NEW YORK MARKETS.

The Stock Exchange.

New York, June 19.—The local stock speculation again today followed the initiative of London. Cables from that center were higher, and purchases were made also in this market to a moderate extent. The amount of business was smaller than on Thursday, and only a few of the leading stocks were conspicuous in point of activity. The initial gains were more pronounced on specialties. Sugar gained 1 per cent. The extreme weakness which followed marked advances were not sustained, owing to realizations. The general market ruled without special feature, and the early showing of strength was succeeded by a reactionary movement around midday, which caused recessions below yesterday's final sales. This condition ruled only temporarily, as values later gradually appreciated to near the previous highest points. Railway bonds were quiet and without special feature, except in a break of 2½ in Brooklyn elevated firsts and 2 per cent. on Oregon Improvement consol fives. The general tone was firm, and some slight gains were scored in the more active speculative issues. The sales were $1,010,000.

Governments were irregular, but the market closed fairly steady, on dealings of $112,000.

Money and Exchange.

Money on call, easy at 1½@2 per cent.; last loan 2, closed 1½@2 per cent; prime mercantile paper, 4@5 per cent. Sterling exchange steady, with actual business in bankers' bills at $4.88¼@4.88½ for demand and $4.87¼@4.87½ for sixty days; posted rates, $4.88@4.88½ and $4.89@4.89½; commercial bills, $4.86¼.
