SPECIAL SESSION OF CITY COUNCIL

Franchises and Extensions of Street Car Lines Discussed at Length.

CRUSADE AGAINST VICE.

Four Deserted Wives Given Their Freedom—Steel Work on Viaduct Nearly Complete.

Ogden, March 20.—Without doubt the application of the Ogden Rapid Transit company for a franchise to extend its car line south on Wall avenue from Twenty-fifth street to Thirty-second street will be granted by the city council at its meeting next Monday night. This seems to be the opinion of those who attended the special session of the council, held last evening and at which the matter was discussed in all its phases. It is also very probable that further extensions will be made by the Rapid Transit company including the Twenty-fifth street line for about two blocks further east.

At the special meeting last night Councilman G. A. Dickson presided in the absence of President Browning. Present were representatives of the Harriman interests, the Rapid Transit company and residents from many districts of the city wanting street car service.

W. H. Chevers, representing the Harriman interests stated that they had no objections to the granting of the franchise providing the street car company used it for urban traffic and not for interurban traffic. C. R. Hollinsworth, local attorney for the Harriman interests was also present and spoke along the same lines as did Mr. Chevers.

A petition signed by Peter Cunningham and 127 others, urging the council to grant the franchise on Wall avenue, was read. They stated that they protested against the objections of the chamber of commerce and its action in the matter. Job Pingree, Sr., of the district to be benefited by the proposed extension was present and spoke at length in favor of it.

The residents of the Fifth ward living in the eastern part of the city presented a petition signed by W. H. Meal and 57 others asking the council to have the Rapid Transit company agree to extend the Twenty-fifth street line to Taylor avenue, if the franchise was granted on Wall avenue. A. W. Agee, appeared on behalf of the petitioners and said the people were entitled to this as they had waited a long time for it. He said that the terminus could be made at Taylor avenue as well as at the point where it is as the cars now wait at the end five or ten minutes.

M. S. Browning, vice president of the Rapid Transit company, stated that the company was willing to extend the Twenty-fifth street line a block and a half further east and had promised to do so but did not remember of any mention of the line being extended to Taylor avenue. David Eccles, president of the company, gave a few figures on the cost of making such an extension and the cost of maintenance. He stated that the line to Taylor avenue would not pay.

Councilman Peery stated that the company holds a blanket franchise over the streets of the city but had not been making any extensions in a number of years, and were waiting for the city to grow before they would build any track. He said that the city would build out to the districts if the car line was extended to them. He said that the action of the company in not building was holding the city back.

Several ladies, residents of the Wall avenue district were present and spoke in behalf of the granting of the franchise. They stated that they had waded through mud long enough and thought that they were entitled to the extension.

Councilman Austin asked President Eccles that if the franchise was granted, if the company would be willing to allow the firemen in uniform to ride on the street cars without paying fare. To this Mr. Eccles answered in the negative. Then Fire Chief Paine arose and said that in all other cities of the country the firemen were allowed this privilege and thought it should be done here.

After a short discussion in which the various members of the council took part, an adjournment was taken until next Monday night, when the franchise will come before that body for its third and final reading.

From the expressions of the councilmen after the meeting it is very probable that the franchise will be granted providing there are not too many amendments tacked on to it.

CRUSADE AGAINST VICE.

A crusade has been started by the police department against the users of cocaine and other drugs who have been increasing in the city for many months. It has also been learned that there is a surprising number of boys and young men who are what is termed "hop-station now there are three boys dely upon this charge. At the police station no wthere are three boys detained who were gathered in while they were "hitting the pipe" in a Chinese den. In one or two cases it has been found that girls have been numbered among some of those who have been addicted to the drug habit and against whom the police have also waged war.

FOUR DIVORCES GRANTED.

In the district court before Judge Howell yesterday afternoon, divorces were granted as follows. Jane Jones from William P. Jones; Mae Foote from George Foote; Olive Brear from Walter Brear, and Irma C. Whipple from B. B. Whipple. Non-support and desertion were the grounds alleged in all the cases.

In the probate division of the district court before Judge Howell, Eliza Rankin Purdy was appointed administratrix of the estate of Elizabeth Purdy, deceased. The estate consist of real estate in Ogden City, to which there are five heirs.

