BOND NEWS AND NOTES.

There was a generally greater supply of securities in the bond market yesterday, which showed a tendency to sag because of the deadlock in the labor situation and the somewhat disquieting reports regarding the German reparations conference in London. In nearly all cases where a decline was recorded it did not amount to more than a fraction, but this dipping in prices was apparent in virtually every group. Most of the low priced railroad issues were lower from the outset, and although the industrial group was soft in spots, there was no general decline in prices. United States Governments were narrow and dull, the late trend of all issues being lower. In the foreign government division French issues were under pressure, while Japanese first 4½s were up about a point.

Rubber Bonds Sold.

Subscription lists to the offering of $7,000,000 of United States Rubber Company first and refunding mortgage 5 per cent. gold bonds, series A, offered yesterday morning by Kuhn, Loeb & Co. at 90½ and interest, have been closed.

Barcelona Loan Successful.

According to reports from Madrid an issue of 40,000,000 peseta 6 per cent. bonds by the municipality of Barcelona to finance the International Exhibition of 1925 has been successful, due to liberal terms of the loan. The bonds are in denominations of 500 pesetas and are to be retired through drawings extending over fifteen years, beginning in 1928. They are repayable on maturity at 102.

To Offer Whittier City Issue.

An issue of $224,500 of 5 per cent. serial bonds of the City of Whittier, Cal., has been purchased by Blyth, Witter & Co. and will be offered by that firm on a 4.40 per cent. basis.

New Issue Oversubscribed.

The new issue of $1,000,000 of first mortgage 7 per cent. convertible sinking fund gold bonds of Gray & Davis, Inc., which was offered last week by Redmond & Co., and Tucker, Anthony & Co. at 100 and interest, was heavily oversubscribed.

Mississippi 4 3-4s Sold.

Lamport, Barker & Jennings, Inc. announce they have sold an issue of $1,785,000 of State of Mississippi 4 3-4 per cent. notes, due May 1, 1924, at a price to yield 4.25 per cent.

To Retire Chemical Issue.

According to an announcement of the Virginia-Carolina Chemical Company, the company will not call its fifteen year 5 per cent. gold bonds before maturity. Notice is given, however, that holders of these bonds can receive payment at par and accrued interest by presenting the bonds before maturity with all unmatured coupons attached, to the Central Union Trust Company of New York.

New Municipals.

Brandon, Gordon & Waddell are offering $150,000 City of Paris, Texas, 5 per cent. school bonds due August 1, 1960, optional 1930. The bonds are the direct and general obligation of the City of Paris, and are offered at 100 and interest, to yield 5 per cent.

R. M. Grant & Company are offering a new issue of $886,000 Atlantic County, N. J., 5 per cent road improvement bonds, due serially August 1, 1923 to 1937 inclusive. The bonds are legal investment for savings banks and trust funds in New York and New Jersey, exempt from all Federal and New Jersey State taxes, and are offered to yield 1923, 4 per cent.; 1924, 4.15 per cent.; 1925-28, 4.20 per cent. and 1929-37, 4.25 per cent.
