DR. P. H. CARDWELL

HAS THIS DAY EFFECTED AN arrangement by which he will be able in the future to supply all persons who may desire, from a single to a full set of teeth, on the

VULCANIZED RUBBER BASE.

Being the latest improvement in our profession, and having been sufficiently tested to warrant its utility, we take pleasure in recommending it as being far preferable in many respects to any other base heretofore used. It can be used in many instances where all other materials fail. No one need, therefore, despair. Call on me, give me your work and I will demonstrate these facts.

Remember that a full set of teeth on this method cost only half what they would on gold, and yet preferable in all respects.
m8tf Respectfully, P. H. CARDWELL.