In the case of M. N. Wolff vs. Union Pacific Railroad company, the motion for a new trial, which was argued before Judge Maughan, yesterday afternoon, was taken under advisement.

STEEL WORK ON VIADUCT.

When work ceases this evening on the viaduct, all the steel work for the big structure will almost have been completed. Only one or two spans will remain to be finished Monday, then the big bridge will be ready for the flooring and the riveters. The steel workers have made a record for which Contractor Dundas is justly proud. Ever since the work started, train service or switching has not been interrupted. It is also interesting to note that no accident or mishap has occurred since the work started, either among the railway employes or the men working on the viaduct. It is a matter of speculation now as to how soon the viaduct will be opened. It is thought that it can be completed within less than a month.

BOARD OF EDUCATION.

At the session of the board of education held last evening, George Brown of Draper, Utah, and a graduate of the University of Utah, was employed as instructor in athletics in the high school services to begin at once.

Prof. Cannon of the manual training department, submitted his resignation, to take effect April 1, saying that he had a position which was more remunerative. The resignation was not accepted until Prof. Cannon secures a substitute.

SENTENCED FOR BURGLARY.

Judge Howell, being unable through illness to hold court in the county building today, held a session in his library at his residence. After hearing the probate calendar, George Williams, a negro, who was recently convicted of burglary in the third degree, was sentenced to one year in the state prison.

DEATH OF A PIONEER.

Mrs. Ruth Lawson, who came to Utah in 1855, died at the home of her son John Lawson, 2527 Iowa avenue, last night, of general debility. Deceased was born in Wales Dec. 6, 1826, and joined the Church in her native country when a girl. She was a faithful and earnest worker in the Relief society and other Church circles, and esteemed by a wide circle of friends. She is survived by four sons and 22 grandchildren. Her husband, Joseph Lawson, died a number of years ago. Funeral will be held Sunday noon at the Fifth ward meetinghouse. The body will lie in state until 11 o'clock Sunday at Larkin's undertaking parlors.

JUNCTION CITY BRIEFS.

Marriage License—A marriage license was granted yesterday afternoon to Albert J. Anderson and Amatina Moline, both of West Weber.

Scottish Cronies—The Scottish Cronies have elected the following officers for the ensuing year: Chief, George Lockhead, Sr.; secretary, James Macbeth; assistant secretary, T. S. Hutchinson; treasurer, R. A. Moyes. Arrangements will be made for the holding of the annual picnic at the Lagoon in June.

Shopmen Given a Rest—The men in the Southern Pacific shops were laid off from Friday night until Monday morning. This step was taken by Master Mechanic Malone, who is following the instructions to retrench, and takes this method of giving the "boys" a rest rather than to reduce the force. It is very probable that the shops will close down at least two Saturdays in each month until the freight traffic picks up to some extent.

Appointment Gives Satisfaction—The appointment of Fred W. Chambers as state fish and game warden has been well received by the sportsmen of the city who have known Mr. Chambers many years while he was connected with the Glasmann papers as advertising manager.

FREE PILE CURE

Sent to Demonstrate the Merits Of Pyramid Pile Cure.

What It Has Done For Others, It Can Do for You.

We have testimonials by the hundreds showing all stages, kinds and degrees of piles which have been cured by Pyramid Pile Cure.

If you could read these unsolicited letters you would no doubt go to the nearest drug store and buy a box of Pyramid Pile Cure at once, price 50 cents.

We do not ask you to do this. Send us your name and address and we will send you a trial package by Mail free.

We know what the trial package will do. In many cases it has cured piles without further treatment. If it proves its value to you order more from your druggist, at 50c a box. This is fair, is it not? Simply fill out free coupon below and mail today.

FREE PACKAGE COUPON.

Fill out the blank lines below with your name and address, cut out coupon and mail to the PYRAMID DRUG COMPANY, 190 Pyramid Bldg., Marshall, Mich. A trial package of the great Pyramid Pile Cure will then be sent you at once by mail. FREE, in plain wrapper.

The Blood is the Power That Defends the Body

This is the greatest and most important discovery of modern medical science.

It ranks with the discovery of the circulation of the blood, which was made centuries ago.

