THIRTY PER CENT PROFIT ON SPECULATION EVEN GREATER PROFIT ON INVESTMENT

We have a single tract of approximately 850 acres of rich, Chatahochee river bottom land, situated in Stewart county Georgia, within twenty five miles of Columbus, which we will sell for SEVENTY per cent of what adjacent farm lands are selling for now. Of this entire plantation, there is one portion of about 300 acres which we would sell separately. Of this smaller tract there are 150 acres cleared and under cultivation now; the balance about 150 acres is in woodland. On the entire plantation there are fifteen tenant houses, barns and necessary outbuildings, and one large eight room dwelling house. The Seaboard Airline railroad runs through this place, and there is a shortcut on the farm. There are 40 acres of nut bearing Pecan trees on the plantation at present. This is a very desirable plantation, and to a practical farmer of good determination, some means, and who is not afraid of the work necessary in the management of such a plantation, this offers the opportunity of a lifetime.

Only one reason for offering this magnificent plantation at such a tremendous sacrifice is this: a personal one, and we will give it to all interested parties privately.

We will pay the expense of a trip to Stewart county if the investor, or his family, buy the tract of land or any part of it. There are quite a few Anderson county people, living in Stewart county at the moment.

Some of the most gifted musicians of the city will furnish the program, and there will also be a selection in the negro dialect by Dr. W. H. Fraser. This will be a most attractive and enjoyable feature of the program. Later during the social half hour a dainty menu will be served.

Beautiful Shower for Miss Harris.
The lovely home of Mrs. O. B. VanWyck was the scene of a beautiful social event yesterday afternoon, when Miss Elizabeth VanWyck and Wilhelmina Pant entertained in honor of Miss Floride Harris.

In beautiful accord with the near approach of the Christmas season, the handsome rooms were filled with holly, with many Christmas bells everywhere, while tall vases of red carnations added their fragrant beauty to the brilliant scene.

After being greeted by Mrs. T. R. Shuford, and Mrs. O. B. VanWyck, the guests were ushered into the front drawing room where the two hostesses and the pretty honor guest received. Miss Jean Harris and Miss May Ligon were also in the receiving line. Each was charmingly gowned and carried a bouquet of carnations and roses.

It was a miscellaneous shower and each guest brought a dainty gift for the fair bride-elect. After all had gathered Santa Claus appeared with his pack of toys and gathered up the numerous red stockings suspended from the beautiful old fashioned mantel, he sought out the bride and presented her with the gifts, fairly loading her with these lovely presents. Each gift bore an attractive little verse of good wishes.

Delightful refreshments were served later and ended this beautiful occasion. Others assisting in entertaining were Mrs. William Overman, Mrs. Mary Keith and Mrs. Foster Fann.

Musical Tea Postponed.
The Musical Tea which was to have been given at the residence of Mrs. Bonham for the benefit of Robert E. Lee chapter, U. D. C., has been postponed on account of the death of an honored member, Mrs. J. H. Wakefield.

HELD CONFERENCE WITH GA. OFFICIALS

SUPERVISOR KING AND COMMISSIONER MCGEE WERE PRESENT

IS PRELIMINARY

Matter and of Course Nothing Definite Was Accomplished—Be Special Tax Levy.

Supervisor J. Mack King and County Commissioner J. Lawrence McGee went to Brown's Ferry on the Savannah river yesterday morning where at once they held a conference with Hart county officials about the building of the bridge which was recommended by the Anderson county grand jury a few weeks ago. Other gentlemen from both sides of the river were present.

Of course nothing definite could be settled at this meeting and the question still remains in a preliminary state. The Hart county officials stated that their county would be ready with the funds any time that this county was. In order for Anderson county to raise this money, an extra tax levy will have to be made by the legislature, and it is understood that the members of the county delegation favor it. It is probable that this levy will be so fixed that it will extend over three years so that the taxation in any one year will not be so heavy.

It is impossible to estimate correctly the cost and size of the bridge until a site is decided upon. The proposition as it now stands is that a 16 foot bridge be built, which will be about 30 feet from the water line in normal times. The length of the bridge will depend on the length of the approaches, which of course cannot be estimated until the location is known.

JOSH PRUITT HOME DESTROYED BY FIRE

EIGHT ROOM HOUSE WHICH WAS LOCATED IN MARTIN TOWNSHIP

LOST ABOUT \$1,500

Seems That Flames Started From Stove Flue and Quickly Spread Over Building.

The handsome home of Mr. Josh Pruitt, son of the late M. E. Pruitt, was destroyed by fire in Martin township yesterday about noon. The loss has been estimated at \$1,500 with \$800 insurance on the house and \$100 on the furniture.

When the flames were discovered they had practically covered the interior of the top of the house. Mr. Pruitt's sister had been preparing dinner and Mr. Pruitt was in the house waiting on his mother who is ill. Nothing was saved. An effort was made to get the piano out of the house but this failed. It is thought that the fire started from the stove flue.

The house contained eight rooms and was a two-story structure.

Two Prosperity Boomers.

John H. Patterson, as head of the great National Cash Register Company, says The Chicago Banker, held a congress of his salesmen from every state. He was so impressed with their stories of prosperity everywhere that he has spent \$200,000 in one month, telling the glad tidings in every town and hamlet in the land. He is king of prosperity boosters.

J. Howard Ardrey jumped from a little town in Texas to Dallas, and from Dallas to New York, to be vice president of the National Bank of Commerce. He boosted for his little town and became its leader. He boosted for Dallas and landed the Federal bank. The rest was a result.

Queer Economy.

Incognito comments upon the queer ideas some people have of economy are illustrated with the following overheard conversation, in the Cleveland Plain Dealer:

"I'm going to take the sleeper from Cleveland to Columbus, tonight."

"Why don't you take the 7:40 in the morning? That will get you there in time for the conference at 11."

"I'd rather take the sleeper."

"But why?"

"I like to get my shoes shined for nothing."

Too Much Speed for the Job.

Senator Robert Wagner of the New York state senate, wears an amused smile while he relates some of his experiences with stenographers says The National Monthly.

"One morning I was dictating a letter to a new one, the second one in seven days. Not that the first one was discharged because of incompetency." Mr. Wagner hastened to say, "but because she was too good."

"This young woman came to me well recommended, and when I dictated a test letter, I found her unusually rapid and accurate. Accordingly, I employed her, on the spot. She applied herself conscientiously to her work, and I decided that I had at last found a real treasure. But the shock was yet to come.

"I was dictating an opinion in a complicated controversy, and it was absolutely correct in every word and phrase. This was the third draught I had written, in fact. At one place I interrupted myself and addressed the stenographer.

"Am I speaking too fast for you, Miss Freeman? Are you following me and getting my words down correctly?"

"Oh, yes, I'm getting them all right, she replied. In a somewhat superior fashion, and you don't speak anywhere as fast as I can take. In nearly 20 words ahead of you now!"
