Medical.

THE FLORENCE NIGHTINGALE OF THE NURSERY.

The following is an extract from a letter written by the Rev. C. Z. Weiser, to the "German Reformed Messenger," at Chambersburg, Penn.

A BENEFACTRESS.

"There is a woman in the public eye, whose name had all along been associated, in our mind, with the 'Quaker,' 'Quack,' and 'Humbug.' But it is so no longer, and we desire to erect her name from all such suspicious association in all other minds. Whatever notions we may have of womanly delicacy and propriety, we will admit that woman alone is the Nurse—the born Nurse—the near Nurse. Whether we shall have female physicians or not is a question which must be decided by time and principle, and not as a matter of taste. Pride, prejudice, caprice, and custom may as well behave themselves, for if there is really a want there will also be a supply—if there be a 'call,' there will be a 'coming.' Natural Human Society are always self-supplying, and though Art and Fashion may hinder, they cannot prevent.

"Mrs. Winslow does not want to treat you gentlemen! she does she prescribe a regimen for your wives; but modestly appears as a messenger of health and happiness to your infants in the cradle. Is there anything improper in that? A course of 'ten years' experience can hardly say what is or is not good for a babe—and ought to be listened to. God speed her on her humble but happy mission. She is the most successful benefactress our little one ever enjoyed—her doting parents not excepted. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the nursery. Of this we are so sure, that we will teach our 'Susy' to say, 'A BLESSING on MRS. WINSLOW,' for helping her to survive and escape the griping, colicing, and toothing days. We confirm every word set forth in the Prospectus. It performs precisely what it professes to perform—every part of it, nothing less. Away with your 'Cordial,' 'Paregoric,' 'Drops,' 'Laudanum,' and every other narcotic, by which the babe is drugged into stupidity, rendered dull and idiotic for life!

"We have never seen Mrs. Winslow—know her only through the preparation of her 'SOOTHING SYRUP FOR CHILDREN TEETHING.' If we had the power we would make her, as she is, a physical savior to the infant race."

HIGHLY IMPORTANT TO MOTHERS.—MRS. WINSLOW'S SOOTHING SYRUP is the only thing that you can rely upon to give rest to yourself, and relief and help to your infant. MRS. WINSLOW'S SOOTHING SYRUP has been the means of restoring the drooping spirits of many mothers.

This is the season of the year to use MRS. WINSLOW'S SOOTHING SYRUP.

To every mother who has children suffering from any of the complaints incident to the period of teething, we say do not let your own prejudices, or the prejudices of others, stand in the way of the relief that will be sure—yes, absolutely sure—to follow the use of MRS. WINSLOW'S SOOTHING SYRUP.

Druggists everywhere now keep MRS. WINSLOW'S SOOTHING SYRUP for children teething. No medicine in the United States sells like it. It is a standard medicine, and its fame world-wide. Physicians order and use it wherever its magical effects have been witnessed.

During the thirty years of unprecedented and increasing popularity of MRS. WINSLOW'S SOOTHING SYRUP, innumerable "COMPLETS" and other nostrums, prepared by pretended M. D.'s, have sprung up and lived but a mushroom existence, while the SOOTHING SYRUP has been constantly increasing in popularity, and become a household word, and thousands of mothers thank Mrs. Winslow for the health of their children by the use of her invaluable article.

When the present race of "Coddles" have followed in the footsteps of their "illustrious predecessors," MRS. WINSLOW'S SOOTHING SYRUP will continue to be a popular favorite and a blessing to every mother.

There are very few of all lots this week and there are several owners who are new to the business, and not many drovers held by speculators who buy of drovers on the way hither.

OPENING DAY OF THE MARKET.