The blood protects the organs and tissues from disease, but it does so only when it is healthy itself.

Healthy blood is pure blood, and at no season is it more necessary than

IN THE SPRING

when there is so much exposure to disease germs.

Hood's Sarsaparilla makes healthy blood.

It is the medicine that purifies and enriches the blood and makes it normal in red and white corpuscles and all other constituents.

It cures all humors and eruptions, catarrh and rheumatism, relieves that tired feeling, restores the appetite, cures paleness, weakness, nervousness, and builds up the whole system.

BEST BLOOD MEDICINE.

"I have taken Hood's Sarsaparilla for a great many years, and I think it the best blood medicine in the world. I use it spring and fall

"This last winter and spring I was in very poor health.

"I was weak and had lost all my appetite and I was all run down. As soon as I began taking Hood's Sarsaparilla my strength came back and my appetite returned.

"I am now a well woman and can go about my household duties. I no longer have that tired feeling." Mrs. Marion Bruce, Cumberland, Me.

HIS ONE MEDICINE.

"I have used Hood's Sarsaparilla twenty years or thereabout. During said time I have not paid out one cent for doctor bills. I have for a long time used only four bottles per year, two in spring and two in fall. My bowels are regular, I sleep sound, feel like always being young, entirely free from any malaria, etc." Chas. F. Roberts, P. O. Box 478, Peoria, Ills.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Begin taking Hood's Sarsaparilla today, in usual liquid or tablets known as Sarsatabs.

BRIGHAM CITY.

TESTIMONIAL TO BP. McMASTER.

Relief Society Day—Lecture by Junius F. Wells.

Special Correspondence.

Brigham City, March 19.—Gov. Spry has appointed Lorenzo N. Stohl of this city to succeed himself as a member of the board of trustees of U. A. college.

The services at the tabernacle last Sunday were presided over by Elder C. Elias Jensen, the speakers were Nels Henderson, Jr., who recently returned from a mission to Norway; Norman Lee, editor of the Boxelder News, who will leave shortly for his second mission to Europe, and E. M. Tyson.

Cyrus Janson, who for the last three years has been a sailor in Uncle Sam's service, came home last Sunday.

TESTIMONIAL TO BISHOP M'MASTER.

Tuesday afternoon and evening was a gala day for the good people of the First ward. The children spent the afternoon in the Opera House while the older members of the ward with a number of invited guests met there in the evening. The social, picnic and dance was all arranged in honor of Bishop John B. McMaster who recently retired as father of the ward, a position he has held for many years. During the program Elder Nels Jenson in behalf of the members of the ward, presented Bishop McMaster with a beautiful gold watch and chain as a token of the love and esteem of the members of the First ward, while the children of the ward presented him with a silk unbrella.

The bishop was very much touched, but responded in a few words. The social was arranged under the direction of the new bishopric, with Bishop George W. Watkins presiding.

Wednesday was Relief society day which was celebrated at the Opera House, President Susannah P. Boothe presiding. A fine program was rendered, the hall was nearly filled with Relief society workers and members, and a few of the sterner sex.

Elder Junius F. Wells who organized the first Mutual Improvement association in Brigham City in 1875, delivered an interesting illustrated lecture in the tabernacle last Friday evening to a crowded house.

Word received from Los Angeles, Cal., brings the information that Mr. Samuel L. Gillespie, formerly the Presbyterian minister in this city, had died in that city.

A couple of Salt Lake sports in a new bright red automobile were arrested by Deputy Marshall Lillywhite last Wednesday, for reckless driving on the streets of Brigham. They were taken before Justice Bowring who gave them a severe lecture and told them to go home and behave themselves.

MURRAY DEPARTMENT

The "News" is delivered in Murray and vicinity from the branch office every night. L. E. Lauritzen, Branch Manager. Orders for Church works and advertising received. Office over First National Bank. Ind. 'phone 87.

SESSION OF CITY COUNCIL.

New Fish Company Formed—Funeral Services—Social Events.

Murray, March 20.—At the last session of the city council a petition signed by five residents and tax-payers residing on Murray street was presented, asking for the widening of the said street. Referred to the committee on streets and roads for investigation.

