MONDAY, Oct. 7—P. M.

Operations at the Stock Exchange were resumed this morning with increased activity and buoyancy, and the market was strongly upward in its tendency throughout the First Board. New-York Central and Erie, which appear to be the leading stocks, were both in active demand, the former advancing to 75¼, and the latter to 29¼, on the first call. In Hudson River, Harlem, Michigan Central and Southern the movements were very strong also, and the improvement is more decided in these stocks, partly because they have not previously participated in the upward turn of the market, and partly because the shares are but scantily supplied. Galena was firmer and about ¼ ⅌ cent higher, but for Toledo and Rock Island the tone was less firm, although the transactions were large in the former. Pacific Mail declined to 90¼ on small sales, and Panama was a little lower. There were about the only stocks quoted which show a decline as compared with Saturday's prices. Government securities were ¼ ⅌ cent higher for the loan of 1881, and the bidding for all the issues, both of 5 and 6 ⅌ cent stocks, was more spirited and at improving quotations. The dealings throughout the session and between the Boards were lively, and indicative of confidence on the part of operators for the rise. The bear in most cases seem to have covered outstanding contracts, and if they are not enlisted upon the other side, have for the time abandoned the task of opposing the upward movement. To the purchasers of the short interest in fact does the market owe much of its activity and buoyancy for some days past. At the Second Board the market was still better, and for New-York Central especially, the demand was active, with an advance of ¼ over morning prices. Pacific Mail, Erie, and Galena, were also better, but in other stocks the changes were not important. Toward the close of the session, the market softened a little, and after the adjournment, there was more disposition to sell. The result was a decline of about ¼ ⅌ cent from the highest points, and rather a dull feeling at the close, at the following prices: United States 5s, 1874, 82¼@82¾; United States 6s, 1881, Coupons, 92¼@92¾; United States 6s, Registered, 1881, 92½@92¾; Tennessee State 6s, 42@42¼; Virginia State 6s, 46¼@46¾; Missouri State 6s, 43@43¼; Delaware and Hudson Canal Company, 85¼@86; Pennsylvania Coal Company, 75@77; Pacific Mail Steamship Company, 91@91¼; New-York Central Railroad, 76¼@76¾; Erie Railroad, 29¼@29¾; Hudson River Railroad, 35¼@36; Harlem Railroad, 11@11¼; Harlem Railroad, Preferred, 27¼@28; Reading Railroad, 35¼@36; Michigan Central Railroad, 46@46¼; Michigan Southern and Northern Indiana Railroad, 16¼@16¾; Michigan Southern and Northern Indiana, Guaranteed, 35@35¼; Panama Railroad Company, 116@117; Illinois Central Railroad, Scrip, 66¾@67; Galena and Chicago Railroad, 71¼@71¾; Cleveland and Toledo Railroad, 32¾@33¼; Chicago and Rock Island Railroad, 48¼@48¾; Chicago, Burlington and Quincy Railroad, 63¼@63¾; Illinois Central Bonds, 7s, 88½@88¾.

The Foreign Exchange market has not fairly opened for Wednesday's steamer, and quotations are nominal. We quote Sterling at 106¼@107 for Bankers bills.

The business of the Sub-Treasury was: Receipts, $724,347 27—for Customs, $12,000; for Treasury Notes, $577,919 54; Payments, $2,456,824 67; Balance, $8,896,620 66.

The business at the Clearing-House to-day was $24,274,453 83. In money we have no variation to report. The street balances are kept very well employed, at about 6 ⅌ cent for call loans, and there has been quite an increase of business in the open market since the greater activity in stocks. The subscriptions to the 7.30 Government loan keep pace with the daily returns of last week, and the opening of the agencies in various parts of the country seems to have but little effect in diminishing the applications here. Mr. Cisco reimburses to the banks to-day about $1,600,000 on account of sales at the Sub-Treasury.

At the meeting of the Stock Exchange this morning the death of Mr. James W. Bleecker was announced by the President, with appropriate remarks. Resolutions expressing the respect of the members for their late associate were passed unanimously, and the Board voted to dispense with the afternoon session of Tuesday, in order to attend the funeral. Mr. Bleeker was one of the oldest and most esteemed members of the Board, and in 1826 was its presiding officer. In 1833 he was elected Treasurer, which office he held up to the day of his decease.

The editors of *The Shipping and Commercial List* will publish their annual statement of the cotton crop to-day.

Notwithstanding the depression of business, land warrants amounting to two millions of acres were located during the fiscal year ending June 30th under the act of 1855. The balance of warrants outstanding is very small. About 60,000,000 acres have been surveyed and offered for sale, liable to private entry, and more than 45,000,000 acres additional have been surveyed but not put into market.

The prominent features of the Bank Statement are—a large increase in loans, growing out of the credit to Government on account of the second installment in specie, partly made up by the reimbursements on account of sales at the Agencies.
