BERLIN WELCOMES COUNT ZEPPELIN

Roofs of Houses and Steeples of Churches of German Cities Covered With People.

CRY WAS, "ZEPPELIN IS HERE"

Emperor Wiliam Presented Him to Orville Wright and They Exchanged Congratulations.

Berlin, Aug. 29.—The airship Zeppelin III, with Count Zeppelin at the helm, arrived safely at Berlin shortly after noon today. The voyage from Friedrichshafen, where the start wag made Friday, was marked by an accident to the airship, which caused a considerable delay at Bitterfeld. At that point Count Zeppelin left the craft and was greeted by the crown prince representing the emperor. The emperor witnessed the arrival.

Two monarchs of the air, Count Zeppelin and Orville Wright met at Berlin this afternoon. They were introduced by the monarch of the German empire. Mr. Wright was surprised at the emperor's technical knowledge of flying machines.

In a talk with Count Zeppelin, Mr. Wright expressed admiration for the wonderful airship the count had constructed. He said he would like to see experiments with small craft on the same system, however, as vessels such as those used by the count were too expensive.

ZEPPELIN IS HERE.

From one end of Berlin to the other, the shout, "Zeppelin is here!" rang out.

Berlin was happy, as the count had announced that at 12:30 he would appear over the Templehof parade grounds.

The airship left Bitterfeld early in the morning with the count, his nephew, Engineer Duerr, who had navigated her from Friedrichshafen, and eight others aboard. The motors worked perfectly and the trip to Berlin was made without mishap. Wittenberg and Juterbog were passed amid the cheering of thousands. Pottsdam was thronged with crowds.

The roofs of houses, churche towers and the open spaces swarmed with people, who cheered and waved as the vessel passed. Templehof field was reached just after church services. The emperor and empress had motored from the dedication service of the newly built garrison church.

They arrived at the special tribune constructed in the center of the immense field as the bows of the airship appeared over the edge of the parade ground. The hundreds of thousands who had gathered there sighted the craft at the same moment and a roar of cheering went up.

CHURCH BELLS RANG.

The church bells rang out and the military band played the national anthem.

Zerpelin meanwhile had descended to a low altitude and carried out a series of intricate evolutions gracefully in full view of the people. Then the balloon's nose was turned toward the city over which it circled for two hours in all directions, executing very manner of maneuver and ascending and descending, some times coming so close to the earth that the spectators could see the faces of the occupants.

The royal party proceeded to Tegel, where a small company gathered around the imperial group on the shooting range, which was destined to be the landing place. The city councilors, military officials and the foreign attaches, including Capt. S. G. Shartle, the attache of the American embassy, assembled there to await the court's arrival.

The emperor, who had especially sent Prof. Pergesell, government commissioner on airships to invite Orville Wright and his sister to join the party, gave them a most hearty welcome. Then the balloon came slowly over the field, the motors stopped and the vessel glided to the ground. The band played and the emperor saluted as Count Zeppelin stepped forward.

The emperor then advanced and shook hands heartily. He presented Mr. Wright to the count and the American aeroplanist and Count Zeppelin exchanged congratulations. The mayor welcomed the count in the name of the citizens and the emperor took off his helmet and called three cheers for Zeppelin.

Later, the count seated at his right, his majesty proceedd to the castle, where luncheon was served. The spectators all along the route shouted themselves hoarse and waved flags until the procession disappeared.

The airship started at 11:24 tonight on its return voyage to Friedrichshafen.

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me."—MRS. EMMA IMSE, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

DR. WALTON LAMPE SHOT BY HIS WIFE

San Francisco, Aug. 29.—Dr. Walton Lampe was shot in the head and fatally wounded today by his wife, in their apartments at the Holland hotel. According to the statement made by Mrs. Lampe to the police after her arrest, her husband has habitually beaten her and charged her with improper relations with her former husband, Dr. P. C. Surney, from whom she was divorced two years ago.

