TO CONSUMERS of RICHARDSON'S IRISH
LINENS, DAMASKS, DIAPERS, CAMBRIC
HANDKERCHIEFS, &c.

The unsettled state of the markets for some time past on this side of the Atlantic, attributable to corresponding influences in the United States, and the enhanced value given to Irish linen goods have, through recent unfortunate circumstances, have afforded to unscrupulous dealers another highly tempting opportunity TO COUNTERFEIT OUR GOODS, and knowing the considerable quantities of worthless fabrics, prepared in imitation of our style, and sold with the name of "Richardson," have been stopped this season for the United States, we feel called upon again to CAUTION the CONSUMER against the purchase of any linen fabric offered as "Richardson's" make, not having the full signature of our firm, viz:
J. N. RICHARDSON, SONS & OWDEN.
To those who give a preference to our manufacture, we offer the same guarantees as to quality, soundness of bleach, and durability, our goods now always bear, and while we are determined to protect our interest on this side by proceeding rigorously against infringement of our rights, we trust our American friends will see the advantage of putting down a nuisance, in which they as consumers and we as manufacturers, are mutually interested.
In times like the present, when the cost of importation is so much augmented, it behooves the consumers to see that they get value for their money, and this they are more likely to obtain by dealing exclusively with first class houses, who are always supplied with our goods. Respectfully,
J. N. RICHARDSON, SONS & OWDEN.

Building Materials.

ROOFING SLATE.
EAGLE SLATE COMPANY.
Depot—Corner of 10th-av. and 12th-st., New-York. ADAM PONTON.
Quarries at Hydeville, Vermont. A. K. RYDER, Superintendent.
This Company invite the attention of the public to their entirely and well-known GREEN and PURPLE ROOFING SLATE, which they are prepared to deliver from their Quarries or Depots in all sizes suitable for roofing.
The public are cautioned against spurious and inferior articles which has been represented and sold as "Eagle Slate." A slate roof is preferable to the shingle or tin.
It will pay, for it lasts a lifetime without needing repairs. It is as cheap as tin or shingles. It needs no paint. Rain water from a slate roof is pure; it has no taint of decayed wood or paint. Slate roofs are fire-proof; insurance companies favor them; steam will not affect them.
The slate manufactured by this Company has been extensively used upon the public buildings of the New-York Central, Pennsylvania, and Long Island Railways. Orders addressed as above, or to G. FURMAN, No. 26 Courtlandt-st., New-York, will receive prompt attention.
New-York, March, 1862.
