MONDAY, Feb. 23—P. M.

The prevailing impression that the result of the Conference Committee will be a further authority to issue legal-tender notes to the amount of two or three hundred millions, and the abandonment of the convertibility clause in the three-year bonds, has strengthened the Stock market, and speculators have taken hold again for the rise with considerable vigor. The bears resisted the market, but not with much energy. There is a very respectable short line now out, and, should quotations continue to advance, the purchases to cover will give a new impulse to the rise. The commission houses appeared to have rather more orders than during last week, showing that the outside operators are coming in again. Governments exhibited some strength, the coupons of 1881 selling at par, and the registered at 99. The Seven-thirties sold at 104¼, which is a further advance, and One-Year Certificates were in demand at 97. In the Share market there was a general advance, with a large business in some descriptions. Pacific Mail advanced to 164¼, an improvement of 2¼ ₩ cent. Erie Common was very active, and sold as high as 78¼, an advance of 1¾ ₩ cent. Hudson River was firm at 98. The business in Southern old was very large, at 62⅝@63¼ against 60¼ on Saturday. Rock Island improved 1¼; Galena 1; North Western ¾; Terre Haute 1¼, &c. At the close the market was steady. At the 1 o'clock Board the market was unusually active, especially for Pittsburg, of which 10,000 Shares were sold, at 69¾@71. At the 2d Board the market continued to be very active. Erie sold freely at 78¾; Pittsburg at 70¼; Central at 119¼. Pacific Mail continued to advance, and touched 167 against 164¼ in the morning. Government Coupons sold at 100¼, a further advance. Seven-Thirties were 104½ and Debt Certificates 97. At the four o'clock call with a fair activity, the market generally was strong. The closing quotations were: United States 6's, registered, 1881, 98¾@98½; United States 6's, coupons, 1881, 100@100¼; United States 5s, 1874, coupons, 99¾@94; Oregon War Loan, half-yearly, 95½@99; United States Treasury Notes, 7.3-10, 104¼@104½; United States 6s, 1-year Certificates, 96¾@97; Demand Notes (old issue), 164½@164¾; Tennessee State 6's, 62½@63; Missouri States 6's, 65½@65½; American Gold, 165¼@165½; Pacific Mail Steamship Co., 166¼@166½; N. Y. The Money market is very easy on call at 6@7 ₩ cent, with some transactions as low as 5 ₩ cent to leading houses. For paper the demand is good at 5@6 ₩ cent for well indorsed. Single name is 7@8 ₩ cent for leading names.

There was a fair business doing in Exchange in the morning at 181@181¼ for Sterling, and 5.10 for Francs, but later in the day the firmness of prices checked transactions. At the close prices were firm in consonance with gold.

The earnings of the Chicago and North Western Railway for the week ending February 14, 1863, are as follows:

Passengers	$6,109 97
Freight	9,222 29
Mail	508 33
Express	252 03
Total	$16,273 67
Same period last year	10,472 23
Increase	$5,801 44

The condition of the Hudson River Railroad shows a development of traffic which is almost without a parallel in the history of railroads in this country. A short time since the stock was the football of the street at about 30, without prospect of dividend, and its best friends had difficulty in holding their faith in its ultimate success. To-day it is a dividend-paying stock, selling at 98, and earning at the rate of 40 ₩ cent per annum dividend. The business of the last four months has been as follows:

October, 1862	$239,816 56
October, 1861	173,150 30
Increase	$66,650 26
November, 1862	$270,602 62
November, 1861	197,261 77
Increase	$73,320 85
December, 1862	$303,571 49
December, 1861	246,232 92
Increase	$57,338 57
January, 1863	$430,033 66
January, 1862	347,330 18
Increase	$82,703 48
Total increase in four months	$313,862 71

The net earnings for the year ending Sept. 30, 1862, after payment of interest and Sinking Fund, were $675,791 87, or about 18 ₩ cent on the stock of $3,770,000. Adding the increase of the above four months, less 50 ₩ cent expenses, and the result of the current year's business, without estimating further gain, would be about 21 ₩ cent net on the stock.

Gold with large transactions has again advanced, and to-day touched a higher point than ever before, 165¼. It advanced with considerable steadiness during the day from 163 to 165¼, and closed at 165¼ bid.

Dispatches from Washington state positively that the Senate will recede from its amendment cutting down the new issue of legal-tenders to $150,000,000, and also that the House will probably consent to make the Three-Year Bonds a legal-tender instead of convertible into legal-tenders. They also state that the Senate and House will probably place an additional tax on whiskey and tobacco, although not asked for by the Committee on Ways and Means.

Demand Notes have sold as high as 164¾, and closed at 164¼ bid.

The Exchanges at the Clearing House, to-day, were $53,142,116.

The bank statement for the week shows no important change, excepting in the continued expansion of the deposit line, which now exceeds $170,000,000. The specie shows a decrease of $500,000. The circulation continues to fall off. Some banks have reduced their issues to a very small amount. The Nassau has out only $11,001; the Manufacturers' and Traders', only $6,882; the Mercantile, only $6,075, &c.

The following is a comparative statement of the condition of the banks of New-York City:
