Proposals.

NAVY AGENCY, No. 39 Nassau st., New-York, Sept. 21, 1861.

NAVY BEEF AND PORK.—SEALED PROPOSALS, indorsed "Proposals for Beef," and "Proposals for Pork," as the case may be, will be received at this office until 12 o'clock noon on Saturday, the 28th day of September next, for furnishing and delivering free of all cost and risk to the United States, at the Navy Yard at Brooklyn,

300 barrels of Beef.
500 barrels of Pork.

To be packed in half barrels, and delivered within thirty days from the date of the acceptance of proposals.

The Beef, Pork and Brine to be of the quality and description invariably required for the use of the Navy (except that the iron hoops be dispensed with), and be subject to the usual inspection of the Navy Yard.

Every offer must be accompanied by a written guaranty, signed by one or more responsible persons to the effect that the contracting undertake that the bidder or bidders will, if his or their bid be accepted, enter into an obligation immediately, with good and sufficient sureties, to furnish the articles proposed for. This guaranty must be accompanied by the certificate of the United States District Judge, District Attorney, Collector or Navy Agent, that the sureties are able to make good their guaranty. No proposal will be considered unless accompanied by such guaranty. I. HENDERSON, Navy Agent.

PROPOSALS for ARMY STORES.—Proposals will be received by the undersigned at his office, No. 7 Bowling-green, until 4 o'clock p. m. on THURSDAY, the 26th inst., for supplying for the use of the United States Army the following Subsistence Stores, viz:

2,415 barrels first-quality Mess Pork, full salted, 200 lb. meat.
150,000 pounds first-quality smoked Bacon Sides, slip covers, packed in tight boxes of about 3½ lb. each.
30,000 pounds first-quality smoked Bacon Shoulders, shank cut off close to the bricket, slip covers, packed as above.
30,000 pounds first-quality Smoked Hams, slip covers, packed as above.
5,025 barrels first-quality Southern or St. Louis Flour.
2,000 barrels first-quality Western Flour.
2,250 bushels prime-quality White Beans, Peas, or Split Peas, in ordinary barrels, thoroughly cooped and in good order.
30,000 pounds of prime rice, in clean, bright, split barrels.
2,000 pounds of prime No. 4 Hominy, in clean, bright, split barrels.
20,000 pounds of prime Rio Coffee, raw, in clean, bright, split barrels.
2,000 pounds of prime Rio Coffee, roasted, in clean, bright, split barrels.
3,000 pounds of good-quality Black Tea, one-half Oolong, one-half Souchong.
15,000 pounds of refined light yellow Coffee Sugar, or the best quality, clean, dry, hard sugar, in ordinary well-cooped barrels.
6,000 gallons of good Cider Vinegar, put up in iron hooped barrels.
10,000 pounds first-quality Adamantine Candles, to be sixteen ounces to the pound, one-third to a dozen thirds 12s.
3,000 pounds first-quality Sperm Candles sixteen ounces to the pound, one-half 12s and one-half 12s.
40,000 pounds good hard Brown Soap, full weight.
750 bushels good, clean, dry fine Salt, in strong, tight, well-coopered barrels, thirty-two quarts to the bushel.
4,000 gallons good Molasses or Syrup, in barrels or half barrels, with four iron coops.
16,000 pounds first-quality Dried Apples, in tight barrels.
150 barrels of double rectified Proof Whisky, barrels to be of the best quality for containing Whisky, with four iron hoops, to be gauged and marked as shall be required.
35,000 pounds dessicated potatoes.
25,000 pounds dessicated mixed Vegetables.
1,000 gallons mixed Pickles, in 10-gallon kegs, as for the Navy Stores.

To be ready for delivery in any part of New-York City on the 4TH OF OCTOBER, and shall be so delivered without cost to the United States.

Small samples in labeled boxes to accompany the proposals, when practicable. Separate proposals will be required for each article, in which reference must be made to their proper samples.

Certificates of inspection will be required for all Meats and Flour, certifying, on the part of the seller, their present quality and condition. The seller's name, with date of purchase, required on each package.

Two iron hoops on each barrel of Pork. Boxes to be wood-strapped. Affidavit of Coffee-roaster required as to the identity of roasted Coffee with sample.

Bidders may propose for the whole or any part of each article.

All the stores will be carefully inspected before their delivery, and carefully compared with the retained samples.

Each bid must contain a copy of the printed advertisement to which it refers, and must also have the signatures of two responsible sureties, guaranteeing the fulfillment of the obligations of the bidder, in case any part of his proposal shall be accepted.

Proposals must be indorsed "Proposals for Subsistence Stores for the Allied States Army," and must be sent with samples to my office, M. R. MORGAN, Capt and Com. Sub., U. S. A.

TREASURY DEPARTMENT, WASHINGTON, Sept. 3, 1861.

PROPOSALS FOR REVENUE VESSELS.—The Department will receive proposals, accompanied by models, plans, and specifications, until 12 o'clock, MONDAY, 30th September, 1861, for the complete construction and equipment of two Steam Screw Revenue Vessels of 75 tons each, and of three Steam Screw Revenue Vessels of 600 tons each, United States Government.

Proposals will only be considered from successful steamship builders actually engaged in that business and the name of the marine steam-engine establishment at which the steam machinery is to be made must be stated, and will have due weight.

The load draft of water of the vessels of 600 tons must not exceed ten (10) feet, and they will be armed with one rifled pivot gun of 9,000 lbs. weight, two 32-pounder guns of 42 cwt., and one heavy navy 24-pounder howitzer on the top-gallant forecastle. The complement for each vessel to be 120 persons, carrying provisions for sixty days, and 2,000 gallons of water in tanks, to be furnished with a condenser for distilling potable water.

The vessels to be schooner-rigged, with flying gaff topsails, square sail, and yard to set flying.

The load draft of water of the vessels of 600 tons must not exceed 8½ feet, and they will be armed each with one rifled pivot gun of 9,000 lbs. weight, two 32-pounders of 42 cwt., and one light navy 24-pounder howitzer on the top-gallant forecastle. The complement for each vessel will be 80 persons, carrying provisions for sixty days, and 2,000 gallons of water in tanks, to be furnished with a condenser for distilling potable water.

The vessels to be schooner-rigged, with flying gaff topsails, square sail, and yard to set flying.

The proposal must be for the hull, spare rigging, sails, and canvas work, must come awnings, hammocks and bags, boats, anchors and cables, tacks, cleats, binnacles, bells, furniture for cabins and mess rooms, cooking apparatus and utensils complete, steam machinery, spare work, coal-bunkers filled with fresh Mountain coal, with all the equipments and outfits of every kind, and in all respects ready to receive her officers, men, provisions, and armament, and at once proceed to sea.

The armament, projectiles, nautical instruments, and charts only will be provided by the Government.

It is desirable to have the highest attainable speed, which must be stated in the offer, together with the length of time it can be maintained, and the quantity of coal that can be carried in the bunkers for that speed, which should not be less than for ten days of twenty-four hours each.

The specifications must describe fully the material to be used; the manner and size of fastenings, the detail of the size, finish, and arrangement of the machinery, and of the various equipments and outfits included in the proposal.

The plans must be working drawings, from which the vessel and machinery can be built, showing the affected space for accommodations, steam-room, magazines, shell-rooms, disposition of coal and convenient stowage must be provided.

It is to be understood that in the contract a guarantee will be inserted of the fulfilment of the condition of draft of water, speed, fuel, satisfactory working of the machinery, and other points required, with a forfeiture in case of failure.

The bidders must state the least time from the signing of the contract or acceptance of the proposal within which they will agree to complete the vessels ready for sea, and deliver them at any ports they may name. The total amount for which they will engage to do all that is required in the foregoing advertisement and to be embraced in their specifications and plans, and the oath must be accompanied by the guarantee required by law that if awarded, they will execute the contract.

Payments will be made at four different intervals as the work progresses, retaining one-fifth (1-5) of the whole amount for ninety (90) days after the delivery of the vessel to repair any defects that may be discovered within that time on trial at sea.

The Department reserves the right to reject the proposals made in conformity with the conditions proposed, which it may consider most to the interests of the Government, and to combine the greatest number of advantages, and to reject any or all of them at its option.

A competent person will be appointed by the Department to superintend the construction and equipment of each of the vessels.

The specifications, plans, and models of vessels not obtaining contracts may be withdrawn by them. A. V. CHASE,

Sept. 10—2kw130Sept. Secretary of the Treasury.

Schuchardt & Gebhard	5,000
Total	£22,000

FIRES.—Yesterday forenoon a fire occurred among a large number of barrels containing Pennsylvania oil, which were lying on the track of the New-York and Erie Railroad, just south of the Jersey City depot. The Fire Department were soon present, and rolled away about 500 barrels, but 40 barrels, worth over $200, and belonging to Richardson & Co. of New-York, were destroyed. It is stated that the fire originated through the carelessness of a laborer in lighting his pipe. While running to the fire hand was run over by engine No. 5, one of the wheels bounding over his head, but providentially without doing material injury.

