TO REVISE THE PRESENT RULES

New York Yacht Club Has Adopted The Report of the Committee.

INTERNATIONAL STANDARD

Is Discussed, and Also What System Of Measurement Would be Conductive of Best Results.

New York, Oct. 24.—The New York Yacht club has adopted the report of the committee appointed in February last to revise the present racing rules with reference to the measurement of racing craft.

The principal change effected is the introduction of the factor of hull displacement, with the factors of lengths and sail area previously considered. The formula, as it now stands, reads as follows: "Length multiplied by square foot of said area, divided by five times cube foot of displacement." Direction with reference to the measurement of the various sails in all craft are given.

The committee of measurements announced that it had corresponded with designers and builders in Europe and America, to whom questions were addressed relative to the advisability of the clubs changing its rules to the possibility of formulating rules which would result in a wholesome type of boats adapted to yachting in this country. What system of measurement would be conductive of best results, and to the possibility of forming an international standard. In all cases favorable answers were received, except that some doubt was expressed about the international standard.

Local sports

ON THE RACE TRACK.

Two More Records Go a Glimmering—Onward Silver Goes Some.

Memphis, Tenn., Oct. 2.—Two world's records were broken and another one tied, and Croesus made a gallant attempt to lower his trotting mark at the Driving park this afternoon. The exhibitions of Croesus and Onward Silver were reserved for the end of the day's sport. It was after 5 o'clock when Onward Silver, accompanied by a runner, appeared for his great effort to lower the two-mile trotting record of 4.29½, made by himself last week at Lexington. On the second trial the starter gave Hudson the word, and the trotter fairly flew around the first turn. Hudson apparently checked his speed at the quarter, which was passed in :34¼. Going down the back stretch Onward Silver broke, but soon regained his stride. The half was reached in 1:08¾ and the three-quarter pole was passed in 1:41½. Here the running mate set a hot pace to the wire, and the mile was made in 2:14½. At the next pole the time registered 2:48¼; down the back stretch Onward Silver again moved, and the mile and a half post again set a hot pace and at the last quarter pole the timers registered 3:54°. Hudson began to urge his horse in the final run home, and when the wire was reached a new world's record was hung out—the time being 4:28¼. Both horse and driver received an ovation.

Cresceus, with two runners, trotted a mile in 2:04 flat.

In the Diamond handicap Major Delmar trotted the first heat in 2:05½, equalling the world's record for geldings in a race. In the third heat of the same race at half a mile, Major Delmar won handily in 1:01, which is another race record for the distance.

CLIFFORD WON OF COURSE.

Knocks Kid Opie Out in Second Round of Championship Bout.

Butte, Mont., Oct., 23.—Jack Clifford knocked Howard Opie out in the second round tonight of what was to have been a 20-round contest. Opie made a good showing in the first round and both fought very fast.

After the second round had gone a minute and 20 seconds Clifford sent in a stiff left to the wind and Opie dropped his guard. As he did so, Clifford swung his right to the left jaw and Opie went down in a heap. Clifford falling on top of him. Opie was carried out and had to be carried to his corner. About 800 people saw the fight.

ANNUAL LEAGUE MEETING.

Minor Association in Session at New York—Reports Heard.

New York, Oct. 23.—The members of the National Association of Minor Baseball leagues began their annual meeting at the Fifth Avenue hotel today. The delegates during the opening session listened to the annual reports of President P. T. Powers and Secy. J. H. Farrell, elected officers and a new national board, and decided to appoint a rules committee of their own.

Among those who were present were W. M. Lucas, Spokane, Wash., president of the Pacific Northwest league, and D. E. Dugdale of Seattle.

Secretary Farrell's report proposes that a player reported for drunkenness or disorderly conduct the second time shall be declared ineligible to play with any national association club for the balance of the season. Among other recommendations made in Mr. Farrell's report were:

"It would be advisable to consider a modification of the 'forming' rule, with the idea of establishing a stated penalty for its violation if it is to be continued.

"It is recommended that the national agreement be amended so as to specifically state the period of time granted club owners in which to accept a player and retain a claim upon a player's services.

"I would recommend that provision be made to penalize any club manager who communicates, in the line of negotiations, with any player under contract to another club of this association."

Letters were read from John T. Brush and James Hart, suggesting an affiliation between the National league and the National association. Mr. Farrell, however, declared after the meeting that the association would remain independent of any other organization.

