BLANCHARD'S RELIGION AND POLITICS.—I have demonstrated that Justice, Liberty and Right (hitherto mere twinkling aspirations) can be *realized*. I have shown that perfect happiness (thus far but vaguely hoped for "beyond the skies") is obtainable in this sublunary sphere. I, therefore, as self-evidently rightful Head of the Church and State Universal, command all who suppose mystery for religion and nature, government for law, to cease their fraud and usurpation. If they disobey, I condemn them to the torments of direling self-abasement and participation in their own terrible reflections. My discoveries in THEO-RELIGIO-POLITICAL PHYSICS are set forth in a book of 546 octavo pages. Price $1 62. Sent by mail, post paid.

OF A
COUNTRY PARSON.

By Rev. A. K. H. Boyd, author of "The Recreations of a Country Parson," "Leisure Hours," etc. 1 volume, uniform with the "Recreations." $1 50.

A new volume by the "Country Parson" needs no introduction to American readers. His "Recreations" have been sold by thousands of copies, and have passed into classics, gaining a place in the estimation of the literary world beside the essays of Goldsmith, Lamb, and Hazlitt.

The new volume, "Graver Thoughts," has met with a great success in England, having passed rapidly through Seven Editions.

II.

A PRESENT HEAVEN.

By the author of "The Patience of Hope." 1 vol. 16mo. Price $1.

"The writer is at her best—her poetry at its highest—her vision at its clearest—in her religious writings. She seems to be peculiarly fitted with natural gifts for entering into the hearts of the poor, the suffering, the oppressed, and to be spiritually endowed to walk there with a brightening influence, cheering, soothing, exalting, with words of comfort and looks of love, a kind of Florence Nightingale, walking the hospital of ailing souls."—[London Athenæum.

SPECIMENS of WRAXALL. In a cursory examination of a few pages of the so-called "authorized" translation of Les Miserables, the admirer of Hugo's magnificent genius is amazed to find such atrocious outrages on the English language as these:

Page 19. "France was menaced, and I offered her my chest."

Page 20. "He was frigid towards the settling Napoleon."

Page 23. "An inexpressible respect gradually penetrated you and ascended to your head."

Page 31. "It was the last job she did every night before retiring."

Page 41. "And acted on his soul like certain chemical reagents act upon a troubled mixture."

Page 52. "And she vaguely glimpsed at the possible necessity, &c."

Page 67. "Fantine, at the sound of Javert's voice, trembled, and let go the hasp, like a detected thief lets fall the stolen article."

Page 68. "Fantine stood up against the door, and watched him pass by her in stupor."

Page 83. "It was evident that Providence was interfering. It was she who had broken the tilbury wheel and stopped his journey."

Page 85. "Fantine had knelt up in bed."

Page 85. "Fantine rose and sat up on her heels."

Page 87. "They (barristers) generally express condemnations settled before trial."

Page 89. "He has just committed a fresh robbery, and that is a case of relapse."

Page 89. "An eventuality even offered a glimpse of a death-penalty, should the identity be proved, and he was hereafter found guilty of the attack on Little Gervais."

Page 90. "His client, whom, in his quality as defender."

Page 93. "Why was she not laid in my bed so that I could see her directly I woke."

Page 102. "Violent events of destiny have this peculiarity, that however perfect or cold we may be, they draw human nature out of our entrails and compel it to reappear on the surface."

NOTICES OF WRAXALL'S "AUTHORIZED" TRANSLATION.

"Exceedingly, even wretchedly bad." "Sometimes completely unintelligible." "Slovenly translations abound." "Ludicrous mistranslations occur at intervals throughout; for example, in the third volume we are told that 'M. Gillenormand's entrails were swelled with ravishment,' which conveys the idea of a very dangerous inflammation of the bowels."—[London Spectator, Oct. 25.

"Sometimes offensive."—[London Athenæum.

"Nothing better than a parody." "Errors of exact rendering abound everywhere." [Five pointed out on one page.] "A farrago of unintelligible nonsense."—[London Critic, Nov.

THE "AUTHORIZED" HUMBUG.

A class-mate of Charles Hugo (in a note complimenting Mr. Wilbour, the translator of the American Copyright edition, published by Mr. Carleton, on the spirit and success of that translation), says:

"Mr. Wraxall parades a note of V. Hugo, in which the author invites him 'to adhere to the utmost fidelity in his task.' Mr. Wraxall may have received a second letter from V. Hugo, but that letter he will not parade, I am sure."

"To show his readiness to adhere to the utmost fidelity, he begins by reducing to three parts the five original divisions which are as the five acts of a great drama. Then he omits whole chapters, elegant and phrases here and there like a true butcher, and exhibits all along a holy horror of sparkling thoughts and poetical *traits*.

"The nervous phraseology of Victor Hugo he destroys in a dragging succession of conjunctions, not uncommonly summing up in a heavy period four or five rapid periods of the text.

"His object is evidently to produce a cheap translation and to save paper and printing. He has not the remotest idea of the intent of the book before him, nor the slightest feeling of its beauties. He behaves all through like an ox in a patch of flowers. Indeed, he would almost make V. Hugo ridiculous.

"I was a schoolmate of Charles Hugo at the 'College Charlemagne' of Paris. I have been bred in the admiration of his illustrious father, and it makes me sick to see our great Poet thus presented to the English public under the garb of a tenth rate novel writer."

No authorization by Victor Hugo has been or can be produced, given after he had an opportunity to see this disgusting travesty of his noble work. It is besides a willful abridgement, containing 86 chapters, 114,000 ems less than the original.

THE NEW POEM FOR THE HOLIDAYS.

SALOME,
THE DAUGHTER OF HERODIAS.
A DRAMATIC POEM.

A SECOND EDITION of this POEM will soon be ready.

"The drama abounds in passages which manifest the possession of rare epic power and the loftiest range of poetic imagery."—[N. Y. Express.

"A compound of striking elements with far more both of power and finish than is usual among the poems of the day."—[The Independent.

"A truly superb poem. We seem to feel the inspiration of Goethe and of Æschylus."—[Continental Monthly.

"Power of delineation, strength and beauty."—[Springfield Republican.

"Indeed, throughout, the work is marked with passages of rare beauty. We regard it as an extraordinary production."—[New-Bedford Mercury.

The following expressions in relation to this extraordinary work have been used by some of our best critics whose names we are not now at liberty to make public:

"A very remarkable production."

"The book will work its way to a sensation; there has been no such poetry published in this country nor in England for years."

"It contains passages of thrilling interest."

"It exhibits a very high order of poetical talent."

"Intensely interesting."

"A most wonderful book."

These remarkable works have excited the attention and awakened the interest of the public in no ordinary degree. A competent critic speaks of them in the following terms:

It must be acknowledged that the nobility and harmony of these extracts come from the genuine inspiration which produces what is highest in poetry. And we cannot doubt that these dramas, based upon the most vital human interest of our country, will take a place in its permanent literature. For the will is strong enough to dissolve all shackles of conventional pettiness, and to strike boldly into the essentials of things. Had the graceful narrative of The Obscure Man, and the succeeding poems, been given to the public in the less vivid days when they were written, a fuller recognition would have been accorded them. At present they remind us that our country had once the opportunity of peaceful salvation through repentance, and that salvation is now offered only with the bloody scourge of discipline, and in the bitterness of sacrifice.
