MYSTERY IN THE CORNER HOUSE.

This great story, which has been so long coming, will be full of mystery and interest such as no one can write but the great American Author, T. S. Arthur. Mr. Arthur's name is known wherever the English language is spoken. His popularity as an author has stood the test of long years, and every succeeding story from his pen is sought after with an avidity which proves how greatly he is admired by the readers of chaste and elegant fiction. Of all his works, however, we do not believe he has ever given to the world anything so absorbingly interesting as the story above named. From the opening chapter the reader's imagination is kept on a stretch to fathom the great mystery which hangs around the singular occupants of the Corner House, and as the story progresses and the plot thickens, this mystery grows more and more intense till the conclusion is reached.

The friends of T. S. Arthur are requested to meet *en masse* at all the News Agents' TO-MORROW, and procure the opening chapters of this charming story, which has been written exclusively and expressly for the

NEW-YORK WEEKLY.

PUBLISH THIS DAY,
A PRACTICAL TREATISE
ON
THE LAW
OF
COVENANTS FOR TITLE.
By WILLIAM HENRY RAWLE.
THIRD EDITION—REVISED AND ENLARGED.
8vo. Price $5 50.

This work is devoted to the consideration of the liabilities and rights of vendors and purchasers of real estate, arising from their Covenants for Title. Such covenants are, in some shape or form, introduced into nearly every conveyance of real estate, on both sides of the Atlantic, and the demand for the present edition would seem to indicate that the Profession have not deemed unnecessary a work which has for its object their analysis and practical effect.
In the preparation of this edition, the former treatise has been carefully revised, and all the authorities published up to the present time have been incorporated.
"It is a work of much value to the Profession throughout the United States. It displays great industry and research, and sound legal learning."—[R. B. Taney.
"This work gives a condensed view of the doctrines established by judicial decision on this subject in almost every State in the Union, which is nowhere else to be found. The industry and research which it exhibits do honor to the learned author, and entitle his work to the patronage of the profession."—[R. C. Grier.
"I have examined with much interest Mr Rawle's recent work on Covenants for Title, and have received from it the highest gratification. The work is a most valuable addition to our stock of original American Law Treatises."—[George Sharswood.

PUBLISH THIS DAY:
A RUN THROUGH EUROPE,
By
ERASTUS C. BENEDICT.
1 vol., 12mo. Cloth, $1 25.
This is a pleasant and instructive book, written without pretension. The author traveled through Italy, France, Austria, the German States, Switzerland, the Netherlands, Scotland, Ireland and Wales, observing the various life of each, and setting all in agreeable contrast before the stay-at-home reader. He endeavors to give a faithful idea of the impressions made upon the traveler by what he sees, rather than an ambitious description of the things seen, and to "sharpen without satisfying the desire to see the Old World." The work is certainly a very pleasant stimulus to travel.