Tuesday, April 9.—The Beef Cattle market in Forty-fourth street opened this morning with a little over 3,500 head of bullocks on sale, the most of which were of good fair quality for the retail market butchers, and enough of them extra quality to supply all the first-class butchers so that they could readily obtain their supply without any advance over the rates current this day week. In fact, our observations tended to convince us that butchers got their best stock upon better terms to-day than last Tuesday, and that a very small portion of them paid prices per head equivalent to 9 cents a pound for the actual weight of beef, though that was the top price for the estimated weight. There was a much larger number of first-class bullocks sold at 9c cents than at 9c and a great many good fair steers for retail butchers sold at 9c cents. Very such grades as sold below that, we think the market better than it was at the opening last week. The general appearance of the market indicates a dull state of trade to-day, and by no means so large a number of bullocks were sold in the forenoon as on last Tuesday forenoon. In fact the early morning business, which is generally pretty lively, was quite dull, and the anxiety of the brokers to effect sales was very evident, while the butchers took their time and appeared determined to buy at their own prices. The weather was dry, clear, and cold, for April—cold enough for stiff overcoats and accompaniments. This was altogether in favor of drovers, yet trade was slow, and unless the buyers push in as they sometimes do, just at dark, there must be a larger proportion of the stock than usual left over for the closing day, and if so prices will recede. The range of prices now compared with the corresponding week last year, is about a cent a pound less, while the number of cattle for several weeks has been about ten per cent higher, and the prospect is, that this excess will continue, and that the sale of beef, to be eaten fresh in the city and suburbs, is less than last year, owing to a larger supply of better and cheaper vegetable food, and to the fact that the laboring class is not so fully employed. The present state of the market, and the future prospect, may be calculated from these facts, so that feeders and drovers may guess whether there is any hope of any material advance above the present rates.

THE CLOSE OF THE MARKET.

Wednesday, April 10.—The market opened this morning with rather more life than usual for the closing day, and, so far as we could see, without any material difference in rates from yesterday, and as more bullocks were sold the first day than was generally expected we could be yesterday afternoon, the brokers appeared to feel pretty confident of being able to sell out before night, without any material decline upon the rates of yesterday, which, on the whole, we do not consider as good for the drovers as the rates current last week, though we do not alter the figures in our table of quotations—the difference is that the quality of the stock average much better. The weather is still cool for the season, dry and clear, and is very favorable for the wholesale butchers, which makes their class of stock sell better. It is worthy of notice that the poorest sort, and have been for some time, taking in large quantities of cattle and meats from the retail butchers at 5@6c. ⅌ lb, according to quality, which has a tendency to prevent the market for live Bullocks sinking lower than it is, and the prospect is favorable for a continuance of this outlet for a supply of coarse meat, which is the best reliable fresh of any part of the country. As an indication of the prospect of the market, we notice that the speculators, who are not at ready to run off to buy droves in transitu, are very quiet. They evidently do not look for any big movement next week.

TRANSPORTATION.

We urge the Erie road to hurry up some more of the McNeil cars. In fact they should all be made uniform on the road. If all had coupling, all would have the drovers looked from the shipping to the unloading station.

At Port Jervis, lately thieves entered a hog car, stuck three and dragged two out of the door, and got off with their booty while the men were at supper. Again, the thieves jumped on a sheep car, going up the grade this side of Port Jervis, and opened the door and pushed out several sheep and was mention of them. This thieving could not prosper upon scrific cars with locked doors.

The Harlem road is getting a share of the business from Albany, and of late has made good time and given satisfaction to drovers, who have a direct interest be supporting this road in its efforts to establish the business; because it is their interest to patronize as many lines of transportation as possible. If there was but one line from Buffalo here, drovers might have to pay $20 or $25 a head. Let all the stock men think of this, and determine to fairly divide the business, so as to maintain two lines between here and Albany. It is solely on this account that we have urged the Harlem road to put on a through line of cattle cars, and drovers will find when the river is frozen up, that "competition" in railroads, as well as everything else, "is the life of business."

A movement is on foot to lead all the Erie Railroad stock trains at Allerton's Station, Weehawken, which appears to be favored by most of the heavy shippers over that road. Those who are opposed to it, must speak soon, or else the thing will be counted settled.

SALES OF BULLOCKS.

The following reports of sales of the principal droves in market will show the brokers' ideas of price ⅌ lb. The weights are all by estimation, and this week are generally below that of average.

Doty & Hoffman report 60 sold for Bulkley & Co., good 5 and 6 year old, weighed Illinois Steers, av. at Albany 1,365 lb. and will sell at 9@9½c. net a pound, and average about ⅌ 70 a head. Some of the tall sold to-day below 8c.

Henry Myers sold 30 good, fat, old-style Indiana, 4 and 5 year old Steers, for James McCollum, who estimates the average 7½ cwt. One broker thinks they may average 8c. on 7½ cwt.