A request signed by 11 citizens and property owners residing on north State street was presented the city council, asking that the water mains be extended north in order that the people in that locality can have water for culinary purposes. The Progress company agrees to extend the water mains, provided the city will authorize the installation of an additional hydrant, after some discussion the request was granted.

The city engineer offered a number of suggestions for the improvement of the city.

The matter of the erection of a public library in the City of Murray as per Mr. Carnagie's offer, provided Murray City will agree to pay 10 per cent of the cost per annum of a five thousand building, to equip and maintain the same, was taken up for consideration. A heated discussion followed, in which it was maintained by Councilman D. B. Jones that the platting and lighting of the city is more essential at this time than the erection of a public library building and the maintenance thereof, and that the finances of the city will not justify the expenditure of $500 per year for the maintenance of a public library; he therefore made a motion that the matter be postponed indefinitely. Councilman W. H. Lyon argued that the erection of a library building and the maintenance of same would not interfere or stop the advancement and the progress of the city in the way of platting, lighting or making the necessary improvements. Mr. Lyon further stated that the platting of the city is now under headway; whereupon he moved an amendment to the motion that the matter be tabled during the pleasure of the council. The amendment carried.

A resolution authorizing the revision of the city ordinances of Murray City was introduced, as was also a resolution declaring side walk extension No 3 to have been carried and ordered that the work contemplated be done, were adopted and referred to the mayor for his approval.

The proposed franchise to the Utah Light & Railway company was taken up for final action, but after some argument and discussion a motion was offered that the final reading be deferred for another week. An amendment to the motion was made that the franchise be given its third and final reading at this time. The roll was called, resulting in a tie vote. On motion the council decided to hold a special session Friday night at 7:30, for the purpose of putting the franchise on its final reading.

NEW FISH COMPANY FORMED.

A new incorporation has been effected here backed principally by local capital. Articles of incorporation have been filed with the county clerk. The capital stock is placed at $100,000, at a par value of $1 each. The firm is to be known as the Provo Valley Trout Co., and its business will be to engage in the trout industry. The company has secured a 60 acre tract of land with springs that flow 30,000 gallons per minute, enough to irrigate 6,000 acres of ground. A large hatchery will be erected at once; ponds and runs will be provided with revolving screens, of which Mr. Erekson, the manager is the inventor. The farm is located at Midway, Wasatch Co., but the headquarters for business will be at Murray.

President of the company is J. R. Murdock of Heber, who is also president of Wasatch stake, vice-president is Sondra Sanders; Bishop Wm. B. Erekson of South Cottonwood is secretary and manager, and Orson Sanders is treasurer with Jos. E. Nelson of Midway as the other director.

Mr. Erekson and Orson Sanders are bogh experienced men in the fish industry and Mr. Erekson especially has given much time, study, and thought in the interest of game and the propagation of trout.

FUNERAL SERVICES.

Olof Kelstrom, an old gentleman, of East Mill Creek, died there Wednesday. He had no relatives in this county and, as he had no means, the county took charge of the body which was buried in South Cottonwood cemetery Thursday. The deceased was 78 years old.

John Byron of Taylorsville has again been called upon to part with one of his children. This time it is a boy 2-years old, and is the third child laid to rest since the first of the year. The child died of whoopingcough, and the funeral was held yesterday from the Taylorville ward meetinghouse. Another child is very sick at the Byron home and may not survive.

SOCIAL GATHERINGS.

The Relief society of Holliday gave a party in the ward house Wednesday evening. An excellent pragram was rendered and a bounteous repast served. It was an enjoyable time for the people of the ward.

David Quist, of the South Branch of Big Cottonwood ward, was given a farewell party this week prior to his leaving for a three year mission to Sweden.

A social gathering will be held tonight in the First ward amusement hall by the Cahoon family in honor of Raymond Cahoon who has just returned from the east where he has been attending school.

NEWS BRIEFS.

Improvements have been made in the auditorium of the First ward meetinghouse so that there will be very little choice in the selection of seats for the musical carnival to be held next week, and the committee in charge has decided that all seats are worth 35 cents. There will be no 25 cent seats as previously announced.

RUMMAGE SALE.

March 20, 10 o'clock a. m., 35 Postoffice Place.

RICHFIELD.

NO SUGAR FACTORY THIS YEAR.

