Three Foes of Health

Henry Jones, of Zenas, Ind., says: "My sufferings were almost unbearable, and only persons having been afflicted with this rare and dreaded combination of diseases can imagine what they were like. I was confined to my bed almost all the time. My doctor finally acknowledged that neither he nor any one else could cure me. I would not give up, so tried different medicines, and finally began the use of Dr. Williams' Pink Pills for Pale People. The first box of pills helped me some, and I took some more. The second box began to produce the desired result, and before I had finished the fourth box I was at last a cured man. That was last March, and I have not been troubled with these diseases since."—*From Banner Plain Dealer, North Vernon, Ind.*

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They act on such a wide variety of diseases because they deal with the root of the trouble, for all diseases spring from the blood or nerves. They cure such diseases as locomotor ataxia, partial paralysis, St. Vitus's dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are never sold in loose boxes or by the hundred, but always in packages bearing the trade mark, and may be had of all druggists, or direct from the Dr. Williams Medicine Company, Schenectady, N. Y., 50 cents per box, 6 boxes $2.50.
