MONDAY, April 30—P. M.

The Stock Market has been dull during the day, more from the indifference of operators for a rise than from any influence exerted by the bears. There is, however, quite a strong undertone to the market, and it appears to be passing through one of those quiet intervals which are very common in the street between two spasms of activity. The firmest stocks were Panams, Pacific Mail, and Reading; but the main interest of the street continues to be centered in the first. With moderate transactions, the quotations rapidly advanced to 145¼, but afterward fell back to 144, closing at that price bid. The movement is, as stated yesterday, based upon the tone of the advices from the agent of the Company, in relation to the progress of the negotiations with New-Grenada. The terms nearly agreed upon are, we understand, $750,000 for an extension to 99 years. The money is to be raised by the Company by an issue of new stock at par to the stockholders. This would be a favorable negotiation for the Company if reliance could be had upon the good faith of the Government of New-Grenada. The receipts of the Company for April will show a considerable falling off, as compared with April, 1859, in consequence of the cessation of the competition between the Pacific Mail Company and Commodore Vanderbilt. Pacific Mail is strong at 105¼@106. The steamer to-day, we understand, took a fair freight of passengers and goods. Reading was in demand on Philadelphia account, and a sale of 1,000 shares was made at 43¼, buyer sixty. The price regular was 43. A considerable short line has been made in this stock recently. Central was in fair demand, especially on buyers' option, at about Saturday's rates. The market opened at 79¼, fell off in closing transactions to 78¾, but afterward sold at a small fraction, 1-16th, over 79. In the Western shares there was an irregular market, without much activity. Quotations show no marked change from Saturday.

The Bond market was not active, excepting for Missouri 6s, of which over $10,000 sold, opening and closing at the same price. Railroad Bonds were dull, and in some cases heavy. At the Second Board the transactions were not large, but toward the close the features of the Bank Statement and the news by the North Briton had a favorable influence, and the market before operators left the street became quite strong. The closing prices were: Virginia 6s, 92¾@93; Missouri 6s, 83¼@83½; Canton Company, 21@21¼; Cumberland Coal Company, 14½; Pacific Mail Company, 105¼@106; New-York Central Railroad, 79@79¼; Erie Railroad, 16¼@16½; Hudson River, 41¼@42; Harlem, 12@12½; Harlem Preferred, 38¼@38½; Reading, 42¾@43; Michigan Central, 48@48½; Michigan Southern and Northern Indiana, 12@12½; Michigan Southern and Northern Indiana Guaranteed, 23@23½; Panama, 144@144½; Illinois Central, 59½@59¾; Galena and Chicago, 63½@63¾; Cleveland and Toledo, 28¼@28½; Chicago and Rock Island, 65@65¼; Illinois Central 7s, 87½@88½.

The foreign bill market is very strong, but the demand is quite limited. There are not many sterling merchants' bills in the market, and they are held high: 109@109¼, if of first class. Bank bills are 109¾, and bankers 109¼. France are 5.16¼@5.12½ less ¼ per cent.

Freights: to Liverpool: 16,000 bush. Corn at 6½d., and per steamer 100 boxes Cheese at 40s., and 5,000 bush. Corn at 8d. in steamer's bags. To Glasgow: 300 bags Rosin at 3s. per 280 lb. A vessel from the South to North side Cuba, and back, at 46c. for Sugar, and $3 for Molasses.

The business of the Sub-Treasury was: Receipts, $170,266 42—for Customs, $103,525 47; Payments, $223,421 67; Balance, $7,505,564 82.

We gave the increase in the third week of the Michigan Central road some days since. The figures are:

| | |
|---|---|
| 1859 | $32,560 56 |
| 1860 | 36,324 29 |
| Increase | $3,773 86 |

The third week on the Macon and Western road gives $6 709. The receipts on the Grand Trunk Railway for the week ending April 14 were ....$76,853 89
Corresponding week last year .... 45 953 46
Increase ....$23,895 43

