. J. T. Mann will preach at Neal's Creek church next Sunday morning at 11 o'clock.

Preaching at Fountain Creek. Rev. John E. White, D. D., pastor of the First Baptist church, will preach at Fountain Creek Sunday afternoon at 2:30. The public is cordially invited to this service.

Bruzel's rugs in beautiful patterns. 27x54 inches. Regular \$2.50 values, Saturday and Monday at \$1.89

FOOD SUBSTITUTES

German Scientists Find Sugar in Celluloid Waste.

Frankfort, Germany, Nov. 25.—In the search for food substitutes scientists have discovered that the waste of celluloid factories throughout Germany contains some 300,000 tons of organic substance with from 10 to 13 per cent of sugar.

The relatively high cost of extracting this sugary substance has heretofore stood in the way of making use of the waste. Now that prices have soared upwards, however, a serious effort is being made to preserve it, even at considerable expense, and use it in feeding the civil population of the empire.

The waste also contains a high percentage of lime, which however has to be removed from the sugar at considerable cost. The proposal to make use of the waste has the additional advantage that German rivers into which it at present flows, will be the cleaner for the process.

They were each about seven years old. "I dream about my girl," said the first boy boastfully. "Do you?" queried the second boy enviously. "Yes," continued the first with conscious superiority. "I killed two fellows about her last night."

AUSTRIAN RED CROSS

Fitting Out Relief Boxes for Balkan Service.

Vienna, Nov. 25.—At the request of the Bulgarian government and the queen of Bulgaria, the Austrian Red Cross is fitting out two volunteer relief and medical boxes for service in the Balkans. The one will take charge of the new hospital with 500 beds that has been established in the Gladstone gymnasium school in Sofia. The other will be available for field work.

The Bulgarian government's telegraphic request emphasized the need of a "large relief expedition to the Bulgarian theatre of war."

The Unsesthetic Age. Robbie's first experience of a concert hall was a recent mammoth entertainment in aid of a patriotic fund, says the Pittsburgh Chronicle-Telegraph. The most celebrated soprano of the day was engaged in singing to the accompaniment of a famous orchestra when Robbie and family arrived.

The small boy at once became interested in the gasconades of the conductor. "Mother why is that man shaking the stick at the lady?" he asked. "Hush, dear, he is not shaking the stick at her."

SHIPS TAMPERED WITH

German Vessels in Italian Ports are Closely Watched.

Milan, Nov. 25.—A news dispatch from Syracuse, says it is learned that the machinery of interned German vessels is being tampered with and essential parts being removed and hidden. In one case important parts were found in secret compartments constructed for that purpose. It was decided to take apart all the machinery in the vessels being used to guard against the possibility of explosives being hidden therein.

Queen Li's Wedding Gift. Honolulu, Nov. 25.—Lilikoi, the surviving ruler of Hawaii's days of royalty has forwarded as her wedding gift to Mrs. Norman Galt, the fiancée of President Woodrow Wilson, a chiton scarf of peculiar texture and design.

The scarf, which was sent in the name of the "daughters of Hawaii," is a rare example of ancient Hawaii's weaving.

A Big Order. Old Lady—Would you give me one of them things you regulate the temperature of the room with? Druggist—A thermometer, you mean? Old Lady—Yes, that's what the doctor said to keep the room at—Philadelphia Record.

Changed Her Mind

This New York young woman, Eugenia Kelly, who has seen 400 gossipy towns by the ears, had various fights, legal and otherwise, with her mother, scattered great wads of cash around as she fitted in and out of the trotteries and drinkeries of the town; filled columns and columns of the newspapers, part of them with contributions to a running debate on the query, "Is it Necessary for a Really Nice Girl to Drink Liquor?" and finally had been married by a Mormon preacher to a newly divorced rounder now says she hopes she may be permitted to drop into oblivion. That makes two of us that feel that way about it, Eugenia. —Greenboro News.

Not It Old. Forty thousand North Carolina farmers have joined in a protest against additional national preparedness training committees, especially look at the matter in somewhat the same way. It's the industrial communities that are particularly interested in preparedness. The farmer feels that war can never teach him. —Augusta Chronicle.

How He Escaped. Dayton—How have you escaped being spotted up? Parker—Well, the doctor haven't made me near enough for a subject. —Lure.

Heart in Right Place. Congressman Clau's Kitchen's heart is in the right place. He would serve the people by serving them from militarism and the heavy cost it would entail. He errs, however, in thinking that our nation will ever lose her head and going to extremes in military preparations like Germany. The voters of America are yet sane; at the same time a majority of them see that discretion should teach us to prepare ourselves against a war that could destroy more property in one short year than the billions we have appropriated in a century for the army and navy could cover. —Albany Enterprise.

Dubs—God Bless 'Em. "Did I understand you to say that Mr. Trowbridge is a great help to Mrs. Twobles in her social career?" "Oh yes." "But he's a perfect dub." "My friend, most of the checks signed in this country are signed by perfect dubs. God bless 'em!" —Birmingham Age Herald.

Another Insult to Uncle Sam

The Leviathan liner Armenian was torpedoed and sunk on June 28 by a German submarine. The vessel was carrying 1,214 souls, which was not a large number for the liner.

From the London Shipping and Freight Record.