Murray & Glover sold the other drove of McCollum at 7½@8c., estimating the weight at 8 cwt. This is not so good a drove as the other, but are good fair Indiana common stock, well-fed Steers.

John A. Merritt sells Alexander & Fitch's drove of good Illinois Steers and Oxen, 105 head average 7½ cwt., at 7c@8c., and won't average 8c., the trade being very dull, and prices about as last week.

Wm. Florence sells a drove of Abe Miller's feeding in Pickaway County, Ohio, 64 head fine, smooth, fat Durhams, estimated 8½ cwt., and may average 8½c. ⅌ lb. ranging at 8½@c. Also, 60 of Col. Florence's at the same rates, and 1 Steer at 9½c (9½c.); they range at 9c to 9½cwt.

Vail & Shepard, 51 head of fair Steers and Oxen from Iowa, by H. B. Gaston, sold at 7½@c., and 46 bought at Albany, fat Ohio Durhams, sold at 7@7½c.

H. Weatherbee sold 98 for Rubel & Co., fair Illinois Steers, estimated 7 cwt. average to owners, and will sell at 8c. upon 6½ cwt. Also, 35 bought of Alfred of Fry, fat Oxen and Steers from Iowa, average 8 cwt., and 8½c. ⅌ lb.

John T. Alexander has three large droves of Illinois stock in market this week. One drove of 112 head, sold by Thos. White & Son, are about the same quality as last week, and sell at the same prices—perhaps a little better on the poorer sorts. They estimate the drove will sell at 8c. on 7 cwt. av. Another drove of 119 head, selling by Simon Elery, he hopes to make average 8½c. on 7½ cwt. This drove was fed by Burnsker & Conover of Cass County, Illinois, and they are so filled to be worthy mention as good feeders. We wish there were many more such in Illinois. Another drove of 103 of Alexander's cattle are selling by C. W. Conger, and will probably average 8c. on 7½ cwt., ranging from 7½@9c.

Stout & Holbrook have 43 of Giff's good old style Ohio Steers, which averaged 1½ cwt. at home, and will average a little over 8c. upon full that weight. Also 40 of Finley's good Illinois Steers, which it is very hard to make av. 8c. on 6½ cwt., though some of the best sell at 8c. We saw one lot sold at ⅌ 71, that we estimated 8½ cwt., and they were of superior quality.

T. C. Freeman & Co. sold Smith & Vandalsah's drove of 53 good Illinois Steers, average 7½ cwt., at 8c., and 44 do. for Joel Dailey, average 7½ cwt., at the same rates. Both of these droves are very good fat Steers.

J. G. & W. W. Hoag sold 58 good Indiana meal-fed oxen and steers, av. 1 cwt., for E. M. Gwin & Co., at 7½c.

David Barnes sold 79 Missouri oxen and steers for McLean, fat and coarse, estimated by owner at 7½ cwt., which will average less than 8c. on 8 cwt.

Isaac Budling sold for Bordenbacker 31 bulls, this State stock, the average live weight at nominally 7 cwt., say 6½ cwt. net here, at 4½ each.

S. Doty & Co. sold for Miller & Evans, Henderson Co., Ill., mostly of their own feeding, 80 very good fat steers, estimated 7½ cwt. by owner and 1 cwt. by buyers, and av. 8c. ⅌ rounding up.

Charles G. Teed sold 64 for Jas. Pezill, a mixed lot of Ohio Steers, av. about 8c. on 8 cwt., ranging loose.

Jerry Church sold for Sam. Harris 60 good fair Indiana Steers, part Durham grades, at 7½@8c., av. 8c. on 7½ cwt.

Harris & Co. Ill. sold 1 drove of 100 old style Ohio Steers, av. 7½ cwt., a good lot, at 8c., and full at 7½c.

Geo. Aymar sold 15 good smoked Steers by Dect. Colvin, Syracuse, at 7½c. ⅌ lb. av. 8 cwt.

Sam. Shneider & Co. bought 59 Ohio Steers at Baltimore of Warner, av. 7½ cwt., which sold not over 8c., and 38 rough Illinois Steers, bought at Albany of Wood, sold at 7c. ⅌ lb.

