AYER'S SARSAPARILLA,
FOR PURIFYING THE BLOOD,
SPEEDY CURE OF SCROFULOUS DISEASE.

During late years the public have been misled by large bottles, pretending to a quart of Extract of Sarsaparilla for $1. Most of these have been frauds upon the sick, for they not only contain little if any Sarsaparilla, but often no curative properties whatever. Hence the bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, and the same fate is justly despised and has become synonymous with imposition and cheat. Still nobody doubts the intrinsic virtues of Sarsaparilla when they are properly secured and combined for a medicine. It is only worthless preparations of it that have disappointed the sick, by failing to afford the expected relief. Here we have a compound that does not fail. Every single patient who has taken it without benefit! Find a single case where the use of it was adapted to that it does not reach!! Read the following certificates from the great numbers we receive of those who testify to the cures it does cure, and you will have still better evidence of its power to cure you. Give it a trial.

CHICAGO, 12th November, 1859.

DR. J. C. AYER—Respected Sir: I should be wanting in common gratitude if I did not acknowledge to you what your skill, or more accurately speaking your Extract of Sarsaparilla has done for my wife. She has been for some years afflicted with a humor which covered her skin in the Autumn and Winter with a loathsome eruption, which she could not touch or scarcely look upon, and which defied the skill of our physicians. Your Extract has cured her, and she has been free from it ever since, to the great surprise and gratification of her friends, who had seen her so long afflicted that they had ceased to hope for her recovery. Its effect upon her was so decidedly beneficial and so unlike other medicines she had taken, that we were at last induced to try it, in the hope that it would at least afford her some temporary relief. We were not disappointed in the result, but were agreeably surprised at the speedy and permanent cure which it wrought. Her health is now good, and we attribute the change to the use of your Extract. Respectfully yours, &c. [illegible]

NEW-ORLEANS, Oct. 3, 1859.

DR. J. C. AYER—Dear Sir: I am urged by my wife to report to you such a case of the cure of her daughter by your Sarsaparilla as she thinks your duty to the public should make known in the way in which we can make you any acknowledgement of your gratitude to us. My little girl, eleven years old, has had Scrofula sores on her ears, neck and arms for three years. They were much of the time very distressing, and grew so bad we feared they would kill him. At first a swelling would appear in the glands of the neck, then in some part of the body, which would break and make a running sore which would not heal. They became very loathsome and often painful; the disease stopped her growth and seemed to undermine her health, so she became feeble and sickly. We tried Physicians and their skill did not good. A clergyman in our neighborhood, who had seen some remarkable cures by your Cherry Pectoral, advised us to try your Sarsaparilla, and we did. The results showed symptoms of healing in about two weeks; in two more they had healed, and in two months the child was as sound as any body. He now enjoys perfect health. If any of the disorders about him that we can discover, or you of the disorder about him that we can discover, be a parent, you may well believe that we shall not [illegible] you, Sir, as one who will ever be your friend. Very truly, your humble servant,

JNO. W. BATES.

STEELE'S CROSSING, Talladega Co., Ala., 4th Aug., 1859.

DR. J. C. AYER, Lowell, Mass.—Sir: I take my pen to tell you what your Sarsaparilla and Cathartic Pills have done for me. I have been afflicted with Liver Complaint for six years, during which time I was never well and made out the time very sick. My liver was so to the touch, and the doctors said congested. I suffered from severe costiveness and Diarrhea alternately. My urine was cloudy; my eyes and skin of a yellow. Occasionally I had a voracious appetite, but generally none at all. A dreadful sensation of oppression on my stomach, with languor and a feeling of sickness all over kept me in anguish. I cannot tell you how much I suffered from an indescribable feeling in my bowels. The long continuance of this condition, without relief, had worn me out so that I never expected to be better; but reading in The Christian Advocate of your Sarsaparilla and taking it with occasional small doses of your Pills to move the bowels, as you direct. From the first it had upon my disorder than I supposed anything could. My health rapidly, and now after eleven weeks, I feel as healthy and strong as any other man. May the God of all good shower blessings on you.

SYPHILIS AND MERCURIAL DISEASE.

NEW-ORLEANS, Aug. 25, 1859.

DR. J. C. AYER—Sir: I cheerfully comply with the request of your agent to report to you some of the effects I have realized from your Sarsaparilla.

