### THIRTY PER CENT PROFIT ON SPECULATION EVEN GREATER PROFIT ON INVESTMENT

We have a single tract of approximately 850 acres of rich, Chattahoochee river bottom land, situated in Stewart county Georgia, within twenty five miles of Columbus, which we will sell for SEVENTY per cent of what adjacent farm lands are selling for now.

Of this entire plantation, there is one portion of about 300 acres which we would sell separately. Of this smaller tract there are 120 acres cleared and under cultivation now; the balance—about 180 acres, is in woodland. On the entire plantation, there are fifteen tenant houses, barns and necessary outbuildings, and one large eight room dwelling house. The Seaboard Airline railroad runs through this place, and there is a sidetrack on the farm. There are 40 acres of nut bearing Pecan trees on the plantation at present.

This is a very desirable plantation, and to a practical farmer of grit, determination, some means; and who is not afraid of the work necessary in the management of such a plantation, this offers the opportunity of a lifetime.

Our only reason for offering this magnificent plantation at such a tremendous sacrifice is strictly a personal one, and we will give it to all interested parties, privately.

We will pay the expense of a trip to Stewart county if the investigator, or his backers, buy the tract of land, or any part of it. There are quite a few Anderson county people living in Stewart county Ga. now.

## ANOTHER MEETING OF COUNTY DELEGATION

WILL BE HELD TO HEAR  
DISCUSSION OF RURAL  
CREDITS

SEEMS THERE WAS  
MISINFORMATION

About Resolution Passed at Meet-  
ing County Farmers Union  
Some Time Ago.

"I will have to call another meeting of the county delegation sometime during the first of the year," stated Senator J. L. Sheppard yesterday. "It seems that at the last meeting of the Anderson County Farmers' union a resolution was adopted requesting a meeting of delegation for the purpose of discussing with farmers and others a rural credit system. This matter had never been officially brought to my attention and when the question of a meeting of the delegation on December 11 came up for the purpose of hearing Superintendent J. E. Swearingen, I forgot about the other proposed meeting."

"The delegation will gladly cooperate with the farmers in their efforts to secure needed legislation," said Senator Sheppard. "The legislation that will mean most for the development of the agricultural interests of the county, and especially of the south, will be a simple practical rural credit act, and I hope to see the South Carolina general assembly at its next session adopt some measure that at least will be a good beginning. I have given a good deal of thought to the question, have been in communication with the leaders of the movement for farm credits over the country, and I am now preparing a bill which I hope will meet the demands of those of our people who are anxious to own land, but who cannot get possession of it under present conditions."

"The first step should be to render land titles more uniformly available in making loans, and this can be done through the Torrens registration act or an act along similar lines. A workable rural credit bill would, of course, provide for long term mortgages with a graduated scale of annual payments covering interest and a small payment on the principal, and when the last installment is met the debt is discharged and the purchaser has his land free of encumbrance. A difficult problem is to provide a uniform system of judging the value of the land as mortgaged security, but this can be worked out, I believe, so as to make the mortgages absolutely secure and save the state, which must stand behind the loans, from any possibility of loss."

"A practical workable rural credit bill will in time enable our white tenant farmers to buy and own the land they cultivate and until they are given a chance to better their condition the south can never reach the degree of progress and prosperity it ought to enjoy. Existing land owners will get cheaper money, but it is the landless white man first of all whom we must help, and in my judgment legislation of this sort if it can be carried out properly and administered by the right kind of public officials, will prove the greatest possible blessing to the farmers and to all the rest of our people as well who are necessarily dependent upon the farmer for a living."

"A secondary effect of the rural credit bill, I am convinced, will be a gradual solution of the race problem. When all the land comes into the possession of the white people, as it will eventually, the negro will be forced out slowly and by a natural process, by peaceful means and without serious disturbance to economic conditions."

"The subject of rural credits will doubtless consume much time at the coming session of the legislature, as it is understood that several bills will be introduced and as so many of the members are interested in securing the enactment of a satisfactory law."

The meeting to be held in the court house next Saturday, will be devoted largely to matters of education, but the delegation will be glad to hear from any citizen who desires to present his views or offer suggestions as to legislation for the benefit of the county and state.

The present delegation, it appears, wants to keep in close touch with the people, and the public appreciates their policy of holding frequent meetings for the purpose of mutual discussion of public matters.

### Greeces Will Accept.

Athens, Dec. 4.—Public opinion is veering towards the fullest acceptance of the entente demands. The government is hesitating in framing a reply, while thousands of refugees are arriving at Florida, after tramping through deep snow from Monistir. Children are dying from hunger and exposure. Appeals for aid are sent here.

### Hit By Street Car.

A man, whose name was not learned, was struck by a street car on South Main street early last night and painfully, though not seriously, injured. The accident occurred near the city hall and the man was taken to Evans Pharmacy No. 3, where the wounds were dressed. He was said to be considerably bruised and cut about the head.

## CIVIL COURT WILL CONVENE TUESDAY

MONDAY BEING SALES DAY,  
WILL BEGIN ONE DAY  
LATER

### ROSTER OF CASES

Remains About Same as First An-  
nounced and Court Will Hard-  
ly Last Over Three Days.

The last term of civil court in Anderson county for this year will convene on next Tuesday morning. As previously announced, owing to the fact that Monday is salesday, it was decided not to begin court until Tuesday morning at which time all jurors and court attendants will report for duty.

"The roster of cases stands the same as first announced," stated Mr. S. L. Price, secretary of the bar association, yesterday afternoon. "One or two other jury cases may be added by consent and some equity cases that will not require a jury may also be added."

The roster as arranged stands as follows:

**Tuesday.**  
Summey versus Anderson county.  
Case company versus Watson.  
Bristow versus Hammond and Cason.

**Wednesday.**  
Hicks versus Southern Public Utilities company.  
Rhodes versus Headerson.  
Edmonds versus G. S. & A.  
Zemurray versus Manos.

### A Wireless Discovery

Professor Michael J. Pupin.

Prof. Michael J. Pupin of Columbia has just announced the discovery of a receiver for wireless telephony which is sensitive only to such waves as the operator desires.

It will make the arts of wireless telephony and telegraphy commercially practicable over long distances, and may sound the doom of the cable. The professor told of his invention during his address before the National Academy of Sciences.

### A Boom in the Desert.

"Assessed land values in the Imperial Valley, California, rose from nothing at all in 1902 to \$27,000,000 in 1915," says the current issue of Farm and Forestry. "And the population from 50 to 50,000. All because of irrigation."

The greatest thing in modern feeding is MOLASSES. It cuts down the feed bill and builds up the stock.

### RED SHIRT HORSE AND MULE MOLASSES FEED

It's something the horses and mules like—gives them an appetite—starts the saliva running and aids digestion. Far superior to an all grain feed. Give your horses and mules a treat, and at the same time save money.

Our RED SHIRT (first grade) Horse and Mule Molasses Feed contains Corn, Oats, Ground Alfalfa, made appetizing with salt and pure cane molasses, and analyzed as follows:

Protein 10%; Fat 3%; Fibre 12%; Carbohydrates 57%

**PIEDMONT HORSE & MULE MOLASSES FEED** Second Grade—Analyzes: Protein 9%; Fat 2%; Fibre 12%; Carbohydrates 57%

**SWAMP FOX HORSE & MULE MOLASSES FEED** (2nd Grade). This analyzes: Protein 9%; Fat 2%; Fibre 12%; Carbohydrates 57%

**PERFECTION HORSE & MULE FEED** (Dry Mixed). We manufacture also a dry mixed (no Molasses) Horse and Mule Feed, which analyzes: Protein 12%; Fat 3%; Fibre 10%; Carbohydrates 57%. This is composed of straight grain and ground Alfalfa 2-1.

### RED SHIRT DAIRY FEED

First Grade: A balanced ration containing Molasses. Cattle are very fond of it—keeps them in good condition. Increases the flow and enriches the quality of the milk at a reduced cost of feeding. Contains Ground Corn, C. S. Meal, Wheat Middlings, Ground Alfalfa, Pure Cane Molasses and Salt. Analyzes: Protein 15%; Fat 4%; Fibre 12%; Carbohydrates 59%

Second Grade—Analyzes: Protein 12%; Fat 3%; Fibre 12%; Carbohydrates 57%

**RED SHIRT HOG FEED** A combination of Digestive Testage, Ground Corn, Rice screenings, very fattening. Sweeter, more in good condition.

We manufacture also RED SHIRT Swallow Feed and RED SHIRT Baby Chick Feed.

**SEVEN EGGS A WEEK—HEN NASH** Composed of Ground, Peas, Ground Oats, Ground Wheat, Barley, Maize, Rice, Cottonseed Meal, Cow Peas, Meal and Lard and Salt. Analyzes: Protein 18%; Fat 4%; Fibre 12%; Carbohydrates 59%

As shown on the bag is one of our party of one feed is made from Carolina sweet corn for the hens and turkeys. We are, of course, in the market for Oats, Corn, Wheat, Alfalfa Hay and any other kind of hay.

We also carry a full stock of GRAIN, HAY AND STRAW.

Our feed as shown above are mixed on scientific principles in accordance with the latest researches of the best authorities. Let us show you how to cut your feed bills down. Write us for prices.
