BUSINESS WORLD STILL CAUTIOUS.

Improved Weather Has Been Followed by Better Retail Distribution.

TOO LATE FOR BEST EFFECT.

Quiet Conditions Prevail in Some Lines—The Percentage of Idle Factories Increased.

New York, May 6.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

Somewhat better retail distribution has followed improvement in temperature, but it came too late to recover any large part of the early season's injury to spring trade. Quiet conditions are noted in practically all lines of wearing apparel. Operations for future requirements are carried on with caution, and this disposition to avoid excessive commitments will do much to reduce the number of failures. Some improvement in collections, particularly at the south and west, will also strengthen weak concerns. The percentage of idle factories has increased, especially in textiles and footwear, and a change in style has rendered unavailable much silk machinery. Structural work is increasing, but dealers had accumulated large supplies of building materials, and prices lack seasonable firmness. Commodity prices declined slightly during April. Railway earnings in April were 5.8 per cent less than last years.

Recovery in iron and steel industries is again retarded by the unexpected dissolution of the Pore association.

After last week's exceptionally heavy transactions it was natural that the western hide markets should become inactive. Prices remain firm, however.

Commercial failures this week in the United States are 206, against 202 last week, 241 the preceding week and 175 the corresponding week last year.

Failures in Canada were 27, against 16 last weke, 12 the preceding week and 22 last year.

Curtis Theater, Denver, Burned.

Denver, May 7.—The interior of the Curtis theater, which had just recently been newly equipped, was destroyed by fire that started on the stage at 2:30 o'clock this morning. All the traveling equipment, costumes and scenery of the May Howard extravaganza company, which was showing at the theater, was burned. The total loss is estimated at $55,000.

The fire is believed to have started from an improperly insulated electric wire. For a time the fire threatened to spread to the Chicago hotel where the May Howard company and a number of others are guests. Heroic effort of the firemen, which was especially directed toward the hotel, prevented the fire from spreading, however.

Olivet College President Resigns.

Chicago, May 7.—A dispatch to the Record-Herald from Lansing, Mich., says:

President W. G. Sperry of Olivet college has tendered his resignation to the trustees. The resignation was accepted, and President Sperry will return to his old home in New England at the end of the college year. It is understood that failing health is the cause.

Hill's Donation to Catholic Church

Chicago, May 7.—A dispatch to the Record-Herald from St. Paul says:

James J. Hill, president of the Northern Securities company and the Great Northern railway, will supplement his many gifts to the Roman Catholic church by a donation of $1,500,000, given jointly by himself and Mrs. Hill toward the erection of a new $3,000,000 cathedral. Two of the wealthiest parishes of St. Paul will join its construction. Announcement of the gift has been made by the clergy in connection with further statements of the progress of the cathedral movement. The remaining $1,500,000 is already in sight and will be given by other wealthy citizens.

To Cure Consumption.

New York, May 7.—Tests are being made of various chlorides and other chemicals in connection with a project now under discussion by the health department to check the spread of tuberculosis here. It is planned, should the tests prove successful, to use disinfectants in the water with which the streets are sprinkled.

It is believed that tuberculosis as well as many other diseases, are spread chiefly in the dust of the streets, as a result of the drying of saliva which has been expectorated.

As yet the matter is in an experimental stage, and it may be several weeks before any practical demonstration is made. The tests are being conducted with regard to killing the germs without spreading offensive odors.

MORPHINE

OPIUM AND OTHER DRUG HABITS

CURED FREE

MANY CASES ARE CURED BY THE FREE TREATMENT.

We will gladly send a large test bottle of this wonderful cure free, and patients will derive a great benefit even though they do not continue the treatment.

A noted physician writes to a brother doctor: "It beats anything I have ever seen in the way of Therapy and Field of Antidotes. I cured my brother easily, after exhausting all my skill, and that of my colleagues in Europe. Too bad it is not known to the medical world in general." Dr. Charles Thompson.

Another physician, well known throughout the east, a few days ago wrote as follows:

"I have given the Opium Habit years of study in China, India and this country, and I will admit that I am a child and novice in the presence of this AMAZING medicine. Surely there must be an astounding merit in a medicine comparatively unknown, within a few years, that could produce such good results."