All Negotiations Are Off With Amalgamated Company.

Richfield, Sevier, Co. March 18.—If reports are true, there will be no sugar factory erected in this county this year. It is understood that the Amalgamated Sugar company of Ogden wants to come here, but the Utah-Idaho Sugar company claims this as its field, having induced the growing of beets in this country in the years past until the industry has become a successful one; that this year the company had refused acreage to other districts in order that Sevier county be given more acreage, and had gone to some trouble to secure a promise of better railroad facilities in moving the crop, and the company did not propose to give up this district without a struggle. This practically settles the matter, as it is understood that the Amalgamated would only come here providing the other company was willing. A message was received yesterday stating that negotiations for a factory were all off and urging the farmers here to sign contracts, with the Utah-Idaho company. A meeting of the beet growers will be held tomorrow to discuss the situation.

RICHMOND.

HONORED THE OLD FOLKS.

Richmond Irrigation Company Officers—Death of Mrs. Ljungman.

Special Correspondence.

Richmond, Utah.—The Richmond ward Relief society united with the old folks in a reunion on Wednesday, March 17, in the ward meetinghouse. The festivities began at 10 a. m., when a splendid program was rendered. From 12 m. to 2 p. m., all of singing, dancing and the production of two one-act comedy farces. The day closed with a dance at night. All pronounced it as a No. 1 time. Great care was taken to see that every aged person in the ward was there and much praise is due the committee for its untiring energy to make it pleasant for the aged.

Mrs. Hannah Ljungman, the wife of B. A. Ljungman deceased, died on Saturday, March 13, of cancer of the stomach. The funeral services were held in the ward meetinghouse on Tuesday March 16, at 11 a. m.

Wm. Waddoups, representing the Lewiston Sugar factory, is in town today signing up contractis with the farmers for the coming season's crop of beets.

The Industrial club at its regular meeting on Tuesday discussed the question of fruit raising. There is a great deal of mountain land here which is claimed to be ideal for the production of apples. From present indications a company will be organized and this important industry will not longer be neglected.

The Richmond Irrigation Co., has completed its new incorporation and the following directors have been selected: Alma Merrill, president; P. N. Nelson, vice president; S. W. Hendricks, secretary and treasurer; C. Z. Harris, J. W. Hendricks, C. L. Funk, J. E. Swendsen.

Mr. Owen Nebeker has been employed by the county board of education as principal and high school teacher of the school for the year 1909.

The Silver Eagle Mining company held its annual meeting and re-elected the old board of directors and levied an assessment against the capital stock for the purpose of development work, which will begin as soon as the snow disappears.

Word comes that Messrs. P. N. Nelson and Nephi Nelson who are making a visit of the dairy districts of the east, will soon be home with a carload of pure bred Holstein cows.

$25 FOR A LETTER

CAN YOU WRITE ONE?

The Prize to Be Awarded in a Letter Writing Contest Open To Everyone in Utah.

Dr. Williams' Pink Pills have been used in this state for a generation. Hundreds of remarkable cures have been reported during that time and there is scarcely a family in which the remedy has not been tried with beneficial results. This furnishes the material for the letters to be written in this contest. There is no demand upon the imagination, every narrative must deal with facts.

The Prize.

The Dr. Williams Medicine Co., of Schenectady, N. Y., will award a prize of $25.00 for the best letter received on or before March 27, 1909, from the state of Utah, on the subject, "Why I Recommend Dr. Williams' Pink Pills."

The Conditions.

The cure or benefit from the use of Dr. Williams' Pink Pills described in the letter may be in the writers own case or one that has come under his or her personal observation.

More than one cure may be described in the letter, so long as every statement made is literally true.

The letter should be no longer than is necessary to relate the benefits obtained from the remedy in the case described.

Each letter must be signed by the writer with his or her name and full address and the letter must give the correct name and address of the person whose cure is described. THESE WILL BE STRICTLY CONFIDENTIAL and will not be made public. Letters containing addresses that cannot be verified will not be considered in awarding the prizes.

The writer of each letter must state the name and date of the paper in which he or she saw the announcement of this competition.

Fine writing will not win the prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of award.

The contest will close March 27, 1909. Do not delay, but if you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows:
