WHEREAS, the LINDELL HOTEL COMPANY, by its deed, dated the first day of December, eighteen hundred and fifty nine, and recorded in the Recorder's Office of St. Louis County, in Book No. 231, at page 402, and also by its other deed, dated the said first day of December, 1859, recorded in Book No. 230, page 336, conditionally of and supplemental to said first deed, did convey unto WILLIAM M. MORRISON, EDWARD BREDELL and FRANKLIN A. DICK, the following described real estate situated in block No. 126 of the City of St. Louis and described as follows:

First: A lot or parcel of land fronting two hundred and seventy-one feet on Washington avenue by one hundred and fifty feet in depth, and bounded south by Washington avenue, east by Sixth street, north by the north line of the said lot confirmed to Joseph Tillon, and known as survey No. 1,503, and west by Seventh street. *Second*: A certain lot or piece of ground situate in said block, containing about seven by four feet, be the same more or less, on Sixth street, by one hundred and thirty-five feet deep on Green street, be the same more or less, being lot known and designated on the plat of the lots laid out and made an addition to the town of St. Louis, by William Christy, as lot No. 37, bounded on the west by No. 38 as laid out by Christy, on the north by Green street, on the east by Sixth street, and on the south by the lot herein first described, which said conveyances were made to said Morrison, Bredell and Dick, in trust to secure the payment of certain bonds therein described amounting to four hundred thousand dollars, being eight hundred bonds of five hundred dollars each, payable in ten years from the first day of December, eighteen hundred and fifty-nine, to Peter Lindell or bearer, with ten per cent interest, payable semi annually, from that date, all payable at the Bank of Commerce in New-York, and whereas among other things it was provided in said deeds that if the interest upon said bonds, or any part thereof, should become due and remain unpaid for thirty days after the maturity thereof, then then by reason of such default the said bonds should forthwith become due and payable, notwithstanding said bonds may not appear on their face to be due, and whereas said Lindell Hotel Company has, as is believed, negotiated, sold and pledged six hundred and sixteen of said bonds, amounting to three hundred and eight thousand dollars, upon all of which the semi-annual interest becoming due on the first day of June, eighteen hundred and sixty-one, has been due for more than thirty days, and is still unpaid, although some or all of it has been demanded.

Now, therefore, we, WILLIAM M. MORRISON, EDWARD BREDELL and FRANKLIN A. DICK, Trustees, as aforesaid, at the request of many of the individuals and corporations holding said bonds, and in accordance with the provisions of said deeds will, on the twenty-second day of October, eighteen hundred and sixty-one, and between the hours of eleven o'clock in the forenoon and five o'clock in the afternoon of that day, at the east front door of the Court House in the city of St. Louis, Missouri proceed to sell the above described premises and property for cash, at public vendue, to the highest bidder, in order to pay to the holders of said bonds the amounts due thereon, and any amounts or charges that may be payable under the provisions of said deeds, together with the expenses of the trust.

ARRESTED FOR FELONY.—Capt. Gorsuch of the Armstrong Guards, who shipped the arms belonging to the State, to Tennessee, was arrested yesterday for felony, at Portland, by Officers Lambourne and Slater, and is now confined in jail, awaiting his trial. This promises to be a most interesting case. The State law, in relation to embezzlement by any officer in authority, is very severe, and the evidence, we understand, is perfectly complete. Gorsuch is certain of conviction. A great many similar crimes have been committed, but this is the first test. [Louisville Democrat.

ANOTHER REBEL PAPER STOPPED.—A gentleman from Bucyrus (Ohio), reports an assault upon the office of *The Bucyrus Forum*, one of those pestilent Secession sheets which are a stench in the nostrils of all decent men. A good Union Democrat walked into the office, revolver in hand, saying, "I am going to clean out this dirty concern," and commenced throwing the type out of the window. Nobody interfered and he accomplished his purpose and walked away unmolested.

MONDAY, September 9—P. M.

The heaviness of Saturday afternoon in the Stock Market was succeeded this morning by activity and buoyancy, especially in shares. Nothing having occurred at the seat of war to disturb the growing confidence of operators for a rise, they have commenced the work of taking cash stock and short sellers' options freely, while the firmness of the market has been aided by purchases of the shorts to cover maturing contracts. The bears have had an unfavorable season for the last week or ten days, and have been for the last few days taking in stock to a considerable extent to save themselves from greater losses. The short line of the street must have been recently largely reduced, while the bears have found it very difficult to carry forward their interests excepting on very short time. The principal activity in shares to-day was in New-York Central, Galena, and Toledo. Central sold as high as 73¾, an improvement of ¼ ⅌ cent. Galena opened at 69, and under the demand from the shorts for cash Stock ran up to 69¾, with a difference of ¼ ⅌ cent for ten days sellers' options. Toledo was steady at ¼ ⅌ cent advance, and Rock Island improved ⅜ ⅌ cent. Pacific Mail was heavy, and declined 1 ⅌ cent. Erie was firm, and under small sales advanced to 25¾. At the Second Board the market without activity, was very firm in Western shares, but reacted ¼ ⅌ cent in Central and Hudson River. Cash stock of Galena was in demand, and was 69¾ bid at the close, against 69¼ on Saturday. Toledo was 30¼, the morning price, and Rock Island 44¼—an improvement of ¼ ⅌ cent. In State Bonds the business to-day was comparatively small, excepting in Missouris. The quotations show no important change from that ruling on Saturday. The dealings in Government securities were not to large extent, but the quotations were strongly sustained. The Sixes of 1881 are ¼ ⅌ cent higher. The demand for Treasury Notes, 6 ⅌ cent, was good, and they sold at 98¾. At the close in the street, the general market was inactive but very firm at: United States 6s, 1881, registered, 89@89¼; United States 5s, '74, coupons, 80@80¼; Tennessee State 6s, 44@44¼; Virginia State 6s, 54@54¼; Missouri State 6s, 43½@43¾; Delaware and Hudson Canal Company, 85@86; Pennsylvania Coal Company, 75@76; Cumberland Coal, preferred, 4¼@6; Pacific Mail Steamship Company, 78¼@79; New-York Central Railroad, 73¼@73¾; Erie Railroad, 25¼@26; Hudson River Railroad, 33¼@33¾; Harlem Railroad, 10¼@11; Harlem Railroad, Preferred, 25¼@26; Reading Railroad, 36@36¼; Michigan Central Railroad, 43@43¼; Michigan Southern and Northern Indiana Railroad, 14@14¼; Michigan Southern and Northern Indiana Guaranteed, 30¾@31¼; Panama Railroad Company, 109¼@112; Illinois Central Railroad Scrip, 67¼@68; Galena and Chicago Railroad, 69¾@69¾; Cleveland and Toledo Railroad, 30¼@30¾; Chicago and Rock Island Railroad, 44¼@44¾; Illinois Central Bonds, 7s, 92¼@93¼.

The foreign bill market is firm for Sterling with a fair demand. Bankers ask 107¾@108.

Freights—Rates are firmer at the close, owing to the scarcity of small vessels. To Liverpool: 40,000 bush. Corn at 10@10½d., in bulk; 3,500 bbls. Flour at 2s. 4½d.@2s. 6d., the inside rate to fill; 28,000 bush. Wheat at 10½d., in bulk, and 11d.@11½d. in ship's bags; 2,450 boxes Cheese at 35s.@45s, the latter rate taken by the Dreadnaught; 350 pkgs. Butter at 35s. To London: 2,000 bush. Wheat, in ship's bags, at 13d.; 20 hhds. Brandy at 35s.; 10 tuns Oil at 37s. 6d.; 10 do. Whalefoots at 35s. To Glasgow: 300 bbls. Flour at 3s. 3d. To Havre: 50,000 bush. Wheat, in shipper's bags, at 23c., and 2,000 bbls. Flour at 80c. The charters include a brig to a direct port in Ireland, with Grain on private terms; the bark Staples with heavy Pipe Staves to Marseilles, at $45, and a brig of 250 tuns to Cadix with light Pipe Staves, at $40.

The business of the Sub-Treasury was: Receipts, $975,762 44—for Customs $7,600, and for Treasury Notes $427,000; Payments, $763,560 49; Balance, $13,307,111 71.

The earnings of the Toledo and Wabash Railroad for August were:

1861	$137,222 54
1860	122,764 97
Increase	$14,457 57

For the last week of August the earnings were $57,540 13, being the largest of any single week in the history of the road. *The Cincinnati Gazette* says:

During the past few weeks the demand for cars along the route has greatly exceeded the ability of the Company to supply, and the amount of freight now offering or awaiting shipment is without any precedent. Had the equipment of the road been as large as required, or as could have been successfully employed, the revenue of the past month would not have fallen below $250,000.

The earnings of the last week of August on the Milwaukee and Prairie du Chien Railroad were:

From passengers	$6,718 89
From freight	26,694 14
From sundries	1,814 98
Total	$35,428 01
Corresponding week in 1860	15,057 17
Increase	$20,370 84

The applications at the Sub-Treasury for the National Loan continue to be very numerous, and to-day include a large number from the country, showing that the appeal of the Secretary of the Treasury is having its due effect. The amounts asked for are not large, but the aggregate of the day is about $450,000. The advices from all parts of the country in regard to the loan are encouraging. The patriotism of the people, it is evident, can be depended upon. At Cincinnati the list was opened at the Custom-House on Friday, and the first subscription was $50,000 by a leading banking house. At Hartford the State Bank has taken $80,000 for itself and others, and at Philadelphia and Boston the subscriptions have been large.

It is understood that the Secretary of the Treasury is about to draw for another installment of 10 ⅌ cent on the loan, but the draft has not yet reached this city.

The Sub-Treasury has redeemed to-day $1,500 of the demand Treasury Notes, received here from the West, where they have been put out in considerable amounts. One lot of $20,000 has been received by a banking house in the street. It is understood that the Western banks will discourage the circulation of these notes, and force them home for redemption, but we doubt if this unpatriotic course will be persevered in. If twenty or thirty millions of these notes can be kept afloat, it will be a great help to the Secretary of the Treasury in carrying on the public service, and they will furnish the best possible currency for the people of the West, and take the place of the stump-tail with which they have been afflicted.

The Bank Managers held a meeting to-day, but no action was had excepting to assume that portion of the loan which was awarded to the Greenwich Bank. The President of that bank has addressed the following letter to Mr. Cisco:

GREENWICH BANK, NEW-YORK, Sept. 6, 1861.

J. J. CISCO, esq., Assistant Treasurer U. S.—*Dear Sir*: I have received from your office this morning the inclosed receipts which do not belong to this bank. I did not pay any part of the draft drawn by the Secretary of the Treasury, on the Chairman of the Treasury Note Committee of the associated banks, for $3,500,000, dated Sept. 1, 1861. But I deposited $10,200 to the credit of the Secretary, on the same terms and conditions as the two previous deposits, and now demand similar receipts that will entitle me to receive the Treasury Notes.

The Committee in question is not authorized to act for the bank, either in paying for or receiving the Treasury Notes. The amount standing to the credit of the United States on the books of the bank is subject to the order of the Secretary of the Treasury, in whole, or in part, at any moment; or will be deposited with you, at the request of the Secretary, upon your giving the same receipt as you give to all other parties.

Respectfully yours, B. F. WHEELWRIGHT, Pres.

This matter, in a nutshell, is simply that the Associated Banks, of which the Greenwich is one, agreed that the fifty millions of Treasury Notes taken by them on the 19th August should be held in trust by a Committee. Mr. Wheelwright now requires that his portion shall be delivered by the Sub-Treasurer to him.

Mr. Cisco deserves credit for saving the country $1,500 last week by refusing to honor the draft of Parser Gallagher for that amount. Gallagher was arrested at Washington on Friday as a defaulter. Mr. Cisco, from a very slight suspicious circumstance, took the responsibility that day of refusing to pay his draft.

The United States Marshal of this district has directed Messrs. Duncan, Sherman & Co., the transfer agents of the New-York Central Railroad Company in this city, to transfer no more stock standing in the names of Southern citizens, nor to pay any dividends to such holders.

The annual meeting of the stockholders of the Hartford and New-Haven Railroad Company will be held at the office of the company, in Hartford, on Wednesday, the 18th of September inst., at 2 o'clock p. m., to accept the merger of the Middletown Extension Railroad Company, and for the choice of Directors for the ensuing year. The annual meeting of the stockholders of the New-York, Providence and Boston Railroad Company will be held at their office in Providence, on Tuesday, the 24th September next, at 10½ o'clock a. m.

Messrs. Thompson Brothers, No. 2 Wall street, are offering for sale New-York State and United States securities in amounts to suit. The Thompsons are among our heaviest dealers in Treasury notes for investment and Custom-House uses.

The business of the Clearing-House to-day was $20,813,000.

The advices by the Africa show a very active and advancing Cotton market, and a further improvement in Consols. Breadstuffs were heavy.

The Atlantic Fire Insurance Company of Brooklyn has declared a semi-annual dividend of $5 ⅌ share, payable on demand.

The Boston Traveller says that "the receipts of Massachusetts railroads are swelling up again, as business increases. The greatest loss this year to the railroads has been from the almost entire cessation of local freight traffic. The through freight traffic has been pretty fair all along."

The Bank Statement of weekly averages shows a decline of nearly two millions in the loan line, occasioned mainly by the reimbursement of Treasury Notes from the sales made to the public at the Sub-Treasury. The specie line is well sustained under the payment of two installments, together $5,600,000, on the National Loan, and a declining average last week. The actual amount, however, in bank to-day is still less, not reaching $40,000,000. The Banks have lost in the aggregate about $11,000,000 in gold in paying up $11,000,000 on the loan, the public at the same time having paid up $4,500,000, most of which came from the Bank vaults. The deposits show a large falling off in consequence of the reduction of the Government deposits by the payment of installments. The mercantile deposits have also largely decreased, a considerable amount having been withdrawn by individuals and correspondent banks for payment into the Sub-Treasury.

The following is a comparative statement of the condition of the banks of New-York City, August 31 and Sept. 2:

	Sept. 2.	Aug. 31.	
Loans	$139,158,220	$141,061,494	Dec. $1,903,274
