When Starting on That Winter Trip

Don't Forget Newbro's Herpicide

One of the Essentials

On your winter vacation you will most certainly want a bottle of Herpicide. This is doubly true if your trip contemplates a visit to a warmer climate. It is under conditions of warmth and humidity that the viciousness of the dandruff germ is particularly noticeable.

AS IMPORTANT AS HER TOOTH BRUSH

"I find Newbro's Herpicide very beneficial for dandruff. I would no more think of going on a journey without a bottle of Herpicide than I would without my tooth powder. By using it often and thoroughly I find I do not require a shampoo as frequently and my hair is much nicer."
Middlebury, Vt. Mrs. M. J. Wiltse.

An Opinion from the World's Greatest Lady Rifle Shot

"Traveling as I do—almost continuously, I have been troubled a great deal with dandruff and falling hair and until I tried Herpicide I never found a remedy that was satisfactory.
Herpicide is a delightful preparation and fulfills the claims you make for it and no lady's toilet is complete without it. I heartily recommend it to my friends."
Nutley, N. J. Annie Oakley.

The germ is always busy. There is no escape except in the use at regular intervals of Newbro's Herpicide. Herpicide carries sure and certain death to this germ and is the one really reliable remedy.

An imitation or something just as good wont do. Insist on having genuine Herpicide.