TRAIN STRIKES AUTO, FIVE PERSONS KILLED

St. Louis, Aug. 29.—Five persons were killed by the collision of their automobile with a Rock Island passenger train near here today.

THE DEAD.

THEODORE F. WITTE.
THEODORE WITTE, JR., aged 3.
MRS. CARL KLINGE.
MISS HALCYON CAMPBELL.
FREDERICK O. WITTE.

All were residents of St. Louis.

The party had been at Creve Coeur lake, a resort 12 miles west of the city, and were speeding homeward when killed. Unable to see the train or to hear its approach, because of the noise made by the motor in driving the automobile up the enbankment, Theodore Witte steered directly in the path of the train, which was making about 40 miles an hour.

The locomotive struck the automobile squarely. Mr. Witte and his brother were tossed 40 feet. The boy's body dropped from the front of the train an eighth of a mile down the track, and the women, caught in the tonneau, were crushed almost beyond recognition in the wreckage, which was carried a quarter of a mile beyond the scene of the accident.

Theodore Witte was the only member of the party not instantly killed. He survived long enough to be brought to a hospital in St. Louis, but died there without regaining consciousness.

In The Woman's World One of the essentials is always

HUSLER'S FLOUR.

BABY MORPHINE FIENDS.

Are made by all soothing syrups and baby medicines that contain opium and narcotics. McGee's Baby Elixir contains no injurious or narcotic drugs of any kind. A sure and safe cure for disordered stomachs, bowels and fretfulness—splendid for teething infants. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St., Salt Lake City.

Floating at Saltair—Nothing finer.

MONUMENT TO WIRELESS OPERATOR GEO. ECCLES

Shaw, Miss., Aug. 30.—A fund has been started by Telegrapher Robert B. Carry for the erection of a monument for Wireless Operator George Eccles, who lost his life in saving the passengers on the steamer Ohio, which was sunk by striking a rock on the coast of Alaska. The fund is being collected by operators throughout the United States and Canada.

The United Wireless company has been asked to contribute as well as Thomas Edison and Carnegie, who are old time operators.

REMEMBER THE MAINE.

Argentine Firm Makes Proposition to Cuba to Raise Battleship.

Washington, Aug. 30.—The proposition made to the Cuban government by an Argentine firm to raise the wreck of the battleship Maine recalls the fact that heretofore under the auspices of the United States a contract was given to an American concern for this purpose. Some of the armament, several of the bodies that remained in the hold and records of the ship were secured, but the effort to raise the vessel was abandoned.

Just what the attitude of the American government may be towards a proposition to raise the vessel is not known. Heretofore it has been held that Congress alone has the authority to say what may be done with the wreck and that no executive department of the government could abandon the government's claim to the vessel.

Presumably, therefore, whatever may be done in the matter will require the final consent of the American government.

NOTORIOUS BULGARIAN BANDIT SANDANSKY SHOT

London, Aug. 30.—A dispatch to the Daily Mail from Saloniki states that the notorious Bulgarian bandit and insurgent leader, Sandansky, was shot on the street in Saloniki yesterday by two members of a rival faction that was formerly led by Sarafoff.

Sandansky now is in a precarious condition in a hospital.

Sandansky captured Miss Stone, the American missionary, some years ago. He is regarded as being responsible for thousands of murders in Macedonia and is reputed to have committed 300 murders himself. He has cultivated the friendship of the young Turks since the Turkish revolution.

CENSUS DIRECTOR DURAND IS FRAMING SCHEDULES

Washington, Aug. 30.—Director of the Census Durand, aided by a score or more of experts in economics, agriculture, manufactures and statistics, is now at work on one of the most important questions in connection with the next census—that of framing schedules to be used by enumerators in entering the information they secure next April.

Mr. Durand and the corps of experts are working out the form of schedules and determining the sub-division of inquiries to be asked in gathering the information ordered by Congress. The agriculture, manufacturing and population schedules are the principal ones under current discussion.