Six thousand physicians use this medicine in their private practise. More cures made in the past two years than all others in the world combined.

Fifty thousand people attest its wonderful power. No suffering, no detention from work or duties, far better support than your old drug will give, a taste of real life and happiness, and a knowledge that you will be free once more. All these you will experience from the free test. Closest feeling of sympathy and confidence exists between our medical director and patients. All letters returned if desired. St. James Society. Suite 242, 1183 Broadway, New York.

Headache

Can be Cured with Dr. Miles' Anti-Pain Pills.

If your nerves are subject to disturbances, such as Headaches, Neuralgia, Backache, Rheumatism, Menstrual Pains, Sleeplessness, etc., their jarring and jangling can be quickly ended with a Dr. Miles' Anti-Pain Pill.

Dr. Miles' Anti-Pain Pills are pleasant little pink tablets, which do not act on the bowels, nor do they have any disagreeable weakening or habit-forming effect on the system.

They are the result of the latest scientific knowledge on the subject of Pain, and bring relief safely and quickly to the greatest sufferer.

You should always keep a box of Dr. Miles' Anti-Pain Pills in the house, since you never know when pain may attack you, and it is wrong to suffer when your suffering can be so quickly relieved.

Dr. Miles' Anti-Pain Pills contain no opium, chloral, cocaine, morphine, or similar drugs, and are sold by druggists under a guarantee to relieve you, or pay your money back.

By relieving Pain, Dr. Miles' Anti-Pain Pills shorten suffering, and lengthen life. 25 cents. Never sold in bulk.

"I have used Dr. Miles' Anti-Pain Pills when troubled with headache, and find that one pill infallibly effects relief in a very short time. I also use Dr. Miles' Nerve and Liver Pills when necessary. I am considerably afflicted with neuralgia of the head and find these pills of much benefit to me. They are all that is claimed for them."—GEORGE COLGATE, 219 Oakland St., San Antonio, Tex.

FREE Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills, the New Scientific Remedy for Pain. Also Symptom Blank. Our Specialist will diagnose your case, tell you what is wrong, and how to right it, Free. DR. MILES MEDICAL CO., LABORATORIES, ELKHART, IND.

Largest Bridge in the World.

New York, May 7.—The needful appropriation of $10,000,000 having been voted by the board of estimates, work on the structure of the new Manhattan bridge over the East river will begin July 1. When completed, it will cost $12,000,000, and from the standpoint of capacity will be the largest bridge in the world, and probably will be completed by Jan. 1, 1909. There will be eight railway tracks, as against six on the new Williamsburg bridge, and four on the old Brooklyn bridge.

Eight-Hour Fund Contributions.

Denver, May 7.—The quarterly report of the secretary of the Western Federation of Miners on contributions to the eight-hour fund shows that $39,749 has been added to the fund since the last report. This brings the total up to $106,033.

Tube of Radium Disappears.

Chicago, May 7.—A glass tube, one half inch containing radium, has disappeared from the office of Dr. William Allen Pusey. Whether it was lost or stolen the loser does not know. The radium was received by Dr. Pusey a few days ago from Paris. He was treating a patient for an affection of the face when the precious substance disappeared. The missing radium was of the usual grade for scientific use, worth about $200,000 per ounce, troy.

Important Tariff Decision.

New York, May 7.—A decision of considerable interest to importers has been handed down by the United States circuit court of appeals. In effect the court decided that the assessment of duty upon goods withdrawn from a bonded warehouse for consumption shall be upon the basis of the tariff prevailing at the time of withdrawal. The collector at this port, who had maintained that the duty should be levied on the basis of the rates in effect at the time the goods were placed in bond, was overruled.

This decision will affect an immense number of importations of sugar and tobacco, and also will apply to hundreds of importations of tea which were in bond at the time the war tax on tea was taken off.

Squandered a Million.

New York, May 7.—John Campbell Smith, of this city, formerly a paper merchant, who inherited more than $1,000,000 five years ago, has filed a petition in bankruptcy with liabilities of $408,300 and assets doubtful.

The petitioner was employed as salesman in the paper business by his grand uncle, Augustine Smith, who died in January, 1897, leaving a large fortune of which Mr. Smith inherited $1,000,000. He engaged in the paper trade, retiring in February of this year. Friends attribute the loss of his fortune to the slump in cotton following the Sully failure.

