WEDNESDAY, June 19—P. M.

The improved feeling of yesterday continued to-day, and quotations had an upward tendency. The shorts took in considerable amounts of stock, and did not offer their options with any freedom. The improvement in the market seems to be based upon the strong position occupied by the Government, aided by the successes in Missouri. There is also a general impression that propositions for peace will come before the July Congress for consideration; and, although there is but little confidence felt that any basis of arrangement can be arrived at yet, the bare anticipation has a favorable influence upon the market. The bulk of the street operators are now interested for the rise, and the advancing tendency of the market will continue until these parties undertake to sell out. The advance in shares was quite general, and ranged from a ¼ to ¾ ⅌ cent, with a large business in New-York, and Illinois Central and Galena. In Border-State stocks the business continues large, and the market had an improving tendency. Tennessees improved ¼ ⅌ cent; Missouris ¼ ⅌ cent, and Virginias were steady. Between the Boards the market was moderately active and firm. Central sold at 74¾; Galena, 61¼; Rock Island, 36½; Toledo, 24½; Hudson River, 32¼; Michigan Central, 42½; Illinois Central, 66½, &c. At the Second Board there was a larger business than usual done, and a moderate improvement on the prices of the First Board was established. Shares advanced ¼ to ½ ⅌ cent, and with the exception of North Carolinas, State stocks are better. Missouris were in large demand under the feeling that that State will now be certainly kept in the Union, her disloyal officers having run away, and advanced to 39¼ against 38 yesterday. Tennessees advanced ¼ ⅌ cent, and after the Board rose again ¼ ⅌ cent higher. North Carolinas, however, were heavy and have fallen 2 ⅌ cent to-day on sales of $18,000. There is a better demand for Government securities and quotations at the close are firm. A sale of $50,000 Sixes, 1881, was made at 83¼. The 5's of 1865 sold at 85¼@86¼. In railroad bonds there was very little done, and in bank stocks nothing. At the close in the street the market was firm but not active at the following quotations: United States 6's, 1874, 81@84; Tennessee 6s, 36@36½; Virginia 6s, 40@41; Missouri 6s, 39¼@39½; Canton Co., 81; Delaware and Hudson Canal, 79@80; Pennsylvania Coal, 76@78; Cumberland Coal, 4½; Pacific Mail Steamship Co., 66@66½; New-York Central Railroad, 74¼@74½; Erie Railroad, 23¼@23½; Hudson River Railroad, 34@32½; Harlem Railroad, 9½@10; Harlem Railroad Preferred, 24@24½; Reading Railroad, 33½@34; Michigan Central Railroad, 43½@44; Michigan Southern and Northern Indiana Railroad, 11¼@12; Michigan Southern and Northern Indiana Guaranteed Stock, 25@27; Panama Railroad, 107@107½; Illinois Central Railroad, 66½@—; Galena and Chicago Railroad, 61¼@61½; Cleveland and Toledo Railroad, 24¼@24½; Chicago and Rock Island Railroad, 36¼@36½; Chicago, Burlington and Quincy Railroad, 55@57; Illinois Central Railroad, 89½@90.

The amount of business in foreign bills for this steamer was not large, but rates were firm at the close. Sterling are 105@105½, with some parties asking 106. Francs 5.40@5.35.

The Receiver of the La Crosse and Milwaukee Railroad gives notice that he will pay on presentation at his office in Milwaukee, with exchange on New-York, the coupons of the First Mortgage bonds, Eastern Division, payable 1st May, 1861; also coupons of the bonds issued by the City of Milwaukee in aid of the La Crosse and Milwaukee, and the Milwaukee, Fond du Lac, and Green Bay Railroads, payable 1st September, 1860, and 1st March, 1861. This road shows a large increase in earnings the present season. The comparative statement is as follows:

	May, 1860.	May, 1861.