The experts aiding the director in this great task were appointed special agents to serve until the formulation of the schedules is complete. In the preparation of the agriculture schedule four of the experts are acting as conferees.

On the manufactures scheduie the attention of the following experts is being directed:

Surgeon Bell, formerly assistant editor of the Economist of Chicago; Arthur J. Boynton, assistant professor of economics, University of Kansas; C. W. Doton, assistant professor of economists, in the Massachussets institute of technology; E. D. Howard, assistant professor of economics, Northwestern university; Emil P. Secker, expert professor of finance at Dartmouth college; Horace Ecrist, instructor of economics in University of Wisconsin; A. H. Willet, professor of economics, in the Carnegie technical school, and Alvin S. Johnson, a statistician of Chicago.

The population schedule is in charge of Prof. B. Bailey, of Springfield, Mass. Prof. Bailey is an instructor in political economy in Yale university. A large number of special agents have been appointed in other divisions, the appointees having been named by the director because of special fitness along particular lines.

A WEAKLING

Is the only way to describe the poor child that is afflicted with worms. No matter how much or now often it eats, the worms get all the nourishment from the food, the child gets practically none. White's Cream Vermifuge gets rid of the worms quickly, easily and with no bad after effects. Price, 25 cents a bottle. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St., Salt Lake City.

DR. EMIL HERSCH ON ZOINIST MOVEMENT

New York, Aug. 30.—Dr. Emil Hersch, pastor of Sinai synagogue in Chicago, who has arrived here with Mrs. Hersch from Europe, is quoted as saying that the object of the Zionists to found a new nation in Palestine will be futile.

"Jews should spread themselves out," said Dr. Hersch, "and not linger in the great cities. Our Hebrew Agricultural Aid society in Chicago helps poor Jews to buy farms in the west and they can repay the loan when they can afford it."

When asked about the Emmanuel movement, the pastor said that personally he believed that people should consuit physicians and take the medicine prescribed for them when they are ill, but it was possible that the Emmanuel treatment might be good for those suffering from nervous trouble.

AUTHORS OF THE BIBLE.

Chicago Professor Tells Their Object in Writing.

Chicago, Aug. 30.—In the University of Chicago convocation yesterday Prof. Cornelius Woelfekin, of the theological seminary, said of the authors of the Bible:

"They did not write to shape the thought of future generations. They tried only to reflect their own times. They recorded only their personal likings.

"The Bible is inspired, but so are thousands of other books. Writers of our day are cotninually turning out inspired efforts. At the same time the Bible is above them."

CANADIAN PACIFIC NOT TO BUILD TO PUGET SOUND

Seattle, Aug. 30.—D. McNicoll, vice president of the Canadian Pacific railway, made the statement here last night that his company has no intention of building a line to Puget sound as long as the present tariff agreement with the Northern Pacific proves profitable. Mr. McNicoll said that it is the policy of his road to develop Canadian territory and it is not their purpose to invade the United States. He said that while the Canadian Pacific secures entrance to Chicago over the Wisconsin Central the latter is an independent road. He also said that he knew nothing of the mysterious North Coast railroad now building west from Spokane and that as far as he knows it has no connection with his company.

DEATHS ON THE NANSHAN FROM MYSTERIOUS GASES

San Francisco, Aug. 29.—Mysterious gases released from the hold of the United States collier Nanshan, when the steel bulkheads of that vessel were stove in by a typhoon were responsible for the death of five members of her crew, according to the story of Third Asst. Engineer Hutchins, who arrived in this port yesterday on board the cruiser Buffalo. The vessel was enroute from Cavite to Hongkong at the time of the accident. Shortly after the ship ran into a terrific typhoon a noise like the explosion of gases was heard and as soon as water began to pour into the paint locker fumes began to rise from it in great volume. Capt. Carver took five members of the Filipino crew forward with him to investigate. The failure of the men to return led Hutchins to make an investigation and he also was overcome but was revived by a wave which washed over the decks. When the men were finally dragged back from the hold it was found that by some inexplicable freak the bodies had been stripped naked by the fumes. Capt. Carver revived but Chief Officer Larkin, Second Officer Rapp and three sailors died from inhaling the gas. An investigation into the causes of the strange accident is now being held at Hongkong.