To Curtail Shingle Production.

Chicago, May 7.—A dispatch to the Inter Ocean from Escanaba, Mich., says:

Representatives of 31 shingle manufacturing companies of Northern Wisconsin and the peninsula of Michigan, under the name of the Northwestern Shingle Manufacturers' association have met here and agreed to curtail the production of shingles until the price of the product is raised to the normal level.

The manufacturers claim they are unable to make shingles without loss at the present price, and some mills may not open for work at all this season.

The price of shingles in the central west, it is claimed by members of the association has been driven to a bed rock basis by shipping into the territory great quantities of shingles from the Pacific coast.

Burglary Insurance Unprofitable

Chicago, May 7.—The activity of burglars has made burglary insurance in Chicago unprofitable to the companies that have been placing it. The announcement that a new high schedule of rates on burglary insurance will go into effect here on July 1 has brought to light some startling facts in connection with this class of insurance.

Representatives of prominent insurance companies acknowledge that in the last 10 years the Chicago agencies handling burglary insurance have sustained a loss of from $20,000 to $30,000, in spite of the fact that the rates here are from 25 to 40 per cent higher than in New York, Philadelphia and other large cities.

During the last five years the number of burglaries and thefts in Chicago had increased to an alarming extent, insurance men say. Several companies have eithr stopped taking risks or have transferred their business to some other company.

PUBLIC OFFICES FOR SALE.

Offered in Seoul to the Highest Bidder for Cash.

Seoul, May 5 (8 p. m.).—(Delayed in transmission.)—Yi-Yungtae, the new minister of the home department, has re-opened the sale of public offices, which had been discontinued for some time throug fear of Japanese intervention. Regaining confidence from the fact that no drastic reforms have followed the signing of the protocol during the Marquis Ito's recent diplomatic visit to the emperor, the palace harpies have re-commenced their malpractises. The Japanese authorities are not likely to interfere at present, desiring to completely conciliate all parties while still suspicious of the emperor's position or possibility, they are allowing things to ru.. from bad to worse, unill it is imperative to intervene with a heavy hand. Prefects command from $5,000 to $10,000, according to the reputation the districts have for squeezing possibilities. Governorships are higher priced. The emperor uses the funds so obtained for secret intrigues and to entice political refugees living in Japan to return to Korea, where instant execution would clean up old grudges, the settlement of which has been the emperor's great ambition for many years past.

ARE NOT MATERIALISTS.

Hamilton Mabie Says Americans Are Proudest of Nature's Works.

Chicago, May 7.—A denial of the charge that Americans are materialists has been made by Hamilton W. Mabie before the Alpha Delta Phi fraternity convention at the University of Chicago. He said:

"Whom would we name if asked to give the highest types of American life, but the pioneers of the west, men of the old south, sturdy New Englanders? Our idea is that it would not do to pick the great industrial centers of our country as to the things to be most proud of, but would name Niagara Falls, the Yosemite valley, the Yellowstone park. We are idealists."

Mr. Mabie was elected president and Collin Armstrong of New York vice president. The next annual meeting will be held in New York. The convention closed with a dinner at the Auditorium. One hundred and fifty delegates from 24 colleges were present.

WAR CORRESPONDENTS.

Well Treated but Not Allowed At Liao Yang.

Mukden, May 6.—Still no foreign newspaper correspondents are allowed at Liao Yang, where all the foreign attaches are detained. Capt. Wm. V. Judson of the engineer corps, U. S. A., who is to accompany the Russian army during hostilities, and Lieut. Newton A. McCully, the U. S. naval attache and others have been provided with quarters there.

The men on the troop trains passing through Mukden on their way to the front are in excellent spirits and express confidence in Russia's eventual success. They ask their officers when they may expect to reach Japan and already want to know the Japanese names for tobacco, tea and other articles.

Picturesque scenes are frequently witnessed at the wayside stations, where the troops frequently remain over night. The soldiers are drawn up on the platforms, the bugles sound and then all uncover as the priest utters the evening prayer. Then the troops in each car, led by a tenor voice, break out into folk songs. The Chinese villagers with whom the soldiers quickly make friends, gather about, listening to the songs which are mostly plaintive airs.

