WEDNESDAY, July 16—P. M.

The stock movement of to-day is a repetition of that of yesterday, without the rally at the close. The transactions were to limited extent, and to a large extent for cash. There was no special reason for the continued decline to-day. It appeared to be the natural result of a lack of demand, under which parties who must sell were obliged to make concessions. The continued absence of favorable war items withdraws largely the speculative element from the market, while the disagreement between the President and the Border State Members had a depressing influence, which was increased to-day by the tone of the advices by the Persia in regard to American securities, which were interpreted unfavorably. The result was a declining market for nearly every description. At the Second Board the tone was unchanged, and the shares showed a further decline of ¼ to ½ ₱ cent. The currency inflation theory appears to have no practical effect, and while the condition of the money market is such as in usual cases would fasten speculation, operators appear to be looking to other reasons upon which to base their action, and these at present are not favorable to the rise. A good supply of Government Securities were in the market and prices were weak. Coupon Sixes selling at 99¾@100. The 7.30s sold as low as 102¼, and Indebtedness Certificates at 98¼. At the close the market was dull at: U. S. 5s, '74, 87@87¼; Tennessee 6s, 42¼@49; Virginia 6s, 53@54; Missouri 6s, 46@46¼; American Gold, 117¼@117½; Pacific Mail Steamship Company, 105¼@105½; New-York Central Railroad, 80½@80¾; Erie Railway, 33@33¼; Erie Railway Preferred, 60¾@61; Hudson River Railroad, 43@43¼; Harlem Railroad Preferred, 34¼@34½; Reading Railroad, 54½@55; Michigan Central Railroad, 57¼@57½; Michigan Southern and Northern Indiana Railroad, 23¾@24; Michigan Southern and Northern Indiana Railroad Guaranteed, 52¾@53; Panama Railroad, 128@128½; Illinois Central Railroad, 56@56¼; Cleveland and Pittsburg Railroad, 20¼@20½; Galena and Chicago Railroad, 67@67½; Cleveland and Toledo Railroad, 45½@45¾; Chicago and Rock Island Railroad, 60¾@61; Milwaukee and Prairie du Chien, 31@31½.

There has not been much business in foreign bills to-day, but the rates have been very strong, and were advancing at the close. A leading drawer asked 130 for sterling, and the range was 129@130. Francs are nominally 4.30@4.27½.

Freights are heavy, and rates are somewhat easier at the close, without leading to large transactions. To Liverpool the engagements are: 78,000 bush. Wheat at 13½d., in bulk and bags; 13,000 do., do., at 14d., in bags; 12,000 do. Corn, at 13d.; 5,000 bbls. Flour, at 3s. 7½d.@3s. 9d. To London: 44,000 bush. Wheat, at 13½@14d., in bulk and bags; 12,000 bbls. Flour, at 3s. 10½@4s.; 150 tcs. Lard, at 45s. To Glasgow: 8,000 bush. Wheat, at 14d.; 1,000 bbls. Flour, at 4s.; 20 tuns Oil (Lard or Whale), at 45s. The charters are: A British bark, with 24,000 bush. Wheat, to Bristol, at 14d., in bulk and bags; a vessel to Cork direct, with Wheat, at 14d.; a vessel of 3,200 bbls. capacity, to a Gulf port and back, at $5,000, and a vessel of 1,100 bbls., to Aux Cayes and back, at $1,500.

The business of the Sub-Treasury was: Receipts, $1,583,351 56—for Customs, $333,000; Payments, $2,701,342 53; Balance, $5,958,421 19.

The increase in the New-York Central receipts for the year ending 30th September, next, it is estimated by those well informed, cannot be less than $2,000,000. Under these circumstances, it is confidently anticipated by the stockholders that the Directors, at their meeting in August, will increase the dividend to 3½ or 4 ₱ cent.

Earnings of June, 1861 ..... 430,062 50
Increase $86,126 90

The gross receipts of June, 1862, were about $875,000.

Gold continues to advance, although not rapidly. Double eagles were sold to-day as high as 117¼, and we presume could have been sold at that rate at the close. The Board sales were at 116¾@117. Silver is 112@113, and in good demand. Custom-House Treasury Notes are firm, but do not appreciate as rapidly as gold. They are 107½. The supply from the interior is large, but this cannot continue long. The inquiry for 7.30s is moderate, and they have declined to 102¼@102½. Indebtedness Certificates are 98¾ bid, and 99 asked.

We annex statements made up from official sources, giving the results of the commerce of this port for the month of June, the six months since Jan. 1, and for the fiscal year ending 30th June. These figures are compared with the same period of the previous year, and do not furnish any basis for the present large shipment of specie. The necessity of the drain which is now going on must be sought in other quarters than the Custom-House statistics. Nearly one-half the exports of June, it will be seen, is specie, the amount touching very near $10,000,000. The aggregate imports of the fiscal year 1861-62, were $143,969,247
Exports, same period, exclusive of specie 133,267,582
Excess of imports $10,692,765

against what we have already shipped, nearly $20,000,000 of gold, and are still sending to Europe over two millions and a half per week. Of the imports, as compared with 1860-61, there is a decrease of $15,000,000 in dry goods, 13,000,000 in general merchandise, and $22,000,000 in specie. The aggregate decrease in imports, as compared with 1860-61, is $80,500,000, and with 1859-60, $90,000,000. The exports for the past year, other than specie, are $7,000,000 greater than in 1860-61, and $51,000,000 greater than in 1859-60. The figures are as follows:
