ROOFING SLATE.
EAGLE SLATE COMPANY.
Depot—Corner of 10th-av. and 12th-st., New-York. ADAM PONTON.
Quarries at Hydeville, Vermont. A. K. RYDER, Superintendent.
This Company invite the attention of the public to their superior and well-known GREEN and PURPLE ROOFING SLATE, which they are prepared to deliver from their Quarries or Depots in all sizes suitable for roofing.
The public are cautioned against a spurious and inferior article which has been represented and used as "Eagle Slate." A slate roof is preferable to tin, shingles or iron.
It will not rot as it lasts a lifetime without needing repairs. It is as cheap as tin or shingles. It needs no paint. Rain water from a slate roof is pure; it has no taint of decayed wood or paint. Slate roofs are fire-proof; insurance companies favor them; steam will not affect them.
The slate manufactured by this Company has been extensively used upon the buildings of the New-York Central, Pennsylvania, and Long Island Railways. Orders addressed as above, or to G. FURMAN, No. 26 Courtlandt-st., New-York, will receive prompt attention.
