BAPTIST UNIFICATION.

Old First Church and East Side Organization Plan Consolidation.

The First Baptists held a well attended meeting last evening, at which it was unanimously decided to invite the East Side Baptist church to reunite with the First and parent church. If the East Side church accepts the invitation, it will have a share in the building of the proposed new church edifice, including the raising of funds. The matter will be brought before the East Side people next Sunday after service. This congregation only recently escaped from a debt of long standing, and has just established its finances on a firm foundation, so that what it may do in the premises is problematical. The East Side church was the result of a split in the old First church, and for years the new organization had a hard and up hill row to hoe in getting on its feet.

The First church people will take active steps within a week towards the raising of funds for building the new church edifice. The price of the site is $6,750, and the Ladies' Aid society pledges itself to raise $500 of that amount. The First church has been offered $30,000 for its west Second South street property, which amount will go a long way towards erecting the new building.

Just What Everyone Should Do.

Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all Druggists.

BOUNTY FRAUDS SUIT.

State Bank Seeks to Recover From Jones and Rumsby.

The State Bank of Utah has filed suit in the superior court at San Francisco against Charles Jones, alias Ward, and James Rumsby, alias German, to recover $3,500 paid by the bank for fraudulent bounty certificates sold by defendants, who are now in the county jail in this city charged with defrauding the state out of about $70,000 by their bounty fraud operations of last fall. Sheriff Emery, while locating Rumsby and while working on the case in San Francisco, found that the man owned a house and lot in that city. It is believed that Jones also owns property there, hence the bank is attempting to secure judgment against the men and then seize the property to satisfy the judgment. Jones is now serving a term of one year in the county jail for his part in the frauds, he having pleaded guilty to criminal conspiracy. Rumsby is in jail awaiting trial.

It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. The athletic field day at Fort Douglas scheduled for Friday, June 16, has been postponed till Friday, June 23.

Man's Unreasonableness

is often as great as woman's But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Z. C. M. I. Drug Dept. Price 50c.

This Day In History.

JUNE 15th

1752—Franklin drew electricity from the clouds. Franklin's discovery of the identity of lightning with electric fluid was due to long and patient study of the subject. He projected lightning rods first and to prove his theory sent a kite into the clouds. Other scientists, acting on Franklin's data and instructions, had obtained electrical sparks from tall iron rods and elevated Leyden jars. His lightning rod was put to the test a year later.

1775—George Washington took command of the American army.

1849—James Knox Polk, eleventh president, died at Nashville; born 1795.

1871—Commodore Josiah Tattnall prominent Confederate naval officer, died at Savannah; born 1795.

1904—Russia's Vladivostok fleet destroyed five Japanese vessels in the strait of Korea. The New York excursion steamer General Slocum burned in Long Island Sound; 812 persons on a church excursion outing lost their lives.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all Druggists.