Mr. Powers and Mr. Farrell were both unanimously re-elected president and secretary-treasurer. The national board has M. H. Sexton of Rock Island as chairman and W. H. Lucas of Spokane as a member. Adjournment was taken till tomorrow.

A GOOD DEAL OF NONSENSE

About "Blood Purifiers" and Tonics

Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is, from wholesome food properly digested. There is no other way and the idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the fol-de-rol that dyspepsia or indigestion is a germ disease or that other fallacy, that a weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure indigestion, sour stomach, gas and bloating after meals, because they furnish the digestive principles which weak stomachs lack, and unless the deficiency of pepsin and diastase is supplied it is useless to attempt to cure stomach trouble by the use of "tonics," "pills" and "cathartics" which have absolutely no digestive power, and their oenly effect is to give a temporary stimulation.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of meat, eggs and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but, of course, are much more effective in the stomach.

There is probably no remedy so universally used as Stuart's Dyspepsia Tablets because it is not only the sick and ailing, but well people who use them at every meal to insure perfect digestion and assimilation of the food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well, prevention is better than cure, and Stuart's Dyspepsia Tablets do both; they prevent indigestion and they remove it where it exists. The regular use of one or two of them after meals will demonstrate their merit and efficiency better than any other argument.

All-Americans Win.

Billings, Mont., Oct. 23.—The All-American Bowling trio lost one of the two games with Billings bowlers this afternoon in the first of the series in this city. Vorhies of the All-Americans was beaten in individual contest with A. L. Carey, the state champion, who scored 233 pins to Vorhies' 198. This is the first time Vorhies has ever been beaten in an individual contest. Results:

All-Americans—Wolf, 175, 208; total, 383. Selbach, 179, 164; total, 343. Vorhies, 190, 226; total, 416. Grand total, 544, 598. Total, 1,142. Average, Average, 380.6.

Billings—Tschudy, 201ñ 202; total, 403. Elliott, 170, 190; total, 360; Daniels, 175, 189; total, 364. Grand totals, 546, 581, 1,127. Average, 375.6.

O'Brien Beats Jeffords.

Philadelphia, Oct. 23.—Philadelphia Jack O' Brien bested Jim Jeffords of California in a six-round contest at the Broadway Athletic club tonight. Jeffords was almost half a head taller than O'Brien and had every natural advantage, but could do little with the latter. O'Brien took no chances, however, and fought cautiously. At the outset O'Brien knocked Jeffords down with a blow on the head but Jim was up in an instant. Jeffords showed that he was a clever boxer. O'Brien put Jeffords down for the count in the second round. Jeffords also went down in the sixth sound. The fight was O'Brien's from start to finish.

Chicago Track Doings.

Chicago, Oct. 23.—La Goleta cut two-fifths of a second off the track record for a mile and seventy yards in the second race at Worth today. Results:

First race, five furlongs—Applesweet won, Aylemer Bruce second, Instar third. Time, 1:01 1-5.

Second race, mile and seventy yards—La Goleta won, Constellator second, Gallant third. Time, 1:43 4-5.

Third race, six and a half furlongs—Automatum won, Sim W. second, Limelight third. Time, 1:20 1-5.

Fourth race, six furlongs—Elsie L. won, Hargis second, Hoodwick third. Time, 1:13 2-5.

Fifth race, six and a half furlongs—Carl Kahler won, Evelyn Byrd second, Bummer, third. Time, 1:20.

Sixth race, one mile—Vulcaine won, Mobina second, Illowaho third. Time, 1:40 2-5.

Cresceus Failed Again.

Memphis, Tenn., Oct. 23.—Cresceus, in his attempt to reduce his record of 2:02¼, failed at the Memphis Trotting association this afternoon, covering the mile in 2.04 flat. Onward Silver went against his two-mile record of 4:29½, and amid much enthusiasm covered the distance in 4:28¼, reducing his resord 1¼ seconds.

Knocked Out But Won.

St. Louis, Oct. 23.—In a fight at the West End club tonight between Brooklyn Tommy Sullivan and Joe Sherlock of Chicago, Sullivan knocked Sherlock out in the second round by a blow below the belt. The referee awarded the decision to Sherlock because of the foul.

Emperor and Prince.

New York, Oct. 24.—The New York Yacht club has elected to honorary membership Emperor William of Germany and his brother, Prince Henry of Prussia.