Efforts are making to reorganize this road after the plan of the old Milwaukee and Mississippi road, which is now known as the Milwaukee and Prairie du Chien Railroad Company. The same parties who reorganized the latter Company are now turning their attention to the La Crosse. The plan is substantially that adopted by the other road, and provides for a

7 ⅌ cent mortgage over the whole road for	$2,460,000
First-class preferred 7 ⅌ cent stock	1,500,000
Second-class preferred 7 ⅌ cent stock	1,000,000
Common stock	2,440,000
Making the whole capital and debt	$7,400,000

On this sum it is claimed the net earnings will pay 7 ⅌ cent interest.

The earnings of the Milwaukee and Prairie du Chien road, for May 1, were:

	1860.	1861.
Passengers	$14,242 49	$17,024 71
Freight	41,651 86	88,948 07
Miscellaneous	2,988 18	7,188 85
Total	$58,882 49	$113,161 63

Increase, $54,279 24.

The business of the Clearing-House was $13,512,000. The Philadelphia Mint sent over to-day about $450,000 of gold returns, having sent nothing yesterday. This is about one-half the capacity of the Mint. The Tradesmen's Bank will remove on Monday next to the new banking-house No. 291 Broadway, corner of Reade street. We noticed some days since the refusal of the Merchants' and Traders' Bank of New-Orleans, under advice of the Attorney-General of Louisiana to allow the transfer of some its stock which had been sold by a Northern holder. The party to whom the stock belonged has attached the funds of the bank in this city, in the hands of Messrs. Matthew Morgan Sons, to abide the issue of a New-York trial on the merits of the case. It is rumored in the street that a new mortgage of half a million of dollars is about to be executed by the Harlem Railroad Company. There is abundant security for such a mortgage and we presume the proceeds are to be used in paying off the over-due unsecured bonds, and the disbursements necessary in removing the depot to Forty-second street new buildings, &c.

We have received the following card from the Washington Insurance Company:

OFFICE WASHINGTON INS. CO., No. 54 Wall street, NEW-YORK, June 19, 1861.

To the Editor of The N. Y. Tribune.

SIR: We observe a notice going the rounds of the Press "that the Washington Insurance Company is closing up its business and cancel g its outstanding policies." As there are numerous companies of that name in the United States, and as the paragraphs referred to do not specify the locality of the company, we beg leave to inform your readers that it is not the Washington Insurance Company, No. 54 Wall street, New-York. The Washington Insurance Company of New-York, is possessed of a bona fide capital of $400 000, with a handsome surplus securely invested, and doing a prosperous fire and inland navigation business.

WM. K. LOTHROP, Secretary.

The following gentlemen were elected directors of the Logansport, Peoria and Burlington Railroad, at a meeting held in this city: Chas. L. Frost, Chas. A. Secor, Samuel Gilman, Adolph Rusch, New-York; John P. Brown, Portland, Me.; W. A. Willard, Valentine Dewein, Geo. C. Bestor, Wm. H. Cruger, Peoria. The following resolution was adopted:

Resolved, That the amendment of the charter of this Company, passed at the regular session of the State of Illinois, changing the name of this corporation to that of Logansport, Peoria and Burlington Railroad, be, and the same is hereby accepted and approved.

The St. Louis Republican of the 17th inst. says:

Several military gentlemen, in a well appointed carriage, paid a visit to some of our banks yesterday. Their object is not known of course to the uninitiated, but it seems that they have some idea that they ought to know how the account stands between the State of Missouri and the banks aforesaid. What they propose to do is still wilder conjecture, some people thinking that it foreshadows an intention to pay the July interest, by hunting up all the means which can be used for this purpose. If this be so, we thank them kindly. At the Bank of the State of Missouri, it is hinted that all they wanted was to find out the amount of stock held by the State in that institution—a thing which is matter of public notoriety; but as that stock may be sold to pay interest, the question is not inappropriate. There is yet margin enough to provide the money, and it is to be hoped these philanthropic gentlemen will go on in the good work.

The New-Orleans Bank statement of the 8th shows the following changes:

Dec. in loans	$487,559	Dec. in circulation	$93,930
Dec. in specie	69,596	Dec. in deposits	624,261

The total amount of specie on hand in the banks was $15,237,631, and the rates of coin to every debt stood at 81-100 ⅌ cent.
