MONDAY, Oct. 13—P. M.

The Stock market rallied vigorously this morning from the depression of Saturday, and there was a large demand for the leading shares. The transactions were not equal in volume to those of the movement last week, but the feeling was cheerful and the impression general that the reaction had touched its lowest points on Saturday. The improvement ran through the entire list, but was most marked in Erie, Illinois Central, and the Michigan Roads. There was great firmness on the part of holders, and the advancing bids brought out but moderate lots of stock. The market for Governments was not active, but strong. Gold sold to the extent of $300,000, from 129 to 129¾. Between the Boards the market was strong with a further advance in some of the shares of 1 to 1½. The same buoyant feeling prevailed at and after the Second Board but later in the day there was a reaction of ¼ ₱ cent in some descriptions from the highest prices. Galena sold at 86, an advance of 3 ₱ cent from Saturday. Toledo at 71, an improvement of 3 ₱ cent. Erie touched 58¼ closing at 58. Fort Wayne sold at 62. Michigan Southern 43¾, against 41 on Saturday, &c. Gold went up to 130 and was strong at the close. The market had every appearance to-day of another vigorous speculation for the rise which will carry stocks to higher points than they have yet touched. The closing prices were: U. S. 6s of '81, 104@104¼; do coupons, 104¼@104½; 7.30 Notes, 105¼@105½; Demand Notes, 125¼@125½; American Gold, 130, and still bid; Tennessee 6s, 50@58; Missouri 6s, 54¼@55¼; Cumberland, 14¼@15¼; Pacific Mail, 127¼@127½, New-York Central, 104¼@104½; Erie Railway, 58¼@58¾, with large sales; Erie Preferred, 84¼@84½; Hudson River, 69¼; Harlem, 24¼@24½; Harlem Preferred, 52¼@52½; Reading, 76¼@76½; Michigan Central, 87¼@87½; Michigan Southern, 43¾; Michigan Southern Guaranteed, 81@81¼; Illinois Central, 81¼@82; Cleveland and Pittsburgh, 40¼@41; Galena and Chicago, 86¼@86½; Cleveland and Toledo, 71¼@71½; Rock Island, 92¼@92½.

The market for Foreign Bills is firm to-day, in sympathy with gold. Leading Sterling is 142¾@143. France is 4.00@3.95.

Freights are more active and rates are firmer at the close. To Liverpool the engagements are 120,000 bush. Wheat at 11½d. @12d. in bulk and bags, mainly at 11½d. @11¾d.; 80,000 do. Corn at 11d. @11½d. in bulk and bags; 2,500 bbls. Flour at 2s. 9d. @3s., mainly at the inside rate; 50 tuns Butter and Cheese at 40s.; 150,000 lbs. Tallow at 35s. To London—42,000 bush. Wheat at 13d. @13½d. in bulk and bags; 500 bbls. Flour at 4s. 7½d.; 650 pkgs. Butter and 1,500 boxes Cheese at 50s. To Glasgow—19,000 bush. Wheat at 12½d in bulk and bags. The charters are a Prussian brig with 16,000 bush. Wheat to Cork and a market at 13½d. in bulk and bags; a vessel with 13,000 bush. Wheat to Cork for orders at 13d., and a vessel of 437 tuns to the north side of Cuba on private terms.

The business of the Sub-Treasury was: Receipts, $672,340 71—for Customs, $180,750 10; Payments, $77,056 29; Balance, $8,419,549 79.

The Michigan Central Road earned the first week October:

1862	$67,073 50
1861	64,447 86
Increase	$2,625 64

The earnings of the La Crosse and Milwaukee Railroad were:

	1861.	1862.	
Freight	$[illegible] 14	$100,110 69	Inc....$30,646 55

Total	$112,414 82	$139,151 74	Inc....$25,666 92

The Central Railroad Company of New-Jersey has declared a quarterly dividend of 2½ ₱ cent, clear of the Federal tax, payable Oct. 15.

The earnings of the Chicago and North-Western Railway for the week ending October 7, 1862, were:

From passengers	$8,472 68
From freight	13,329 05
Mails and express	645 02
Total	$22,447 35
Corresponding week in 1861	20,473 48
Increase in 1862	$1,974 07

The total increase for the six months ending October 1, over corresponding period, 1861, $59,122 99.

The Cleveland and Toledo Road earned the first week in October:

1861	$19,266
1862	24,982
Increase	$5,716

The Michigan Southern Road earned in the same time:

1861	$57,620
1862	64,689
Increase	$7,069

The Rock Island Road:

1861	$38,919
1862	35,218
Decrease	$3,701

Earnings of the St. Louis, Alton and Terre Haute Railroad for the month of

September, 1862	$95,969 04
September, 1861	75,316 50
Increase, 1862	$20,654 54

No doubt is entertained of the ability of the company to pay interest on all its bonds, of every kind, as the same shall mature.