Their Last Match.

New York, Oct. 24.—Harry Vardon of Sarboroug, and James Braid of Romford, both former golf champions, have met in what probably was their last match of the season on Hayling links, says a London dispatch to the Herald. Vardon secured the match by four up and three to play.

HARVARD SEEMS TO HAVE BEST CHANCE

Experts Say That the Eleven is Likely to Defeat Yale.

BEST CANDIDATES PICKED.

Big Teams Settled Down to Hard Work in Preparing for the Big Contests to Come.

All the big football teams will now begin preparing for the important contests of the season. This preparation will consist mainly in the development of team play. The practice games have enabled the coaches to pick the best candidates for the 'Varsity, and the other players will be relegated to the scrub for the present season.

A scrub player would have to show very exceptional form to be taken on a 'Varsity team after the team work is well under way. This is the case at Yale, Harvard and Princeton. The Cornell 'Varsity is in such a chaotic condition owing to the number of bruised men that, according to report, new material is still being sought for. Practically the same condition prevails at Pennsylvania. Columbia's team is intact, but Coach Morley is on the lookout for better ends and another good heavy man for the line.

Harvard won the championship last year by defeating Yale, 22-0; Pennsylvania, 33-6; West Point, 6-0, and Columbia, 18-0. Yale had defeated Princeton, 12-0, and the Tigers beat Cornell, 8-6; Lafayette, 6-0, and Brown, 35-0.

Harvard then had a team of fast giants who entered the contest with Old Eli in the pink of condition. The Harvard team had many substitutes who were almost as good as the regular 'Varsity men. Practically the same conditions prevail at Cambridge today, and for this reason some impartial critics look to see Harvard beat Yale and win the championship for the second year in succession.

HARVARD'S REAL STRENGTH.

The real strength of the Harvard team was shown for the first time in the game with Wesleyan last Wednesday. The carefully trained 'Varsity men, the men who are to face the Elis later on, merely played in the first half. Yet in the short space of 20 minutes they scored five touchdowns and a goal from the field.

Three of the touchdowns were made in the first nine minutes of play, although the Methodist's team was far from being weak. Kernan, Mills, Jones, Leatherbee and Stillman ripped through the Wesleyan line as though it were made of paper. The goal from the field was made by Marshall, who is having a hard fight with Daly for the position of quarterback. In that one half Harvard exceeded the score Yale made against Wesleyan a few days ago.

In the second half Harvard was represented entirely by substitutes. They failed to play well together, with the result that no more touchdowns were made and Wesleyan scored. Individually, however, the substitutes made an excellent showing.

The Yale team is also composed of giants. Few changes have been made in the Yale 'Varsity since it was organized for the first practice game this season. Owing to this fact the team plays with wonderful smoothness and the formations are worked so rapidly that Yale's opponents in the practice games this season have soon become exhausted.

Yale does not seem to have as many good substitutes as Harvard for her giant line and there is now little doubt that the Crimson has a stronger back field.

TEAMS HARD TO COMPARE.

It is difficult to tell anything by a comparison of scores made against other teams by Harvard and Yale. The Elis have invariably let up in their work in the second half and resorted to punting in order to test their defense. Yale has never trained her 'Varsity so carefully as she has this year, and there may be a surprise in store for the Cambridge aggregation.

Princeton has plenty of material this season, which is only just beginning to round into shape. The Tigers have been weak on the defense, ragged in interference and given to fumbling. The ginger displayed by the men, however, partly compensates for these defects. In Hart, Kafer and Foulke, Princeton has three fine line buckers, and the Tigers hope to beat Yale through their exceptionally fine aggressive work.

Races at St. Louis.

St. Louis, Oct. 23.—Fair grounds summary:

First race, seven furlongs, selling—Locust Blossom won, Precisely second, Emily Oliver third. Time, 1:28¼.

Second race, five and a half furlongs—Monsieur Beucaire won, Light Opera, second, Dr. Kfer third. Time, 1:08½.

Third race, mile and seventy yards, selling—Tenedos won, Florie S. second, Trauer third. Time, 1:44¼.

Fourth race, six furlongs—Genheimniss won, Bas D'Or second, Fore and Aft third. Time, 1:14¾.

Fifth race, mile and sixteenth—Lunar won, Leenja second, Fonspray third. Time, 1:48¼.

