
No two styles are quite alike–

THIS is Silk Glove Time—and what a joy to select yours this spring. For novelties in silk gloves are profuse this season. Long silk gloves with fine French tucks, lovely embroidered and fluted styles, gauntlet models with contrast straps, and short gloves in interesting new color originations have added a new charm to spring attire.

There is a feeling of luxury in hands that are gloved in silk—it gives them a grace and slenderness that no other material can give. Comfortable and cool and easy to wash—a real economy. Silk gloves are the most practical for spring and summer wear.

To meet Fashion's varying moods, *Kayser,* the originator of double finger-tipped silk gloves, offer at good stores everywhere a new thought in silk gloves—individuality and variety of style, a color for every costume, and, *of course, the quality you expect in Kayser.*