The Milwaukee and Prairie du Chien Railroad again shows a decrease in its earnings on the first week of October.

The deposits with Mr. Cisco, to-day, for conversion into 5-20 ₱ cents were $110,000. The deposits of gold on 4 ₱ cent interest, about $50,000. The deposits for conversion would have been much larger, but for rumors that Government was making a negotiation for $40,000,000 of its securities. We have authority for stating that nothing in regard to such a negotiation is known to the Sub-Treasurer here, and Mr. Chase would scarcely take any important step without consultation with his principal financial adviser. That propositions have been made to Mr. Chase, looking to a negotiation of 1881's and 7.30's, we have been aware of for some days, but not to the extent named, and not upon terms acceptable to the Treasury. It is possible that something may yet grow out of the present correspondence with Mr. Chase, but it has yet reached nothing but vague generalities.

Custom-House Notes have been very strong to-day and touched 125¾. The demand was large. Messrs. Livermore, Clews & Co. alone bought and sold $400,000. In Gold the speculation appears to have recommenced, and with large transactions the quotation was 130¼ at the close. The one year Certificates were in active demand, and sold freely at 99¾@100, the latter for those having a large amount of interest accumulated. The 7.30s Treasury Notes are firmer to-day, and are 105¾ at the close.

Messrs. Thompson & Brothers have received a million of Excise Stamps for checks, and applicants can now supply their wants. A portion of the other descriptions will probably be received late in this week or early in the next. ☞Holders of second mortgage bonds of the La Crosse and Milwaukee Railroad are requested to send in their overdue coupons. A settlement has been made with all the contesting defendants in their foreclosure suit, which secures their bonds and interest in full, by decree of the United States Court.

The steamer North Star, from Aspinwall, brings $807,626 California gold.

The shipments of Specie from this port last week were:

Brig Selforino, Paris—Am. gold coin	$20,000
Steamer Scotia, Liverpool—Am. gold bars	603,065
Steamer Scotia, Liverpool—Am. silver bars	4,200
Steamer Scotia, Liverpool—Am. gold coin	267,500
Steamer Scotia, Liverpool—Foreign gold coin	132,700
Steamer Scotia, Liverpool—Foreign silver coin	1,000
Steamer City of Baltimore, Liverpool—Am. gold coin	706,626
Steamer City of Baltimore, Liverpool—Am. gold bars	162,494
Steamer City of Baltimore, Liverpool—Eng. silver	48,800
Total for the week	$2,235,313

The Pittsburgh, Fort Wayne, and Chicago Railway is doing a very large and increasing business, and its capacity to earn handsome dividends on the stock will be fully demonstrated in the results of this year's business. The Fort Wayne Road connects with the Pennsylvania Central at Pittsburgh, and is, with that line, the shortest railway route from New-York to Chicago, by about 75 miles, and must necessarily become one of the most important trunk lines in the country. According to the figures of the year's earnings we printed a few days ago, the net earnings for seven months have been:

Net earnings for seven months	$900,169 24
Estimating the net earnings of the five months remaining at the same rate, viz. $123,600 net ₱ month, the result will be	615,000 00
Net for the year	$1,475,169 24
Interest on debt of $12,935,175, at 7 ₱ cent	905,462 11
Net for stock	$569,707 13
$4,500,000, at 12½ ₱ cent	562,500 00

In the five months estimated are included September, October, and November—the best business months of the year—which must very much increase in net earnings those of the previous months.

There was a better supply of Money on call among the brokers to-day, and the flurry occasioned by the sudden calling in of loans seems to be over. There is but a meager supply of paper in the Street, and the negotiations are unimportant. Short dates go readily at 4 ₱ cent, and the range for 4 and 6 months choice names is 4½@5½. The disturbance in demand loans last week was probably the result of a little timidity on the part of bankers, who became startled at the rapid advance in Stocks, and the increasing balance of September. It had about as much effect upon the market as the sudden pouring of a few buckets of water upon a very large fire.

The weekly statement of bank averages shows the results we have indicated. The expansion of loans in the average is over four and a half millions, and over deposits over five millions; and those figures do not show the full expansion. The increase in the loan line is almost entirely due to the stock movement. In specie the figures show an increase of nearly a million.

The following is a comparative statement of the condition of the banks of New-York City:

	Oct. 4.	Oct. 11.		
Loans	$165,057,113	$169,675,009	Inc....	$4,617,896
Specie	38,325,587	39,263,086	Inc....	937,499
Circulation	9,900,112	9,879,050	Dec....	21,062
Deposits	157,844,771	162,965,264	Inc....	5,120,493