Sixth race, one mile—Virgle D'Or won Jack Young second, Biss Massie third. Time, 1.41.

Events at Boise.

Boise, Ida., Oct. 23.—A sharp shower in the morning made the track at the fair grounds rather heavy today, and consequently no harness races were pulled off. Following are the results of the other events:

First race, running, six furlongs three-year-olds and upward, purse $150—San Sam won, Laureta second, Caligula third. Time, 1:16¾.

Second race, running, five furlongs, purse $150—Elsie Glenn won, Rubina second, Poorlands third. Time, 1:03 4-5.

Third race, running, three-eighths of a mile, purse $100—Quicksilver won Big Dutch second, Rattler third. Time, 36¼ seconds.

Fourth race, running, special, five and a half furlongs—Argot won, Avator second, Schallawag third. Time, 1:10½.

Fifth race, running, three-quarters of a mile—Glencondo won, Miss Remson second. Time, 1:18.

LOCAL EVENTS

MORAHLAH BEATS GALENTINE.

Mat Artists Indulged in Rough Work At Theatre Last Night.

There was another packed house at the Salt Lake Theater last night to witness the much talked of wrestling match between Morahlah, the "Terrible Turk," and Jim Galentine from Iowa. The result was as generally expected. The Turk showed up in better condition than did Galantine and won two falls out of three, thereby taking the winner's end of the gate receipts. The greatest struggle of the three falls was the second, when they wrestled Greco-Roman style. In this Galentine had a decided advantage and performed a great many tricks that the Turk did not seem to understand. Both men roughed it for a time and there was no interference from Referee Charley Lang. Both men used their elbows in "jabs done accidentally on purpose," and the Turk got decidedly the worst of it. The first fall was catch-as-catch-can. Galantine got out of many tight places by head spins and rolls, but the Turk finally secured a half Nelson and bar hold and forced his man to the mat. The fall was gained in 16 minutes. The next was Greco-Roman and it required a struggle of 19 minutes and 20 seconds before Galentine secured a hold the Turk could not break. With a half Nelson and hammer lock he forced the Turk over and down. As the sultan's man won the quickest fall he had the choice of the style for the third, and naturally decided on catch-as-catch-can. In 15 minutes he put Galentine to the bad with the same hold as in the first fall.

Galantine displayed wonderful speed throughout the contest and at times punished his opponent severely, but he neither had the steady strength and staying qualities nor the confidence that the Turk had

The only preliminary was a fifteen-minute match between Charley Ross and G. C. McLaughlin. Ross, although the lighter man of the two, demonstrated time and time again that he knew infinitely more about the game than did McLaughlin, but as it was merely an exhibition match no fall was taken except that Ross secured six touch falls over McLaughlin. Several times he secured a double Nelson on the Park City man, but allowed him to escape each time.

BIG CONTEST TOMORROW.

Aggies of Colorado Will Meet the University Team.

Tomorrow afternoon on the University campus there will be played one of the fiercest football games of the season. The battle will be between the 'Varsity eleven and the Agricultural college team of Colorado. The latter team has made a great name for itself over in Colorado and stands a good chance at present to land the Colorado championship. The team will arrive here tomorrow morning, as they left Fort Collins yesterday afternoon. Arrangements have been made for their entertainment at the Kenyon.

The local boys are in great shape to meet their antagonists. Their hard work is over with and nothing but light signal work occupies their attention now. Coach Holmes is well pleased with the condition of the team and expects to carry off the honors.

ORDER FOR THE DEFENDER.

Boat to Go Against Shamrock III, is Being Constructed.

The order for the new cup defender in the races with Sir Thomas Lipton's Shamrock III has been placed with the Herreshoffs at Bristol, R. I., according to a report from an authoritative source. Plans for the new craft were drawn up many weeks ago in anticipation of the challenge and orders were placed for construction metal and other requisites so that the builders are now practically ready to begin work as soon as the material has been assembled. The condition of affairs about the boat shops, however, indicate that operations on the craft may not be begun for a month or six weeks, as the builders are constructing a set of boat shops, in one of which the new boat will be built, and it will take 30 days to finish the sheds. Word comes from a number of cities that the work of loading material upon cars for shipmeat to Bristol has already begun.

TOMORROW'S H. S. GAME.

Ogden and Salt Lake Teams to Clash Again.