The men, many of whom have been 40 days on trains on their way from the interior of Russia, are all healthy and join heartily in the songs.

The Chinese commander of the district, accompanied by an escort attired in barbaric uniforms which contrasted strongly with their modern arms, waited at the station at Djandzun for an interview with Gen. Kuropatkin, who later reviewed the garrison here. A large concourse of Chinese assembled to witness the review.

If you want
A good friend—

Have your money back

WERE NOT MURDERED.

Lurid Story from Rutland, Vt., Positively Denied.

Rutland, Vt., May 7.—Reports that the local authorities have found evidence that three men, supposed at the time of their deaths to have been killed by railroad trains, were in reality murdered at the road house near here, is declared by the sheriff, state's attorney and the chief of police to have no foundation.

Strange Malady in Montana.

Butte, Mont., May 6.—A Victor special to the Miner says a strange malady, spotted fever, which has baffled the skill of physicians since its appearance several years ago, has broken out there, the daughter of John Cleary being in a precarious condition from the disease. Great apprehension exists over the fear of a possible spread of the disease.

Tibetans Attack a Mission.

London, May 6.—The Mail's Simla correspondent says that 800 Tibetans, coming from the direction of Shigatze, attacked the British mission at Gyantse at dawn on April 5. The Tibetans were repulsed with heavy loss and fled. The British loss was two Sepoys wounded.

Geo. Hliboka Must Die.

Great Falls, Mont., May 6.—George Hliboka convicted of murder in the first degree in the district court, was today sentenced by Judge Leslie to hang June 17 in the county jail yard here between the hours of 4 and 10 a. m. The condemned man is a Slav, and came from Cle Elum, Wash., several months ago in company with George Sedlacek. The two men left Sand Coulee together the morning of Feb. 11, Sedlacek having about $800 on his person. The next day the body of Sedlacek was found beside the trail which the men had followed, five bullet holes being in the head, and the clothing rifled of everything of value. Hliboka had left the body and, returning to the hotel where the men lodged, had gathered up the effects of both men and fled for Chicago, being captured at Grand Forks, N. D. On the stand his defense was that Sedlacek had thrown whisky in his eyes and made him crazy.

Run Down by Automobile.

Kalamazoo, Mich., May 6.—George W. Parker of San Francisco, president of the Pacific Coast Gypsum company, was run down by an automobile and probably fatally injured today. His shoulder and three of his ribs were broken.

GENEROUS REWARDS.

Wells-Fargo Offers $850 for Capture of Three Train Robbers.

San Francisco, May 6.—The Southern Pacific company, through Chief Crowley of the special agents' division, today issued a circular offering a reward of $850 for the arrest of George Gates, Edwin Vernon Gates and James Arnett. These men, the circular declares, are wanted for the robbery of the Oregon express, at Copley, Shasta county, Cal., March 31 last, in which W. J. O'Neil, the Wells-Fargo messenger, was killed by the robbers. The trio are also accused of having been engaged in a criminal career for some time, and, although young in years, are declared to have been connected with some of the most daring robberis known to western authorities. Included in the crimes charged to them are the robbery of an electric car near Portland, Or., last year, in which two men were killed, the hold-up of a Colorado Southern train, the hold-up of a stage at Weaverville, Cal., the robbery of a merchant at Jackson, Cal., and a robbery at Seattle.

George Gates is 27 years old and his brother Edwin 21 years old. They have been mining men and are the sons of G. G. Gates of Alameda county, a well known mining man operating in Amador county. Arnett hails from Medoc county in this state. The Southern Pacific detectives operating with the Wells-Fargo company's officials, together with Sheriff Richardson of Shasta county and Detective Ahern of Sacramento, have been pursuing the men for some time past, and were close on their trail a number of times, locating the cabins at which they had stayed. Twice they were chased across the Sacramento river, but they doubled on their tracks, coming back on water piping, and thus escaped.

They were last seen in Jackson county, Oregon, where efforts were made to capture them, but proved unsuccessful. The fugitives are now being pursued northward in Oregon, and the railroad police have issued circulars containing portraits and descriptions of the men, hoping that widespread publicity will assist in their arrest.