A fire also occurred yesterday in Wm. J. Stitt's spice manufactory in Washington street, Jersey City, but was extinguished without much damage.

WEDNESDAY, Sept. 26—P. M.

The dealings at the Stock Board this morning were to fair extent, and without important features. The share market was rather weak, with but little disposition to meet the views of buyers on the part of the large holders. The improving appearance of the general business of the country, and the declining rates of foreign exchange, which removes any fear of specie shipments, while the foreign orders for our cereal products continue large, give holders of stocks a confidence in the future, which enables them to resist the attempts of the bears to break down the market. The firmness of Government securities is also an element in favor of the operators for the rise, as indicating the faith of capitalists, the most sensitive class of the community in the ability of the Federal authorities to carry this war to a successful result. The most marked change to-day was in Pacific Mail, which was in active demand at both Boards, and improved rapidly to 86 bid 86½ asked, against 85 yesterday. The business of this Company is now very promising, and its friends have no doubt of its ability to continue the payment of quarterly dividends of 5 ⅌ cent. Panama is also firm, in sympathy with Mail. Central, after hesitating at 73½, advanced to 73¾, the closing price of yesterday. The Western Shares were without important change. The shorts in Galena were troubled to get cash stock, and turned a large lot at 68, seller sixty, taking the stock at 70, cash. At the Second Board the market was very firm, but the transactions were limited in shares. The principal activity was in Pacific Mail, which was not offered below 86½ at the close. The business in State bonds to-day shows no changes of importance. Missouris were heavy in the morning, but the improved tone of the advices from St. Louis brought in buyers, and at the Second Board an advance of ¼ ⅌ cent was established. The demand for Government securities was good, a portion of the purchases being for English account. There was great activity in 6 ⅌ cent Treasury notes, which, under purchases of $200,000 or $300,000, improved to 98¼. At the close, the market was firm but quiet at: United States 6s, 1881, registered, 90¼@90¾; United States 6s, 1881, coupons, 91@91¼; Tennessee State 6s, 43½@44; Virginia State 6s, 51½@52; Missouri State 6s, 43@43½; Canton Company, 8@10; Pacific Mail Steamship Company, 86@86½; New-York Central Railroad, 75½@73¾; Erie Railroad, 25½@25¾; Hudson River Railroad, 33½@33¾; Harlem Railroad, 10½@10¾; do. preferred, 2 @2½; Reading Railroad, 40½@41; Michigan Central Railroad, 41½@42; Michigan Southern and Northern Indiana Railroad, 13½@13¾; do. guaranteed, 31½@31¾; Panama Railroad, 111½@113; Illinois Central Railroad Scrip, 65½@66½; Galena and Chicago Railroad, 69½@69¾; Cleveland and Toledo Railroad, 29½@29¾; Chicago and Rock Island Railroad, 44½@44¾; Chicago, Burlington and Quincy Railroad, 62@62½.

The market for foreign bills is very heavy, and sales of bankers' have been privately made, we have reason to believe, as low as 108 for sterling. The bankers, finding but little demand for their bills, decline to buy commercial signatures.

Freights—To Liverpool: 2,000 bbls. Flour, at 2s. 9d. @3s.; 34,000 bush. Wheat, at 12½d. @13d., in ships' bags; 50,000 bush. Corn, at 12d. @12½d., in bulk and ships' bags; 300 pkgs. Lard and Tallow, at 35s. To London: 1,800 bbls. Flour, at 4s.; 40,000 bush. Wheat, at 13½ @14d., in bulk and ships' bags; 150 tons Heavy Goods, at 42s. 6d. To Havre: 58,000 bush. Wheat, in shippers' bags, at 24c., and 1,500 bbls. Flour, at 85c. A ship was chartered to London, with 25,000 bush. Wheat, at 13½d. @14d., in ships' bags, and two ships to Havre, with 80,000 bush. Wheat, together, at 2c. in shippers' bags, and 3,500 bbls. Flour at 85c.

The business of the Sub-Treasury was: Receipts, $1,137,024 14—for Customs, $11,000; Treasury Notes, $384,000; Payments, $1,419,971 88; Balance, $14,500,877 19.

The National Loan subscription at the Sub-Treasury to-day reaches $385,000, from a very large number of applicants, including an individual subscription of $100,000. The new arrangements for subscriptions are very satisfactory to the public, as it requires but five to eight minutes for the whole operation, from the time of depositing the money until the applicant has his Treasury Note, duly registered, in hand.

The demand Notes are coming in more freely from the West, but are paid out again at the Sub-Treasury to disbursing officers.