The Salt Lake and Ogden High school teams will clash tomorrow afternoon at Walker's field, making the second game between the teams. There is considerable interest in the outcome as the Ogden contingent has been working hard in preparation for the contest and confidently expect to win from the locals. The latter say they are in first class condition individually and collectively and declare they will run up a higher score than ever tomorrow. The locals will line up as follows:

Dyer, left end; Bero, left tackle; Anderson, left guard; Richmond, center; Bradbury, right guard; Neiden, right tackle; Harris, right end; Webb, quarterback; Pitt, left halfback; Moore, fullback; Bird, right halfback; substitutes, Manning, Rowdle, Bintz, Bloch, Richards, Pierce.

Buck Weaver Home.

Buck Weaver returned from the northwest last evening and said he had an enjoyable trip. He states that there is a good chance for the Utah towns in the Pacific Northwest league and all that is required is to organize a good strong team, put up the money needed and show the league bosses that we mean business.

Date of Game Changed.

The date of the game between the university and guards football teams has been changed. It was to have been played two weeks from tomorrow, but it has been decided to play one week from tomorrow. The change was made at the request of Manager Margetts of the guards. There is a great deal of rivalry between the 'varsity boys and the guards and the game promises to be a hot one.

Gun Club Shoot.

Four members of the Salt Lake Gun club were out to the traps yesterday and shot out a score of 50 blue rocks. Callison held high gun making 44 out of a possible 50. The detailed score follows:

Callison—
11101 11101 11111 11111 11111
11111 11111 10110 01110 11111—44

Uncle John—

11010 11110 11101 10111 11001—36

Barratt—
11110101110 01111 01110 10111
00111 11101 01111 11110 01001—35

Dart—
10010 01101 01101 11111 01001
10001 11100 11111 01011 10111—32

TREATMENT OF CONSUMPTION.

Eminent Pathological Authorities Assemble in Prussian Parliament House and Discuss Result of Another Year's Inquiries Into The Subject.

Berlin, Oct. 23.—About 100 eminent authorities on pathological research assembled in the Prussian parliament house today to hear and talk over the results of another year's inquiries into the nature and treatment of consumption. Most of those who have come to the congress from a dozen countries have something original to contribute. France is represented by 20 delegates from her scientific bodies and Germany by more. Among the German representatives is Dr. Koch, who, however, today said nothing. Great Britain is represented by four delegates and the other European countries have sent from three to ten delegates. There are two delegates from the United States Prof. Brouardel of Paris was chosen chairman.

At the first session Home Secy. Posadowsky-Wehner welcomed the delegates on behalf of Emperor William, Court Chamberlain von Kuesbeck welcoming them for the empress, and Burgomaster Kirschner extended them a welcome on the part of the municipality.

The feature of the day was an account by Dr. Chalmette of Lillie, France, of the house-to-house crusade against tuberculosis in France, especially the nursing at home system carried on by private beneficience. The state partakes in this only by subsidies from the mutual betting at the races. Societies have been formed in each town, supported by the town councils and various groups that try to prevent the spread of consumption among the working classes and sanitarily educate their families, supplying advice and medicine at dispensaries. Dr. Chalmette described the operations at Lille since February, 1901. The principle is to give the largest relief to the less seriously injured among the poor, so as to lengthen their economic life. Every patient's lodgings at regular intervals are washed with chloride of lime and the walls are whitewashed.

The patients receive clothes, bedding, a pocket cuspidor, a table cuspidor and one litre of lysol weekly. Steam laundrying is done for 60 poor families at an average expense for each patient of 20 cents a day. The sanitary education of the families is done at home mostly by intelligent workmen specially taught for this kind of lecturing. They explain how to make a house healthy, disinfect linen and supply food and material for relief during the persons enforced idleness. Expectorators are instructed that spitting is as dangerous to them as to the persons around them, because the expectorators inhale bacilli. Dr. Chalmette said nearly two years practice of this scheme gave satisfactory results. Many patients who had been looked after and helped from one to nine months resumed work, having no bacilli in their expectoration and had recovered the appearance of health. In every relapse patients were assisted, and their economic life was thus lengthened.

Dr. Van Rynn, of Brussels, read a paper on the notification of consumption cases to the health authorities, "the happy results of which and the preventative measures involved could be seen in New York, where the consumptive death rate had decreased 30 per cent in a few years." This notification, Dr. Van Rynn added, should exist in all countries because to destroy the infections it is necessary to be informed they exist. The objection to the notification is that it is against individual liberty and professional secrecy and might disquiet patients and make them worse as consumptives lose their situations. This was all confuted by the necessity for acting in the general interest.