Barney Bertram has a very good drove of 101 head of fat old style Ohio Steers and grade Durhams, owned by James Pezill, and estimated at 7½ cwt., average selling at 8½c. About 8c. is the price, and probably as many more at 8c. We noticed one lot of 12, not over 7c.

John Bryant, sells 35 for Stearly, at 8@8½c., on uneven weight lot, average about 8 cwt., Ohio Durhams and common stock.

Capt. Vail has 60 of Ed. Phillips' Iowa Oxen and Steers, fat, but rough, estimated at 7½ cwt., average by owner, but won't sell at 8c. on the weight. The tall sold at 7c., and the top bold at only 8½c., and will average about 7½c. on 7½ cwt., say $54 each.

Joseph H. Williams has one of the late droves in market—41 head of remarkably well fed, fat, smooth, pipe Ohio Durham Steers, which he bought of John Moss, at $82, which was supposed a very high figure, but he retailed them at a little over $95 each. This drove was fed by John Sneaf, who learned his trade of Abe Miller, Pickaway County, who must look well to his reputation or the journeyman will beat the master. The success with this drove may well encourage all young feeders.

Mr. Williams also sold for his brother, Isaac N., 54 Illinois common stock Steers, av. 7½ cwt., at 7½@8½c ⅌ lb.

Scanlon & Lostenbach, bought of Conger at Albany, 76 Illinois Steers, to cost 8c. delivered here, and expect to net 9½c. at retail.

Thos. Wheeler sells 68 for Pratt & Reid, very good Illinois Steers, av. 7½ cwt., and about 8½c. ⅌ lb.

T. Hunter has 49 Missouri Oxen and Steers, owned by Stacey & Beach, estimated at 7½ cwt., selling at 7½c.

Ed. Leughman sold for Wm. Renick, Ohio, 44 Steers and Oxen, av. 7½ cwt., and 8½c. Some were pretty good at 8½c.; 14 of the tall sold at 8½, av. 8 cwt. ⅌ lb.

D. G. Culver sold at fat, rough Ohio Oxen, for Rice, estimated to av. 8 cwt., at 8½, and 10 very fine grade Durham Oxen, which he bought of the same, av. 11 cwt., and 9½@9½ each.

SALES BY BROKERS, PARTLY AT DRIVERS AND PARTLY HERE.

Sage & Pickering sold 51 for a party who has a natural dislike about seeing his name in the paper when he loses money on the purchase of State swallowing, which sold at 8@7½c. ⅌ lb. If bought lower, the case might have been different and he made money. Also, 32 for L. Stone, good Illinois Steers, sold at 8c., and 20 lots a stock of 50 per Pope, coarse Illinois Steers and Steers, at 7½c. on 6½ cwt.; 45 for J. M. White, green Ohio Steers, at about 7½c. on 6½ cwt. Also, 90 very good Illinois fat Steers and Oxen, average 7½ cwt., bought of Wood at 8½c. sell slow at 8½@8½c. ⅌ lb. and may average ⅌ 60.

W. E. Dudley sold for Foot & Malcolm 31 Illinois Steers, average 6½ cwt., at 8c., and 30 for Briggs & Fox, State Steers, Oxen and Cows, at 8@8½c.

S. O. Woodruff sold for M. Rowland, 34 coarse rough Illinois Oxen and Steers of 8½ to 10 cwt., at 7½@c., and 14 for N. Wells, Ohio Steers, at 7½@c., and 19 for Thos. N. Loughin, good fat Iowa Oxen and Steers, at 8@8½c.

Beach & Bray sold for George Bently 89 rough, fat Iowa Oxen and Steers, at 7½@c. ⅌ lb for Chester & Allen, Illinois fat Steers and Oxen, at 7½@8½c. ⅌ lb for Green, Illinois fair Steers and Oxen, at 7½@c.

Silas A. Dawson sold for H. Brown 32 rough Iowa Oxen, Stags and Steers, of 8 to 9 cwt., fair quality, at 7½@c., 16 for Carroll, Erie County, Pa., good Steers and Heifers, average 6 cwt., at 8½c.

Phelps & McMahon sold for Smith & Chandler 17 Michigan Oxen and Steers, at 8c., and 16 for Kirkwood, Illinois Steers, at 7½@