The business of the Clearing House to-day was $26,521,415. The Hamburg steamer will take $200,000 or $300,000 in specie. Mr. Wm J. Bell has been readmitted to the Stock Exchange. The money market remains precisely as before reported. A dividend of 10 cents on each share of the capital stock of the Hiwassee Mining Company will be paid on presentation of certificates by the holders in person, or by attorneys duly authorized at the office of the Company, No. 26½ Broadway. Interest on the Third Mortgage and Convertible Bonds of the Hudson River Railroad Company, due 1st of May, will, as usual, be paid at the office of the Company. The coupons of the Cincinnati, Hamilton, and Dayton Bonds will be paid to-morrow at the office of F. S. Bind, No. 21 Nassau street. The following will be paid at the Bank of America: Coupons of the City of Louisville, issued to the Jeffersonville Railroad and the City Water-Works, and Coupons of the Memphis and Charleston Railroad.

The Cincinnati and Chicago Railroad (from Richmond to Logansport, Indiana) was sold on Saturday last under a decree of the United States Court, and was bought for the first mortgage bondholders by Mr. Warren Murdock for the sum of $30,000.

The Committee of bondholders of the Milwaukee and Mississippi Road, appointed at the meeting on Friday, made a report to-day in favor of adopting the scheme of reorganization proposed by the Board. The agreement of assent was signed by those present. The road, we understand, will pass into the possession of Mr. Isaac Seymour of the Bank of North America, trustee under the second mortgage, on the 10th inst., and proceedings to foreclosure, under the first and second mortgages, will be at once commenced.

At the annual meeting of the Detroit, Monroe and Toledo Railroad Company, held at Monroe, the following directors were chosen for the ensuing year: Ransom Gardner, T. G. Cole, Henry H. Brown, Nelson Beardsley, J. H. Ransom, E. M. Gilbert, M S. Syke, jr., J. S. Barry, H. Keep, Philo Morehouse and Stillman Witt. The directors, at a subsequent meeting, elected the following officers: President, E M. Gilbert; Vice-President, M S. Syke, jr.; Secretary and Treasurer, Henry H. Brown.

The Syracuse papers of Friday evening say that navigation opens slowly. Boats have arrived at Albany from as far as Utica east, and Peru at the west. Sixty-five boats had cleared at the Collector's office here, up to 2 p. m. It is announced that the Delaware and Hudson Canal will be open for navigation on the first Monday in May.

The weekly statement of Bank averages is unexpectedly favorable, the specie line showing no decrease, while the loans have been contracted over $1,300,000 without producing any effect upon the Money market. The reserve has since been strengthened by nearly a million and a half from California, against which stands the Saturday shipment of $775,000. The aggregate shipment thus far this year is $7,174,000, against $14,202,000 last year to same time, and $9,942,000 in same time of 1858.

The following is a statement of the condition of the Banks of the City of New-York:

**Walter Brown's Monthly Wool Circular.**

During the month of April the market continued quiet, with a tendency toward lower prices, owing to the approach of the close of the Wool year, and the depressed condition of the Woolen Goods trade.

The steady firmness of the Foreign Wool markets, and the ready sales made, is quite in contrast with the feeling prevailing in this country, and can only be accounted for by the successful trade the foreign manufacturers have been doing, to a considerable degree at our expense. The relative conditions of our Wool and Woolen Goods markets is such, that we think one of these three consequences must follow.

Woolen Goods must bring more remunerating prices, the raw material decline still further in price, or the weaker manufacturers soon give way; and, by thus diminishing the consumption and production, remedy the evil.

The fact that the recent large importations of Cape Wools here and in Boston, which were first entered free, have been found dutiable, and a duty of 24 per cent on their value since collected, ought to have given a firmer tone to our markets, at least for the finer classes of Wools; but it does not seem to have produced that effect, and owners are now offering to accept lower prices for some of the best lots than heretofore and lower, we think, than new Wool of corresponding quality can be laid down after its clip, unless growers modify their present views. The following sales made during the month have come under our notice, viz: Extra grade American fleeces, 60,000 lb, 50@52c; 125,000 lb fleeces, 57@58c; low and medium do., 10,000 lb, 32@45c; extra pulled, 25,000 lb, 46@48c; super pulled, 30,000 lb, 38@41c; 20,000 lb pulled, 21@42c; Canada peddles' wool, 20,000 lb, and Canada fleeces, 20,000 lb, on private terms; of California wool, graded here, 125