Dr. Andvord of Christiana said there had been compulsory notification in Norway since Jan. 1, 1901, and it had not had the disturbing effect expected.

An English delegate said compulsory notification was impossible in England owing to public opinion against it following with the sanitary condition of homes.

The American delegates Dr. Welch of Baltimore and Dr. Chas. Denison, of Denver, were not present.

The members of the congress had tea with Countess von Buelow at the chancellor's residence at 5 o'clock in the afternoon and they were entertained at various theaters tonight.

To Repel Revolutionists at Carupano

Willemstad, Island of Curacao, Oct. 24.—News has reached here that Gen. Velutini has left La Guayra, Venezuela, to repel the expected revolution attack on Carupano, state of Bermudez, which has been besieged by the rebels for two days. Carmelo Castro, brother of the president of Venezuela was so seriously wounded in the leg in the recent fight at La Victoria that the leg has been amputated.

Broom Combine to be Financed.

New York, Oct. 24.—Arrangements have been made, according to the Tribune, for financing the proposed combination of broom manufacturers which, if formed, will have a capital of $5,000,000. The total capitalization of the companies engaged in manufacturing brooms in the United States is about $3,000,000 and their yearly output about 42,000,000 brooms. The manufacturers who have been asked to give options on their plants represent 75 per cent of the broom industry of the country.

Greig Pleads Guilty.

London, Oct. 24.—L. H. Greig former bookkeeper in the London offices of the Carnegie Steel company and charged with forgery and abstracting checks aggregating $81,265 from the correspondence of the Carnegie company, pleaded guilty to forgery and was sentenced to five years' penal servitude.

Austrian Lloyd Stokers Strike.

Vienna, Oct. 24.—Another strike of the stokers employed by the Austrian Lloyd Steamship company, at Trieste, has begun. Twenty vessels are affected. The strikers demand that only such stokers as are approved by the intermediary bureau shall be employed.

Brigandage in Manchuria.

London, Oct. 24.—Cabling from Pekin, the correspondent of the Times says that owing to the continuance of brigandage in that portion of Manchuria evacuated by Russia, China has asked Russia's permission to dispatch 1,000 soldiers thither in order to suppress the disorder. To the request the Russian legation has replied that the matter must be referred to Port Arthur, which will necessitate considerable delay.

Negroes Arrested for Robbery.

Kansas City, Mo., Oct. 24.—Charles Clark, a negro, and a mulatto woman who claims to be his wife, have been arrested here on information telegraphed from Minneapolis, Minn. The officers forced an entrance into the apartments of the pair and found three large trunks full of supposed stolen property. In Clark's possession was found a complete burglar's outfit. The property taken from the trunks is valued at $1,000 and consists of a large quantity of men and women's new clothing, gloves, silks, fancy bests and lingerie. Hidden in the lining of a fine overcoat was a bag filled with jewelry, part of which was engraved with initians. Nearly 50 pawn tickets issued by Minneapolis and Chicago pawn brokers were found in the pocket of a woman's jacket.

Boss Shepherd Left Big Fortune

Chihuahua, Mexico, Oct. 24.—It is announced that the estate of the late Alexander R. Shepherd, better known as Boss Shepherd, far exceeds the estimate of $6,000,000 in value, as originally made. It amounts to more than $10,000,000, and consists almost exclusively of rich mines in the Batopolis district in a remote section of the state.

JOS. W. WILSON,

237 South Sixth East, St., Salt Lake City. Telephone, 736 D.

He has constructed more Roller Flour Mills than any other man in the Rocky Mountain country. Also improved more Water Powers than any other man in the West. His estimates are always correct and satisfactory. He is also among the very best informed men either east or west, as to Salt Refining Machinery.

He handles mill supplies of every description, steam boilers and pumps, steam engines of every popular make, together with steam and belt hoists, with levers interchangeable from right to left hand; screens, rotary bolters, races and roller mills.

Great Western Mfg. Co.

Leavenworth, Kansas.

HUSLER'S FLOUR

is a result of good judgment in the selection of wheat, long experience in the milling of it, and earnest effort to make a flour which good cooks would rather have than any other. Get it from your grocer. Try it. If you don't like it sell it back to him.