CALL FOR THE DEMOCRATIC DISTRICT PRIMARIES.

At a meeting of the Joint City and County Democratic Committee, held in Salt Lake City, Utah, April 27, 1904, it was ordered that the primaries of the Democratic voters of said county be held in the various election districts of Salt Lake City and Salt Lake County on the evening of Wednesday, May 11, 1904, for the following purposes, to-wit:

First: The election of 124 delegates to the state convention of the Democratic party, which will be held in Salt Lake City, Utah, June 9, 1904, which said convention is called for the purpose of electing six delegates and six alternate delegates, to the National convention of the Democratic party which is to be held in the city of St. Louis, Missouri, on July 6, 1904.

Second: The election of 133 delegates to the Third Judicial District convention of the Democratic party of the Third Judicial district, which said convention will meet in the city of Salt Lake, Utah, on Monday, May 16th, 1904, for the purpose of nominating four candidates for judges of the district court of said district, and one candidate for district attorney of said district.

Upon the suggestion of the state committee, the apportionment for the first named convention to the several districts in Salt Lake City and Salt Lake County is the same as in 1900, viz.: one delegate for each seventy votes cast for representative in congress in 1898, and majority fraction thereof, and by order of the judicial committee of the Third Judicial District, the representatition for each district in the said Judicial District convention is one deelgate for each 100 votes cast for Hon. William C. Hall, district judge, in 1900.

The representation of the several election districts of the city and county of Salt Lake is as follows:

In the state convention districts 63, 64, 65, 70, 74 and 86 are entitled to one vote. The chairmen of the districts mentioned will take action at once looking toward the selection of such delegate. The committee suggests that delegates with power to select this delegate meet previous to the holding of the state convention and make a choice.

In the judicial convention districts 63, 64 and 65 are entitled to one delegate. Districts 70, 73 and 74 are entitled to one delegate. Districts 83 and 84 are entitled to one delegate. Districts 85 and 86 are entitled to one delegate. The chairmen of these districts are requested to make the necessary arrangements for the selection of these delegates.

All district chairmen and secretaries are hereby notified to provide places for primaries and immediately upon securing same to notify the secretary of the Joint City and County Committee, Box 1228, Salt Lake City, that due publicity may be given the same.

In order that there may be perfect fairness shown to all supporters of the Democratic party, the committee directs that the primaries open at 8 o'clock p. m. and that as soon thereafter as organization is effected the polls be declared open and kept open until 9 o'clock p. m.

It is recommended that the primaries be called to order by the district chairman for the county and that he preside during the session. That in his absence the primary elect a chairman pro tem and a secretary, if the secretary is absent. It is further recommended that three judges be selected to receive the ballots, count the same after the polls are closed and declare the result to the primary. That at the conclusion of the primary the chairman and secretary forward to the secretary of the Joint City and County Committee the names of the delegates elected to both conventions, that they may be properly certified to those bodies.

The delegates to the Third Judicial district convention, elected from districts No. 1 to 52, both inclusive, will meet immediately after the adjournment of said convention, to hold a city judicial convention for the nomination of two judges of the City Court of Salt Lake City.

The qualifications for voting at the said primaries are that the voter shall be a Democrat, or one intending to support the candidates of the Democratic ticket at the next general election.

By order of the Joint City and County Democratic Committee.

M. E. MULVEY, Chairman.
C. M. JACKSON, Secretary.

CALL FOR CITY JUDICIAL DEMOCRATIC CONVENTION.

Salt Lake City, Utah, April 30, 1904.

At a meeting of the City and County Democratic Committee, held on April 27, 1904, it was ordered that a convention be held in the city of Salt Lake on Monday, May 16, 1904, for the purpose of nominating two candidates for Judge of the City Court of the City of Salt Lake. The delegates to the said convention will comprise the delegates to the Third Judicial District convention, which meets in Salt Lake City on said May 16, from Districts No. 1 to 52, both inclusive, and said city judicial convention will meet immediately after the completion of the business of the Third Judicial convention, proceed to organize and nominate said candidates for judges of the city court of the city of Salt Lake.

By order of the Joint City and County Democratic Committee.

M. E. MULVEY, Chairman.
C. M. Jackson, secretary.