I have used it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful. In the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat which were commencing to slough away, and the top of his mouth. Your Sarsaparilla, with a course of Iodide of Potash, cured him in five weeks. Another was afflicted with ulcerous symptoms on his nose, and the ulceration had eaten away a considerable part of it, so that I believe the bone would soon reach his brain and kill him. But it yielded to the action of your Sarsaparilla, the ulcers healed, and the nose, of course, without some disfiguration of the face. A young man had been treated for the same disorder by mercury, suffering from this poison in his bones. They had become so sensitive to the weather that on a damp day she suffered great pain in her joints and bones. She, too, was cured by your Sarsaparilla in a few weeks. I know of no medicine which your agent gave me, that is the preparation of our laboratory must be a great remedy; consequently, its remarkable results with us have not surprised me.

Generally yours, G. V. LARIMER, M. D.

FITS, EPILEPSY, MELANCHOLY, NEURALGIA.

Many remarkable cures of these affections have been made by the silver-tongued tonic, which tones the vital energy of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which have baffled all other means, and which no other medicine can reach. Such a remedy has been needed by the necessities of the people, and we are glad to know that it will do for them all that medicine can do.

MOTHERS.

There is an advertisement in this number of our paper to which we wish to call your special attention. We do so, not because we are paid for doing it—for the proprietor has not so much as requested us to do so—but from the fact that we sincerely believe it does many interests you and your children to know what is there announced. We refer to thirty years' experience of a female physician in the shape of Mrs. WINSLOW'S SOOTHING SYRUP for children teething.

Tens of thousands of children die yearly during the process of teething, and hundreds of thousands barely escape death, to pass a life of suffering, diseased in body and enfeebled in mind—all of which results from a disorganization of the system during the process of teething. Mrs. WINSLOW, in her profession, has had an opportunity to witness much of this suffering, and has prepared a medicine to meet the case—simple, yet effective and safe. JUST THE REMEDY NEEDED.

We know it acts like magic, giving almost instant relief to the little sufferer—having witnessed the most pleasing results from the use of it in a great number of cases. No discovery in medicine for the last hundred years will compare with it in its benefits to the race, in our opinion; and the name of one female physician, at least, will be immortalized by this medicine.

A LADY OF THE FIRST RESPECTABILITY WRITES:

DEAR SIR: I am happy to be able to certify to the efficacy of Mrs. Winslow's Soothing Syrup, and to the truth of what it is said to accomplish. Having a little boy suffering greatly with teething, who could not rest, and at night, by his cries, prevent any of the family to do so, I purchased a bottle of the Soothing Syrup, in order to test the remedy; and when I found it acted according to the directions, its effect upon him was marked; he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since, and now will pass through with comfort the excruciating pain nothing by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children should possess it. MRS. H. A. ALGER.

TIMELY WARNING.

Every mother should be prepared to act in the capacity of both nurse and physician to her children; she can, if she will, discharge the duties much better than any one she can employ. Therefore, she ought to know that there is a medicine prepared by a skilled nurse and female physician, which has stood the test of many years, and is the most perfect thing on earth for teething; it also cures Wind Colic, Dysentery, Diarrhœa, and is sure to regulate the bowels. We say to every mother, do not let your own prejudices, or the prejudices of others, stand in the way of the relief that will be sure—yes, absolutely sure to follow the use of Mrs. WINSLOW'S SOOTHING SYRUP.

A PERFECT CHARM.

Mrs. WINSLOW'S SOOTHING SYRUP certainly does, as the name implies, "soothe" the little sufferers into a quiet, natural sleep, from which it awakes invigorated and refreshed. And for the cure of Dysentery and diseases incident to the period of teething, such as Diarrhœa, Wind Colic, &c., &c., we have never seen its equal.

We have always been, and still are, opposed to the practice of dosing children with nostrums. THIS ARTICLE HAS NO DELETERIOUS EFFECTS, and from our own experience (we speak advisedly), we have every confidence in it, and can heartily recommend it to all mothers. Take our advice—use it—and you will be strongly recommended to others as we have to you.

THIS IS THE SEASON OF THE YEAR when children are most certain to be afflicted with dysentery and diarrhœa. MRS. WINSLOW'S SOOTHING SYRUP is a never-failing remedy for those diseases, and will give immediate relief to all pain and distress incident to the process of teething. Every mother should provide it for her children.

DRUGGISTS EVERYWHERE NOW KEEP MRS. WINSLOW'S SOOTHING SYRUP for children teething. No medicine in the United States sells like it. It is a standard medicine, and its fame is world-wide. Physicians order and use it, wherever its magical effects have been witnessed. Millions of bottles of Mrs. WINSLOW'S SOOTHING SYRUP are now used every year in the United States for children teething, with never-failing success. Relief is immediate, and certain.

Mrs. WINSLOW'S SOOTHING SYRUP is sure to regulate the bowels.