There was a very active demand during the day for the Two-year Six-per-cent Treasury Notes, and the dealings in and out of the Board add up half a million of dollars. The market opened at 98, but at the close stood at 98¼. A large amount was bought by speculators, who do not believe the Banks will do so indiscreet a thing as to disturb the conditions of the loan arrangements.

Another call of 10 ⅌ cent has been made by the Secretary on the banks, payable on Friday.

Thursday being a legal holiday, the fast of the President, business will be suspended. The Board of Brokers hold no session, and the banks and public offices will be closed.

A meeting of the Bank Committee with Mr. Mercer of Philadelphia, and Messrs. Haven and —— of Boston, was held to-day, but no result was arrived at on the question of the second fifty millions of the loan. This question will come up on Saturday next.

In money matters there is no change to note. The supply on demand is abundant at 5@6 ⅌ cent on choice collaterals, and first-class paper is scarce and in demand at 6@7 ⅌ cent. Leading paper would probably stand at lower rates, were it not for the tendency of capital formerly employed in the street to investment in the National loan.

There were several large and attractive lines of goods offered to-day under the hammer, but there was less spirit and animation generally. Ribbons of desirable and seasonable styles still meet with a ready sale at good prices, but other descriptions are not so much in demand, and the sales generally drag a little. The sample lots of ribbons were all taken, and many duplicated were placed at good and satisfactory prices. The sale, taken as a whole, was a decided success. Embroideries sold fairly, but there was very little spirit, and the prices were not up to previous sales. A catalogue of French dress goods and shawls were offered. The shawls were all sold, but the other goods were passed in many instances. The sale was not up to the previous of the same styles of goods.

The Great Western and Atlantic Road, which is the broad gauge extension of the Erie toward St. Louis and Cincinnati will be completed to Akron this Fall. It is now graded about half way between the present terminus and that place.

The Galena managers have issued the annexed circular to the first mortgage Bondholders:

OFFICE OF THE GALENA AND CHICAGO UNION R. R. Co., CHICAGO, Sept. 20, 1861.

NOTICE TO HOLDERS OF FIRST MORTGAGE BONDS DUE February 1, 1862.—The holders of $262,000 of the bonds of this Company (Nos. 1 to 262, on blue paper), which were issued for the construction of the "Third Division" of the Road, and become due on the 1st day of February next, are hereby notified that the Company are prepared to extend said bonds for 20 years to February 1, 1862, at par by attaching new sheets of interest warrants, and taking a receipt from the holder.

Applications are to be made prior to the 10th December next, with the bonds at the office of Messrs. Carpenter & Vermilye, No. 44 Wall street, New-York, where all necessary informations on the subject can be obtained.

Holders who do not avail themselves of this privilege, will be paid at the maturity of the bonds.

An ample sinking fund has been provided for the redemption of the whole issue, covered by the 1st mortgage, by the 1st of February, 1862.

Holders of any or all of the remaining issue of the 1st mortgage bonds can have the same extended in the same manner, on applying, with the bonds, at the same place, until further notice. W. M. LARRABEE, Secretary.

At a meeting of the Presidents of the banks of Philadelphia, held on Monday, it was unanimously resolved to take their proportion of the Second Fifty-Million Loan, to be issued on Oct. 15. They were also unanimous in their approval of the policy of issuing the "payment on demand" Treasury notes, which met with so much difference of opinion among the New-York bankers.

By the Persia, Illinois Central shares are quoted 40 @ 1 discount, which is lower. Erie is 21@22. United States Fives, 71@72.

The return from the Bank of England for the week ending Sept. 11 gives the following results, when compared with the previous week:

Rest	£3,718,270	Increase	£4,500
Public deposits	4,565,669	Increase	303,424
Other deposits	13,487,000	Increase	190,807

On the other side of the account:

Government securities	£10,250,840	Increase	£90,000
Other securities	17,372,445	Decrease	325,540
Note reserve held	7,626,885	Increase	352,405

The amount of notes in circulation is £19,852,830, being a decrease of £416,080, and the stock of bullion in both departments is £13,649,402, showing an increase of £531,301 when compared with the preceding return.

Satterthwaite's Circular says:

LONDON, Sept. 13, 1861.

Government Securities.	Price ⅌ ct.
U. S. Loan, 6 ⅌ ct., 1868	80 @85
U. S. Loan, 6 ⅌ ct. Coupon, 1861	90 @95
U. S. Loan, 7 ⅌ ct. 1874	71½@74½
Virginia 6 ⅌ ct., 1866	46½@47½

The market for American Securities continues very dull. The character of the advices lately received from New-York has induced a great amount of distrust, and the disposition to sell appears to increase. Erie shares are offering at 22½, and preferred stock at 43, without meeting buyers. Illinois shares have touched 40½ discount, and Construction Bonds 34½; this price includes the coupon of 6½ due 1st October. In federal and State stocks there is but very little doing.