AUTOMOBILES COLLIDE, ONE CHAUFFEUR KILLED

San Francisco, Aug. 28.—William Barrington, chauffeur for Earl Rogers, one of the attorneys for Ptarick Calhoun, was killed in Golden Gate park early today when his automobile, with three passengers, crashed into another machine.

According to members of the party, Barrington was driving at a very high rate of speed when the collision occurred. Mrs. Barrington, Miss Grace Williams and a man whose identity was not revealed was injured but not seriously.

The machine driven by Barrintgon turned over and pinned the driver beneath, killing him instantly.

Friends of the dead chauffeur state that he was the sole heir to the estate of his mother, Mrs. McGrath, who recently died in Tacoma. His father, William Barrington, Sr., is said to be a resident of that city.

3000	shares issued in place of old certificate No. 291.		
	1,000 shares		30.00

And in accordance with law, and an order of the Board of Directors, made on the 19th day of July, 1909, so many shares of each parcel of such stock as may be necessary will be sold at public auction at office room No. 425 Atlas Block, Salt Lake City, Utah, on the day of September, 1909, at 10 o'clock a. m., to pay the delinquent assessment thereon, together with the costs of advertising and the expenses of the sale.

HART J. FITZGERALD, Secretary.
425 Atlas Block, Salt Lake City, Utah.

NOTICE TO CONTRACTORS

Sealed bids will be received up to Tuesday, September 7th, 1909, at 7 p. m., by the Board of Education of Granite School District, for the erection of an office building at 14th South and State Street, Salt Lake County, Utah.

Plans and specifications can be seen at the office of Liljenberg & Sundberg, Architects and Engineers, 427 Newhouse building.

Separate bids will be received for mason work, carpenter work (including plastering and painting) and heating, including plumbing and drainage. Bids will be opened by the Board of Education of Granite School District at 1900 South State Street, September 7th, 1909, at 7 p. m. Each bid must be accompanied with a certified check of 5 per cent of the amount of bid made payable to Granite Board of Education. The successful bidder will be required to give a Security Company bond in a sum equal to one-half of the contract price.

Rights reserved to reject any or all bids.

BOARD OF EDUCATION,
Granite School District.

NOTICE

SEVEN TROUGHS SIGNAL PEAK MINING COMPANY, Office 315 McCornick Building, Salt Lake City, Utah. Notice is hereby given to the stockholders of the said corporation that there will be a special meeting of the stockholders of said corporation at its office at 315 McCornick Building, Salt Lake City, Utah, on Monday, September 13, 1909, at 2 o'clock p. m. of said day, for the purpose of voting on proposed amendments of the Articles of Incorporation of said corporation in the following particulars:

1. Amend Article 7, so as to reduce the capital stock of said corporation from $1,000,000 to $10,000, by reducing the par value of each share from $1 to 1 cent per share.

2. Amend the articles by adding a new article to be numbered Article 16, so as to make the full paid capital stock of the corporation assessable in such manner and to such extent as may be determined at such stockholders' meeting.

If the Articles of Incorporation are not amended so as to make the capital stock assessable, then the question will be submitted to the stockholders at such meeting, of authorizing the sale and transfer of the property and assets of this corporation to a new corporation to be organized with the same number of shares of stock, each stockholder to receive the same number of shares in the new corporation which he holds in this corporation but the said stock to be assessable. The new corporation to assume all the debts and obligations of this corporation.

Dated August 20th, 1909.

W. J. ROBINSON, President.
