SUCCESS in BUSINESS.
No business can be truly successful which is not founded on a real fitness of things. The article made or sold must have intrinsic merit and supply a public want. Success leaning from the clap-trap of advertising, or the tricks of trade, or mere pretension and display, will be only apparent and, in the end, but deceive the operator and those who trust him.
But if an article supplies a public want and fairly meets its reasonable expectation, its success and general adoption is merely a question of time. It may be retarded by adverse influences or sped by propitious gales, but in the end is sure to win.
HUMPHREYS' HOMEOPATHIC SPECIFICS had their origin in a great public want—medicines for all the wants of enlightened life—ourselves that father, mother, nurse, or traveler could always have by them, and always rely upon—so simple that mistakes could not be made in their selection, so harmless that all might use them with impunity, and so efficient that all might rely upon them with safety. Such they have proved. Thousands of families use them daily for all the ailments and sickness of life, and rarely are seriously sick, or have need to call a physician.
Thousands, taking some single Specific, have cured themselves of chronic diseases which have been the bane of their lives, and upon which they have spent hundreds in vain, and among the million who use them, none are found to question their purity or efficacy.
But as no good is found without its evil, and no genuine coin without its counterfeit, so, under the shadow of HUMPHREYS' SPECIFICS, a number of toadstool "specifics" and "remedies" have sprung up whose chief office is to bear involuntary testimony to the value of the original. All these ephemeral productions are but the froth which success throws to the surface as unwholesome and worthless.

THE FLORENCE NIGHTINGALE OF THE NURSERY.

The following is an extract from a letter written by the Rev C. Z. Wiesser, to the "German Reformed Messenger," at Chambersburg, Penn.

A BENEFACTRESS.

"There is a woman in the public eye, whose name had all along been associated, in our mind, with the 'Yankee,' 'Quack,' and 'Humbug.' But it is so no longer, and we desire to wrest her name from all such suspicious association in all other minds. Whatever notions we may have of womanly delicacy and propriety, we will admit that woman alone is the Nurse—the GOOD Nurse—the BEST Nurse. Whether we shall have female physicians or not is a question which must be decided by time and principle, and not as a matter of taste. Pride, prejudice, caprice, and custom may as well behave themselves, for if there is really a want there will also be a supply—if there be a 'call' there will be a 'coming.' Nature and Human Society are always self-supplying, and though Art and Fashion may hinder, they cannot prevent.

"Mrs. Winslow does not want to treat you, gentlemen! no does she prescribe a regimen for your wives; but modestly appears as a messenger of health and happiness to your INFANTS in the cradle. Is there anything improper in that? A nurse of 'ten years'' experience can boldly say what is or is not good for a babe—and ought to be listened to. God speed her on her humble but happy mission. She is the most successful benefactress our little one ever enjoyed—her darling parents not excepted. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the nursery. Of this we are so sure, that we will teach our 'Susy' to say, 'A BLESSING ON MRS. WINSLOW,' for helping her to survive and escape the griping, colicing, and teething siege. We confirm every word set forth in the Prospectus. It performs precisely what it professes to perform—every part of it, nothing less. Away with your 'Cordial,' 'Paregoric,' 'Drops,' 'Laudanum,' and every other narcotic, by which the babe is drugged into stupidity, rendered dull and idiotic for life!

"We have never seen Mrs. Winslow—know her only through the preparation of her 'SOOTHING SYRUP FOR CHILDREN TEETHING.' If we had the power we would make her, as she is, a physical savior to the infant race."

HIGHLY IMPORTANT TO MOTHERS.—MRS. WINSLOW'S SOOTHING SYRUP is the only thing that you can rely upon to give rest to yourself, and relief and help to your infant. MRS. WINSLOW'S SOOTHING SYRUP has been the means of restoring the drooping spirits of many mothers.

This is the season of the year to use MRS. WINSLOW'S SOOTHING SYRUP.

To every mother who has children suffering from any of the complaints incident to this period of teething, we say do not let your own prejudices, or the prejudices of others, stand in the way of the relief that will be sure—yes, absolutely sure—to follow the use of MRS. WINSLOW'S SOOTHING SYRUP.

Druggists everywhere now keep MRS. WINSLOW'S SOOTHING SYRUP for children teething. No medicine in the United States sells like it. It is a standard medicine, and its fame world-wide. Physicians order and use it wherever its magical effects have been witnessed.

During the thirty years of unprecedented and increasing popularity of MRS. WINSLOW'S SOOTHING SYRUP, innumerable "CORDIALS" and other nostrums, prepared by pretended M. D.'s, have sprung up and lived but a mushroom existence, while the SOOTHING SYRUP has been constantly increasing in popularity, and become a household word, and thousands of mothers thank Mrs. WINSLOW for the health of their children by the use of her invaluable article.

When the present race of "Cordials" have followed in the footsteps of their "illustrious predecessors," MRS. WINSLOW'S SOOTHING SYRUP will continue to be a popular favorite and a blessing to every mother.

SATURDAY, April 13—P. M.

Stocks were generally rather lower at the First Board, to-day, but the decline was by no means equal to anticipations in the street; and, notwithstanding the excitement and intense anxiety everywhere displayed in regard to matters in Charleston, there was nothing like panic in the operations. One of the most remarkable features of the day was the firmness in Federal stocks, which were taken freely at about the prices of Thursday and Friday, and were strongly held during the day. Virginia and Missouri State stocks went down about 2 ⅌ cent, but were in good demand at the decline. The most important share transactions were in New-York Central, which opened at 73, against 74¼ at the close of Friday, and sold down to 72¾. The decline in other stocks was about in the same ratio, but the lowest points touched were not under the quotations of Thursday before the actual commencement of hostilities, and there was a tone of steadiness throughout, quite in contrast with the feverish feeling outside in regard to the political troubles of the country. It is quite probable that the market owes much of its present firmness to the fact that the effect of actual hostilities had been discounted by stock speculators, who having oversold on the expectation of disturbing events were ready to buy in for delivery at the decline. At all events the stock market has appeared to be less agitated by the exciting news of yesterday and to-day, than upon some comparatively trifling occurrences. At the Second Board the market was dull, and somewhat irregular, but the changes from this morning were not important. An attempt to depress United States 6s of 1881 was made by offering them down on seller's option contracts, but the cash price was well sustained at the close. The patriotism of the Board displayed itself in a decided bias, when the efforts to bear the Federal stock were made. After the Board, there was not much business doing, but generally the quotations were a fraction higher. The closing prices were as follows: United States 6s, '81, reg., 99¾@99¾; Tennessee State 6s, 70@70¼; Virginia State 6s, 67¾@68; Missouri State 6s, 58¾@58¾; Pacific Mail Steamship Company, 77@77¼; New-York Central Railroad, 72¾@72¾; Erie Railroad, 23½@24; Hudson River Railroad, 39@40; Harlem Railroad, 13¼@13½; Harlem Railroad Preferred, 35@35¼; Reading Railroad, 35@35¼; Michigan Central Railroad, 48¼@49; Michigan Southern and Northern Indiana Railroad, 14@14¼; Michigan Southern and Northern Indiana Railroad Guaranteed Stock, 31¼@32; Panama Railroad, 110@110¼; Illinois Central Railroad, 68@68¼; Galena and Chicago Railroad, 68¼@68½; Cleveland and Toledo Railroad, 29@29¼; Chicago and Rock Island Railroad, 48¼@48½; Chicago, Burlington, and Quincy Railroad, 68¼@69¼; Illinois Central 7s, 1st mortgage, 94@95.