The London Economist remarks on the money market:

The money market has manifested increased ease throughout the week, and the rate for the best paper has fallen to 2½@3½ ⅌ cent. Although to-day there was a slight increase in the demand, the majority of the transactions were at the former figure, which occasioned bargains even a fraction less. There was an expectation that the bank would have reduced their rate to 3½ ⅌ cent yesterday, and some disappointment was expressed at no change having been announced, especially when the large augmentation in the reserve and bullion became known. On the Stock Exchange there is an abundant supply of capital, and short loans on tolerably secure securities have been obtained as low as 2 ⅌ cent, but this afternoon the usual charge was 3.

The monthly return of the Bank of France shows a decrease in the bullion of £30,000, in the bills discounted of £1,047,000, in the circulation of £30,000, in the Treasury balance of £647,000, in the current accounts of £1,453,000, and in the advances of £32,000.

Consols for money marked as high yesterday as 94, but subsequently reacted to 93½@¾ on the announcement that the Bank had made no alteration in their rate of discount. To-day the opening price was 93½@¾, the favorable bank return causing a slight advance, but the improvement was not maintained, and a reaction ensued to 93¼ on large sales both of Consols and of Reduced and New Three per Cents. Towards the close, however, there was again a better feeling, and the final transactions were at 93½@93¾ for the account. The rise established since last Friday is thus about ¼ ⅌ cent.

The monthly settlement of Consols took place this week, and has been one of the most important for some time past. The market at the commencement was very firm at a further rise, and a considerable additional impetus was given at the announcement that Mr. Augustus Cooper, an operator for the fall, was as much as a million of stock open, and differences amounting to about £25,000, was unable to meet his engagements. The suspension was followed by seven others, and for some time great consternation prevailed. In order to lessen the embarrassment caused by these stoppages, the Committee of the Stock Exchange adopted a resolution, by which a delay was accorded in paying differences till Monday next.

From The Times (City Article), 14th.

FRIDAY EVENING.

The new Sardinian loan was quoted to-day on the Stock Exchange [illegible]. Considerable business is being transacted in consols.

The last price from Paris this evening was 69f 10c., showing a fractional decline.

A further sale of about £60,000 in bar gold was bought by the Bank to-day.

The Senor, Royal Mail steamer from the West Indies, has brought £133,000, of which £45,200 is gold and £88,100 silver.

The gold ships that have left Australia for England, are conveyed by the present mail, are the Sarnia, with £[illegible]; the James Wilson, with £[illegible]; and the Lincolnshire, with £267,000. The Orwell, previously reported with £150,000, is now 90 days out.

The total amount of gold to be sent to this country by the State Bank of Russia, was £[illegible]. Of this a great portion is believed to have arrived within the present week.

The Bank of England bullion is now £517,119, in excess of the highest point previously touched this year, but still about £1,250,000 below the average amount held during the last fourteen years.

The Philadelphia Bulletin of last evening reports:

In monetary circles there is very little doing. But little good paper finds its way among the brokers, and this is readily placed at 6@7 ⅌ cent. The Government 7 3-10 ⅌ cent continues to attract much attention, and large sums, which have hitherto been invested in State Loans, Mortgages and Savings Funds, have been withdrawn and reinvested in it. Business is very quiet, and the fluctuations in prices of goods are comparatively unimportant.

The subscriptions to the National Loan at Jay Cooke's office, to-day, up to 1 o'clock, amounted to about $43,000.

Markets—CAREFULLY REPORTED FOR THE N. Y. TRIBUNE.

WEDNESDAY, Sept. 25, 1861.

ASHES—A fair demand prevails for both descriptions and the market is firm; sales of 37 bbls. at $5 25 for Pots and Pearls.

COTTON—The market has been dull and heavy at our quotations; sales of a few hundred bales; we quote Middling Upland and Middling Gulf at 21@21½c. An invoice of 200 bales has been received per Persia, from Liverpool; further receipts are expected, as there is a good margin for profit between our prices and those at Liverpool.

COFFEE—Rio has advanced, and is in active demand; other kinds are firmer, and in request; sales of 5,500 bags Rio, including 1,000 bags ex Bullion, 7,600 do. ex Lunde Wahl, both at 15c., balance 15¼@16c.; 600 bags Maracaibo at 13½@16c., and 30 do. St. Domingo at 14½c. We quote:
